**PRISONER UNABLE TO SECURE LAWYER FOR CASE**

Consequently the Trial of the Charge of Scott Act Violation Against James Hanley Was Not Heard at Sussex Yesterday.

Sussex, N. B., Aug. 3.—Scott Act affair continues to be lively here. A raid was made Friday evening, July 31, in the building on Peter street, supposed to be run by a man named Doyle. A small quantity of whiskey was found and removed on the premises and a man who gave his name as Henry McKinnon, who was in charge of the building at the time, was taken to the police station on a charge of keeping liquor for sale. He was remanded to Hamilton jail without the option of bail and was taken there this evening by Constable Abell where he will remain until Thursday when his case will be heard before Justice Hornbrook here.

The case of James Hanley, which was postponed from 10 o'clock until 2 o'clock this afternoon, was again postponed until tomorrow morning, because the defendant could not get counsel. A strange thing to say, there was no lawyer in town today, so Mr. Hanley had the option of waiting here in custody of the constable until 8:30 o'clock, when he would be removed to the police station or to the Hamilton jail and wait until Thursday 10 o'clock.

If one feels dull and listless, in the spring or early summer, they call it "Spring Fever." But there is no fever—usually. It is the after effect of our winter habits. The nerves are mostly at fault. Tired, worn-out nerves leave us languid, listless, and without energy or ambition. A few doses of Dr. Shoop's Restorative will absolutely and quickly change all of these depressing symptoms. The Restorative of course won't bring you back to full health in a day or two, but it will do much in the way of restoring you to the normal state of mind and more spirit to the spool than any other known nerve or constitutional tonic. It sharpens a failing appetite, aids digestion, gives sluggish liver and kidneys, and brings new life, strength and ambition. Test it a few days and be convinced. Sold by All Druggists.

Charles Neidham, of the Malden, Mass., fire department, is visiting his father, Geo. C. Neidham, of the I.C.R.

## NOVA SCOTIA'S GIFT TO THE PRINCESS OF WALES

The part that Nova Scotia played in the Queen's celebration, which is the greatest credit on the very thoughtful ladies who planned and carried out so successfully the gift that brought Nova Scotia so very prominently to the front in the eyes of the world for many years.

The gift seemed so appropriate, fashioned as it was from the native products of the province and all made within the province, and the idea of presenting it to the Princess across the sea, was indeed a gracious tribute from the people of Nova Scotia to their future Queen. The magnitude of the royal gift would indeed be a tribute to a throne. A coat of the finest silk, with buttons of finest gold, pearls and amethysts.

The price was, of course, delighted, and will be by the people of Nova Scotia. Mr. W. Cooke of the Dunlop Cooke Co., Ltd., who accompanied the gift to Quebec, returned on Saturday. The presentation was made by Governor Fraser, Premier Murphy and Hon. Wm. Fielding.

After the royal party had ample opportunity of admiring the garment, the Prince summoned Mr. Cooke, and full particulars regarding the gift were rendered by the Prince's secretary. The royal Highness also gave permission to place the garment on view, and notwithstanding that the Chateau Frontenac was crowded, a parlor was reserved for this purpose, and the royal garment shown to the great assemblage of distinguished persons, besides the governors and premiers and members of parliament of the different provinces. Among those who viewed the garment were Lord Strathcona, the Duke of Norfolk, Lord Lovat, Sir Thomas D'Almeida, Vice-President Fairbanks, Lord and Countess Grey.

Byron M. Walker, president of the Battle of the Atlantic Association, particularly requests that all records of the gift be forwarded to him to be preserved with the records of the anniversary of the founding of Quebec.

The following officers accompanied the gift, which seems particularly pleasing to His Royal Highness the Prince, George Albert, Prince of Wales, Duke of Cornwall and Rothesay, Earl of Chester, and Duke of Edinburgh, Baron of Renfrew and Lord of the Isles, Grand Steward of Scotland, Knight of the Most Noble Order of the Garter, etc.

