WARNING TO Exhibition Visitors

Owing to the rush we meet with during the closing week each exhibition year we are obliged to turn away hundreds who come to St. John solely for the purpose of enquiring our service, but who neglect calling until the last few days of their visit. We would strongly advise all to call early and avoid the rush, so that they will not be compelled to return home disappointed at not having been able to avail themselves of our superior workmanship and moderate fees. PARENTS should take notice that the holidays are rapidly drawing to a close and that it is in the interest of their own children and those of others in the community that their children's teeth should receive proper attention.

We can give them the attention they require, without affording pain and at very attractive fees.

FOR ADVERTISERS

(From Printers' Ink, Aug. 8)

The Printers' Ink man brought specimens of the St. John dailies home with him and submitted them to the inspection of an advertiser who has had a good deal of experience in dealing with and valuing newspapers, asking him to look them over carefully, note the news, general reading matter, market reports, society, base ball, etc., together with a consideration of the advertising columns, and make known his decision by marking the papers 1, 2, 3, 4 and 5 in the order of merit as it appeared to him. The papers were returned marked as directed which led to their being arranged in the following order:

The Daily Telegraph, the Evening Times, St. John Star, St. John Globe, the Sun.

For classified advertisements he reported The Daily Telegraph to be materially in advance of any of the others.

THINK IT OVER.

LATE LOCALS
DIDA, the mysterious, mystifying creation of a woman out of nothing.

David Galt was arrested this morning for being drunk on the ferry boat.

J. N. Harvey is advertising a sale of boys' spiced suits for school wear. Read his ad on page 5 of today's issue.

Fred G. Spencer left last evening for Fredericton and Woodstock. He will also visit Montreal before returning to St. John.

A. J. Somers, Lynn, Mass.; W. R. Cressy, Beverly, C. B. Briggs, Westbury, R. I.; W. C. E. Robinson, Melrose, Mass. are at the New Victoria Hotel.

The I. C. R. has decided to have a large exhibit of pictures, etc. at the exhibition W. L. O'Leigh, advertising agent of the line is in the city making arrangements for placing the display.

Battle line steamer Himeria, Captain Pyle will go to sea this evening bound for Manchester by a deal cargo. The Trebia, Captain Hilton, of the same line will sail tomorrow for Brown Head for orders.

There is now quite a business carried on in the pulp wood trade with the State of Maine. Two schooners with 178 cords each today for Yarmouthville, and one with 105 tons for Rockport. Large orders have been placed with shippers here to be shipped in the near future.

The very welcome rain of yesterday afternoon and last evening did a great deal to relieve the situation for those fighting forest fires. Advice from Musquash, St. Martins, and the North Shore, indicate that the rain extinguished the fires, and the danger is now past.

There was trouble in the country market this morning when Joseph Murphy and John Grant had a difference of opinion. One word led to another until Murphy resorted to blows and struck Grant twice in the face. The offender was looked up by Policeman Finley between nine and ten o'clock.

Hugh Weddall, of the schooner Adeline, who was injured on July 11 by falling from a wharf in St. Andrews, arrived here last evening by steamer Huron and was taken to the hospital. At midnight he complained of a good deal of pain, but otherwise he was as well as could be expected. The journal for a man in his condition was something of an ordeal.

Mayor Sears and Building Inspector Thompson yesterday inspected the house purchased by the city at Lake Robertson for the use of a caretaker. They will recommend repairs to the extent of about \$300 or \$400. The mayor, as chairman of the water and sewerage board, has instructed the recorder to proceed at once with the injunction restraining Mrs. Barker from dumping sewage from her premises into Loch Lomond.

With reference to a report in a morning paper that the steamer Trebia now loading at the C. P. R. wharf at Sand point was aground yesterday, Engineer Peters said this morning that the city had nothing to do with that berth. It is well known that there is only 19 feet of water there. Regarding the statement that the steamer Almona was slightly aground at the Pictou wharf, the engineer said that might happen if the steamer were loaded very heavily. Yesterday's tide was extremely high and low.

Meyer Cohen received word last night that 1000 feet of new film taken in San Francisco during the past two weeks by Miles Bros. will be shipped to St. John and will form part of his Frisco picture show on the P. E. during the approaching exhibition. The new pictures form a very interesting sequel to the present set as they show the work of rebuilding Frisco, the open air public schools, the parks and squares and the board of health and sanitary inspectors on their tours of investigation. Mr. Cohen has secured the only set of these films at present in existence and they will be first shown as a part of the picture show on the Pike.

PLEASANT EVENING AT MILLIDGEVILLE

Mrs. J. Fraser Gregory and Mrs. F. E. Williams were hosts to Happy Party in R. K. Y. Clubhouse last night.

