good cough remedy is one that can be depended upon to cure coughs. Not one that cures some particular cough, but coughs in general.

While the causes of all coughs are primarily the same yet the condition of the patient is what makes the difference in the nature of the cough itself. Coughs of healthy persons are easier to cure than the coughs of invalids. The more powerful convulsive cough of a big man is harder to cure than the cough of a baby. If you get a remedy that will cure a big man's cough and yet not be too powerful for the baby, you have a good cough remedy.

Chamberlain's Cough Remedy

is just this kind of remedy. It is good for any member of the family. It relieves coughs of all kinds. It is composed of things which cure easily and soothingly without harming the delicate tissues of the throat, and is the ideal remedy for coughs, colds, croup, influenza and whooping cough.

To City, Town and Village Dwellers in Ontario

"A vegetable garden for every home"

IN this year of supreme effort Britain and her armies must have ample supplies of food, and Canada is the great source upon which they rely. Greater production is a vital necessity. Everyone with a few square feet of ground can contribute to victory by growing vegetables.

Four Patriotic Reasons for Growing Vegetables

1-It saves money that you would otherwise spend for vegetables, thus being an effective means of thrift, leaving your money free for

purposes more directly helpful to the cause.

2-It helps to lower the "High cost of living." 3-By increasing production your vegetable garden helps to enlarge the urgently needed surplus of produce for export to the motherland and her allies.

-Every dollar's worth of vegetables you grow saves several hours' labor of some worker somewhere whose effort at this critical time should be expended upon producing food for export, or upon other vital war work.

Multiply your effort by the number of available garden plots in cities, towns and villages all over Ontario and the significance of vegetable production as a form of patriotic thrift becomes one of startling importance to the country!