May it please Your Royal Highness: The people of Nova Scotia desire to take advantage of the opportunity presented by your visit to Canada as the central and august figure in the celebration of the Three Hundredth Anniversary of the founding of

## FIVE PEOPLE KILLED KOOTENAY VALLEY FIRE CAUSED BIG LOSS OF LIFE

Huge Car Containing Five Women and Two Children Plunged Down Steep Embankment—Woman Chaffeur Could Not Stop Car.

San Francisco, Cal., Aug. 3.—Five persons were killed and two were injured today near Burlingame, a fashionable suburb, when a huge automobile, occupied by five women and two children, plunged down a steep embankment as the result of the snapping of the brakes. The dead: Mrs. Thomas A. McCormick, Mrs. Clara McCormick, aged 16, Robert O'Brien, son of Mrs. Ira G. O'Brien, Mrs. Ira G. O'Brien, aged 3 years, Mrs. Ethel McCormick, shoulder sprained.

The party had been on a visit to the home of the Princes of Wales, near Burlingame, and was returning to San Mateo where both families have their summer homes. Coming down a steep grade, near Crystal Lake, Miss Ethel McCormick, who was at the wheel, endeavored to check the speed of the car by applying the foot brake. It failed to hold the automobile. The front wheel struck a rock, overbalanced sharply to the left and then plunged down a 35 foot embankment, striking against a large tree. So terrific was the force with which the automobile struck the tree that the occupants were shot out of the car as from a catapult, landing on another road twenty feet below.

Mr. McCormick, her daughter Clara, and infant son of Mrs. O'Brien struck on their heads and were instantly killed. Mrs. Ira O'Brien and her three-year-old son Ira, died three hours later in the Red Cross Hospital at San Mateo.

Mrs. McCormick was the wife of Dr. A. McCormick, president of the McCormick Iron Works of San Francisco, and from there the trainees carried the McCormick of the Keystone Manufacturing Works. Both families are prominent in society circles.

**ARTILLERY INSPECTION**

Major-General P. H. N. Lake will inspect the 3rd "N. B." Regt. Canadian Garrison Artillery tonight at 8:30. In the absence of the regimental band, the commanding officer, the 62nd Regt. has placed their band at the disposal of the artillery and will parade at 8 o'clock. No. 2 Battery will meet at their own shed at 7 p.m. sharp; dress review order—hats, waist belts, pouches and rifles. All members who have been to Quebec will return haversacks to the armory.

**A NEW SALVATION ARMY VENTURE**

Ensign Cornish the "successor" to Adjutant Bowring in charge of the Metropolitan Police, will inaugurate his new labor in the nature of a social and salvage department. A team will work the city every day driven by army men to collect all off articles such as junk, apparel, publications, etc. Those who require clothing can procure the same at a warehouse where the headquarters of the movement will be made and clothing which is unfit to use will be sold to rag dealers. An employment bureau will also be established in connection with the department. The Metropolitan Police is also in progress of renovation.

**THE A. O. H. CONVENTION.**

The ladies auxiliary of the Ancient Order of Hibernians and the home of Miss Gertrude McCarthy made final arrangements for the annual convention on August 25. The assembly room was decorated to hold the convention in. The A. O. H. will hold their convention in these rooms at the same time on the evening of the open day the auxiliary will entertain the local members and visiting delegates. The ladies auxiliary of the A. O. H. also have reserved pews at the High Mass in the Cathedral.

D. M. Condon, of the I. C. R., Moncton, was at the Royal yesterday.

## SIXTY KNOWN DEAD AND NUMBER LIKELY TO BE GREATLY INCREASED—FERTILE, COAL CREEL AND HOMER IN RUINS—PRISONERS RELEASED TO FIGHT FLAMES.

