

An Expert from the Krupp Gun Works Now Located at Toronto Junction.

The Canada Cycle and Motor Co., Ltd., whose reputation for turning out motor cars of the highest class is well known at Toronto Junction, are to be congratulated on the employing of so many skilled experts who concentrate in the production of the one automobile that has been tried and not found wanting. Of the army of six hundred men who unite in the building of the reliable Russell, there are many college trained men who are in a class by themselves; among the latter is Mr. Frank Anderia, late of the celebrated Krupp Gun Works of Germany. Anderia's experience covers a period of 17 years, the bulk of which time was spent in Krupp's employ and other big industrial firms of Europe. Mr. Anderia now operates the newest model Gisholt lathe and his work is the sort that aroused the envy of the science faculty

of Heidelberg, a university that boasts of its monopoly of scientific development and discovery. The many visitors to the 5 1-2 acre Russell factory always stop to watch the clever Anderia at work. His muscular and deft arms seem to be here, there and everywhere at the same time; he is an exceedingly rapid worker, but correct in all the details—every particle of work produced is gauged to the thousandth fraction by special gauges of Anderia's own invention. The lathe operator's great physique, his energetic movements and confident smile that won't come off are alone worth a trip to the factory to see.

The kind of work produced from a Monday night's performance will again show wheels, clutch disks and other heavy high-grade stuff, that go to make a high-grade motor car.

HOLSCHEER WINS HANDICAP SECOND DAY AT BENNING

Fine Weather and Better Racing Than at the Opening—Entries and Selections.

WASHINGTON, March 24.—Although the club offered by the Washington Jockey Club at Benning to-day was in no respect attractive, the sport really was better than it was at the opening of the meeting yesterday. Beautiful weather improved the attentances materially. The track had dried out somewhat, but yet remained a bit heavy. The last event, a handicap at one mile and forty yards, was the best race of the day. The five starters broke well, and it was anybody's race until the turn into the stretch, when Holtscher increased the lead he had got on the turn and won about as he pleased, with a margin of a good second. Campaigner was heavily played, but was unable to do better than third. Tommy Burns, who rode the winner, was given a cordial greeting as he galloped back to the stand.

The good thing of the day was Azure Maid in the fourth. While Billy B. Van was made the favorite, the play on Azure Maid was heavy. McClellan's Jockey, had difficulty in getting her to the barrier, and was thrown back. Azure Maid went straight to the front and won, eased up.