Nelson, B.C., Aug. 3.—The latest news from the Crow's Nest Pass district states that there is a death list of sixty-two which will probably be increased to seventy or eighty, a property loss exceeding \$5,000,000 and about 7,000 homeless people.

Fernie and Michel have been wiped out, and Coal Creek, five miles east from Fernie, is also destroyed. Homer has some ten houses, and the coal company's surface works were destroyed. The powder magazine at Homer exploded, killing one man.

Five blackhead suspects who were in Fernie jail were brought here to Cranbrook and will be brought here. Other prisoners were given their liberty. Two hundred refugees will reach here this evening and will be housed and looked after. Nelson raised \$2,000 yesterday, and sent Ald. McMorris and two cartloads of food and clothing to the scene. Vancouver wired \$5,000, and Spokane rushed in a carload of provisions.

Fernie is in ruins today, only thirty-two houses having survived the disastrous fire which swept the city out of existence. It is not definitely known as yet whether any lives were in the city at the time of the fire, but the finding of several corpses in the neighborhood of the city is reported, and it is feared many have perished in the relentless flames.

The bush fire which was raging in west Fernie in the morning jumped the river about 5 o'clock in the afternoon, striking the south end of the town. Fort Steele brewery was the first to go, and from there the flames carried the whole town. The old town which was soon a pall of smoking embers. At the same time the Elk Lumber Company's mill and Cedar Valley sawmill were in an incredibly short time west Fernie was a seething mass of flames, people fleeing in all directions.

The conflagration jumped the river by the wagon bridge, and set fire to the west end of the town, and the whole town was in a few days and important matters will be dealt with.

Frightened people were thrown off their feet in many cases, trees crashed to the ground, and the whole town was a seething mass of flames, people fleeing in all directions.

**RELIEF ORGANIZATION**

Relief organization was immediately completed when the worst was over and provisions were sent to the town. The Western Wholesale Company, whose building was destroyed, were distributed. Hundreds of women and children were sent to the relief organization, which is certainly a noble thing. The relief organization was immediately completed when the worst was over and provisions were sent to the town.

**THE HUMANOV COMPANY**

MADE HIT AT NICKEL

Moving Pictures and Spoken Lines of the Famous Two Orphans is a Distinct Novelty.

Though it may be truly said that there is nothing new under the sun, yet the thousands who visited the Nickel yesterday afternoon saw a theatrical production which is certainly new outside of that breeding-place of new things—New York. Though always of the first water, the Humanov Company made doubly attractive yesterday by the performance of the famous Humanov Company.

**AT THE PRINCESS**

The reopening of the Princess Theatre yesterday was greeted with pleasure by large gatherings. Harry Newcombe, the star of the company, was the first to appear, and the excellent manner in which he sang a ballad entitled "The Rose" sustained for him the very favorable reputation he had before he left the city a few months ago.

## THE LABRADOR STORM

Crews of the Forty Fishing Vessels Now on Their Way to Newfoundland—One Steamer Has 980 Survivors Who Were Wrecked.

St. John, N. F., Aug. 3.—The crews of the forty fishing vessels which were wrecked by a hurricane off the northern Labrador coast in the early part of last week, have been taken aboard the cruiser Fionia and the tourist steamer Virginia Lake and are now on their way south to their homes in Newfoundland. The Virginia Lake has 980 fishermen and members of their families who were "on Labrador" for the summer fishing season, while the government cruiser has 113 others.

Many of the wrecked men suffered greatly from exposure and hunger at isolated points along the barren northern shore before rescue reached them. The reports of the disaster which have thus far reached here are still meagre, but it is evident that the loss in vessels and fishing gear was greater than in any storm in recent years. As far as known here only three lives were lost.

**W. S. FISHER RESIGNS**

Pressure of Business Compels Him to Give Up Chairmanship of Exhibition Committee.

A meeting of the "manufacturers' committee" of the C.E.R. terminal agent at West St. John in succession to J. R. Gilliland, transferred to Montreal, was announced yesterday. His place was taken by Mr. W. S. Fisher, who has been acting as agent at MacAdam where he has become very popular with the travelling public.

**C.P.R. CHANGES**

The appointment of Robert King to the position of C.E.R. terminal agent at West St. John in succession to J. R. Gilliland, transferred to Montreal, was announced yesterday. His place was taken by Mr. W. S. Fisher, who has been acting as agent at MacAdam where he has become very popular with the travelling public.

**PLAYS AND PLAYERS**

MADE HIT AT NICKEL

Moving Pictures and Spoken Lines of the Famous Two Orphans is a Distinct Novelty.

Though it may be truly said that there is nothing new under the sun, yet the thousands who visited the Nickel yesterday afternoon saw a theatrical production which is certainly new outside of that breeding-place of new things—New York. ## JAPANESE NAVY JUMPS INTO IMPORTANT POSITION

It Will Soon Stand in Third Place Among the Navies of the World—Many Big Ships Built and More Building Says German League Report.

Berlin, Aug. 3.—The Japanese navy will take third place in the navies of the world in 1910, according to the tabulation made by the German navy league in its annual leaflet, just out. "Notwithstanding the assertions of Japan's leadership," the article says, "the so-called programme of 1907 appears to provide for considerably more new construction than has been reported."

From a usually well informed quarter it is affirmed that Japan, besides building the three battleships Aki, Aki, and Aki, and the four armed cruisers Kurama, Ibuli and Ibuli, and Ibuli, has appropriated the three battleships Aki, Aki, and Aki, with a total tonnage of 191,000, and twelve large cruisers with a tonnage of 113,000.

**JAMES A. BERRY AND THE JOKERS**

Former City Editor of St. John Sun is Located in Butte, Montana.

(Ansonia Standard.)

Former Canadians who are now residents of Butte are much interested in the visit to Quebec of his royal highness, the Prince of Wales, and get Mayor Corby to write no more letters while I am out of town, will start this evening with the Prince of Wales.

**WINS GOLD MEDAL**

By taking first place among the St. John students who wrote the provincial high school entrance examinations, Miss Doris L. Jones, daughter of Mrs. Emma Jones, of Duke street, wins the corporation gold medal. There is still some doubt as to the winner of the Parker silver medal for high standing in mathematics. The competition has been close. The prize offered by Senator Ellis for the best specimen of English composition is also unawarded as yet. Seven essays have been submitted.

**GOOD BOOK - AND GOOD PLAY**

In this great era of fiction, when of "making many books there is no end," a really clever book is much sought for and should it hold the elements of a good play therein, it's sure to be dramatized before the season is over, which was the case of "Miss Petticoats" for very soon after the book came out, it appeared as a play at the Boston Theatre and the authors, two Boston editors were congratulated all over the country on their great success as play-wrights. The critics were unanimous in pronouncing it a wholesome, sparkling New England play unlike any other and in a class by itself, by reason of its truth and sincerity of purpose. The entire programme of the imagination but real people whose like can be found in the seaport villages of New England and perhaps nowhere else in abundance. There is a warm, large-heartedness about these people that brings a responsive thrill to both reader and theatre-goer who have the pleasure of making the acquaintance of charming "Miss Petticoats," who is a fascinating creature and first scene is living in the cabin of the "Harpoon" filled with antiquities and with her faithful old grandfather for a guardian and a faithful old nurse. She is brought into good society through the offices of a rich lady when she is immediately thrown under the influence of an interesting kind of villain and how she escapes the designs of jealous enemies and finally becomes the great lady. Countess Forsyth, by the death of her French father and lives in Paris, is told in a most realistic and thrilling manner throughout this highly interesting play. Those who read the book will be anxious to see the play, for it follows the text very closely, losing not one bit of the salt pungent flavor of the story which was laid in New Bedford where the scenes of the old wharves and whalers are depicted to a very fine life.

**THE FRUITS OF THE EARTH**

Seem To Be Nature's Provision For Keeping Man Healthy and Warding Off Disease

Cereals, vegetables and meat supply the elements needed for man's nourishment. Yet fruit—though it has very little food value—has proved to be absolutely necessary for perfect health.

Careful investigation has shown that all the common fruits act on the Liver, Kidneys, Bowels and Skin. These are the organs that keep the body of dead tissue and waste products, and the fruit juices stir them up to more vigorous action, thus keeping the whole body clean and healthy.

But few people eat enough fruit. Realizing this, after several years of experimenting, a prominent Canadian physician succeeded in combining the juices of apples, oranges, figs and prunes in such a way that the medicinal action is many times multiplied. Then he added valuable tonics and made the combination into tablets called "Fruit-atives." They are really Nature's cure for Constipation, Indigestion, Bilelessness and Stomach Troubles. Mild as Nature itself—but more prompt and effective. Sold by dealers at 50¢ box—4 boxes for \$2.00—mail order box 25c. Fruit-atives Limited, Ottawa.

**WARSHIP MAKES FAST VOYAGE ACROSS ATLANTIC**

The Indomitable Was Only Five Days and a Half From Quebec to Cowes—Average Speed of More Than Twenty-Five Miles an Hour.

Cowes, Aug. 3.—The British cruiser Indomitable, which carried Prince Louis of Wales on board, arrived here at 9:40 o'clock this evening from Quebec.

The Indomitable's speed throughout the whole voyage averaged 21 1/2 knots an hour, exceeding the best previous record of nineteen knots, made by the battleship which carried Prince Louis of Wales on board, and from America in 1903.

The battleship cruiser, for she combines the speed of a cruiser with the armament of a battleship, left Quebec on the morning of July 29, and, although caught in a hurricane about the middle of the voyage, wireless telegraph reports received at the admiralty today contained the welcome news that the big vessel maintained the high average of 20 knots. Taking into consideration the delay caused by the hurricane, the voyage is looked upon by naval officers as satisfactory.

Ottawa, Aug. 3 (Special).—The governor general received the following telegram dated at Cowes: "The Indomitable, which carried Prince Louis of Wales this evening, arrived safely after most successful voyage. We, the crew, are looking forward to meet you from land to land."

[Signed] "GEORGE."

**SAW MOOSE NEAR CITY**

Mr. and Mrs. S. S. DeWolf and a friend from the United States had an interesting experience on Saturday last as they were driving to Ashburn Lake. When about three miles from the city, they were surprised to see a full grown cow moose quietly feeding in a field near the road.

As they drove nearer the moose surveyed them quietly and then, with little sign of fear, moved away and climbed a hill into the woods.

Henry Broecker, constable of Chatham, arrived at the city yesterday with a patient for the Provincial Hospital. The man was not dangerously ill, but he had been suffering from the form of riding himself of his clothes.

## KNIGHTS OF PYTHIAS OWN BOSTON THIS WEEK

Thousands of Delegates to Big Biennial Convention Have Already Arrived—New Brunswick Knights Warmly Welcomed—Big Parade Today.

Boston, Mass., Aug. 3.—By train and boat thousands of Pythians poured into this city today, in time to take part in the exercises preliminary to the formal opening tomorrow, of the 25th convention of the supreme lodge of the Knights of Pythias and the biennial convention of the uniform rank of the Knights of Pythias and the annual convention of the Pythian Sisters. The chief official action of the convention was the formal dedication late today of Camp Joseph M. Lyons, on Franklin Field, one of the largest public playgrounds in the city, where a canvas city of 2,500 tents accommodates the greater portion of the large numbers of guests.

The Pythian week was the opening session of the biennial convention of Grand Keeper of Record and Seal of the Association, President U. S. Burns, of Wisconsin, presided, and R. W. Bartlett, of Rock (Ark.), was the secretary. Grand Chancellor George W. Pennington, of the Grand Lodge of Massachusetts, welcomed the members.

During the afternoon there was an exhibition of work by King Solomon Temple, No. 3, Pythian Sisters of Boston. Tonight there was another exhibition of work by King Solomon Temple, No. 3, Pythian Sisters of Boston. The thousands of Knights in the tent-city at Franklin Field, after spending the day in getting settled under their canvas, were ready to enjoy themselves at a vaudeville performance in the camp.

An important meeting of the advisory board of the Pythian Sisters was held at Hotel Brunswick during the day, attended by Anna M. Young, of Zanesville, O., president of the Pythian Sisters, and many other officials of this auxiliary. The meeting was secret.

"Tomorrow the big parade is held."

**WINS GOLD MEDAL**

By taking first place among the St. John students who wrote the provincial high school entrance examinations, Miss Doris L. Jones, daughter of Mrs. Emma Jones, of Duke street, wins the corporation gold medal. There is still some doubt as to the winner of the Parker silver medal for high standing in mathematics. Realizing this, after several years of experimenting, a prominent Canadian physician succeeded in combining the juices of apples, oranges, figs and prunes in such a way that the medicinal action is many times multiplied. Then he added valuable tonics and made the combination into tablets called "Fruit-atives." They are really Nature's cure for Constipation, Indigestion, Bilelessness and Stomach Troubles. Mild as Nature itself—but more prompt and effective. Sold by dealers at 50¢ box—4 boxes for \$2.00—mail order box 25c. Fruit-atives Limited, Ottawa.

**WARSHIP MAKES FAST VOYAGE ACROSS ATLANTIC**

The Indomitable Was Only Five Days and a Half From Quebec to Cowes—Average Speed of More Than Twenty-Five Miles an Hour.

Cowes, Aug. 3.—The British cruiser Indomitable, which carried Prince Louis of Wales on board, arrived here at 9:40 o'clock this evening from Quebec.

The Indomitable's speed throughout the whole voyage averaged 21 1/2 knots an hour, exceeding the best previous record of nineteen knots, made by the battleship which carried Prince Louis of Wales on board, and from America in 1903.

The battleship cruiser, for she combines the speed of a cruiser with the armament of a battleship, left Quebec on the morning of July 29, and, although caught in a hurricane about the middle of the voyage, wireless telegraph reports received at the admiralty today contained the welcome news that the big vessel maintained the high average of 20 knots. Taking into consideration the delay caused by the hurricane, the voyage is looked upon by naval officers as satisfactory.

Ottawa, Aug. 3 (Special).—The governor general received the following telegram dated at Cowes: "The Indomitable, which carried Prince Louis of Wales this evening, arrived safely after most successful voyage. We, the crew, are looking forward to meet you from land to land."

[Signed] "GEORGE."

**SAW MOOSE NEAR CITY**

Mr. and Mrs. S. S. DeWolf and a friend from the United States had an interesting experience on Saturday last as they were driving to Ashburn Lake. When about three miles from the city, they were surprised to see a full grown cow moose quietly feeding in a field near the road.

As they drove nearer the moose surveyed them quietly and then, with little sign of fear, moved away and climbed a hill into the woods.

Henry Broecker, constable of Chatham, arrived at the city yesterday with a patient for the Provincial Hospital. The man was not dangerously ill, but he had been suffering from the form of riding himself of his clothes.

Nothing so fine as

## Cowan's Maple Buds

They are an excellent confection.

## Cowan's Cream Bars

## Milk Chocolate, etc.

Sold everywhere in Canada.

THE COWAN CO. Limited, TORONTO

This is the wife who knows full well  
For aching head or bilious spell,  
Whenever the stomach seems at fault  
There's nothing so good as Abbey's Salt.

## Abbey's Effervescent Salt

"The Tonic Laxative for the Family."