The yachtman's life has its social side, free from the strain of dull formality, and altogether delightful. It is now at its best at Millidgeville, now that quite a number of cottagers spend the summer there; and this season has witnessed many happy assemblies at the R. K. Y. clubhouse, and in the homes of summer residents. A very charming and successful party was given last evening by Mrs. J. Fraser Gregory and Mrs. F. E. Williams. Buckboards were at the corner of Main street and Adelaide road at 8 o'clock, with E. W. Williams to look after the guests, and through the heavy downpour of rain deterred some who had sent acceptances, there was quite a large and thoroughly happy company to crowd into the vehicles and ride to the brilliantly lighted clubhouse. Rain and the wind were out, and from the front veranda the waters could be heard lashing the shores, but within were light and laughter and music and the joy of good-fellowship. Nearly thirty couples were present, and nearly all of the gentlemen were members of the R. K. Y. club.

After the first half of the dance programme had been exhausted, the guests trooped upstairs and enjoyed a most tempting luncheon. Then there was more dancing, and at the close the National Anthem, a grand circle with Auld Lang Syne, and three rousing cheers for the hosts and hostesses of the evening, Mr. and Mrs. Gregory and Mr. and Mrs. Williams left nothing undone for the pleasure of their guests, and in such pleasant company and with such congenial surroundings the hours were "passed with flying feet."

A small orchestra provided excellent music, relieved once or twice by Mrs. J. E. March at the piano. The guests from the city were landed at the market square about 1.30 o'clock this morning, in clear weather and with the memory of a most enjoyable evening.

ELOPED WITH ANOTHER MAN

Mrs. Frederick Riley Left Her Husband to Mourn While She Skipped Out with Another.

A morning paper states that Mrs. Frederick Riley, of this city, has eloped with a man who gave his name as P. Taylor, taking with her her eight-year-old daughter. Mrs. Riley, it is stated, had been for some weeks visiting at Loch Lomond where she met Taylor, who was employed as a blacksmith with McArthur and May on the waterfront. As a result of their meetings they have now left the city together, presumably for some place in Maine. It is understood that they were registered at a city hotel as P. Taylor, wife and child.

Mr. Riley, the injured husband, is a longshoreman, and only learned of his wife's disappearance when he went out to visit her last Sunday. He thinks she will soon tire of Taylor and return home, and has as yet taken no steps to follow the couple.

NICE POINT IN PRACTICE

A very nice point in practice was raised yesterday afternoon on an application made to Mr. Justice McLeod in chambers for leave to appeal to the supreme court of Canada from the supreme court of New Brunswick's judgment in the case of John C. E. v. the Tennessee Railway Company, and also for leave to settle the case on appeal. The time allowed for application to have a case settled on appeal to the supreme court of Canada is sixty days from the time of judgment by the court below.

T. M. Jones of Edmundston argued that the application could not be granted, more than sixty days having elapsed since the judgment of the New Brunswick Supreme court, no extension having previously been granted. L. A. Curry, K. C., and J. M. Stevens, K. C., for the applicant company, contended that the thirty days allowed for court's vacation should not be counted in the sixty days, and that, excluding vacation, they were within the time allowed. Judgment will be given Monday.

LADY SKATER TONIGHT

Miss Jessie Darling of Providence, R. I., the lady champion fancy roller skater of the world, arrived on the noon train from New York and will be seen in Victoria rink tonight, tomorrow afternoon and evening, in connection with the regular band programmes. Skating for everybody is usual. Miss Darling has no disputants. She has won and defended her title as roller skater premier, and is lauded throughout the United States for her exquisite gracefulness, her adroitness upon the wheels and her wonderful fancy evolutions. She is a handsome young person.

THE DECIDING RACE

Merritt and Folia will skate the deciding race of their series at St. Andrews rink tomorrow night after the last band. As both men are ties, Folia having won one race here and one in Moncton, and Merritt two in Amherst both men tomorrow night will skate their limit. Merritt's vacation being about ended he will leave in a few days for Boston, so this will be the last chance for his admirers to see him skate. The 82nd Band will be present tomorrow evening and the City Cornet Band tomorrow afternoon.

POLICE COURT

There were five prisoners before the police magistrate this morning. George Brown and John Connolly were fined \$4 or 10 days each for drunkenness. After each, one of the above names a charge of 25 cents for cartage is recorded. Robert Forrest was fined \$8 or two months for being drunk.

Walter Fox, arrested on a warrant for using abusive language, was remanded. William Hayes, who made good his escape while he was driven to the police house last night, was sent in for two months.

THE SATURDAY

AFTERNOON EXCURSION

Stmr Elaine will leave her wharf at 1.45 p. m. for a sail of two hours on the Kennebecasis Bay, going as far as Chapel Grove. Returning at 4.15 p. m. Go and see the yacht race. An orchestra will accompany the excursion. At 5 p. m. the steamer leaves for Gagetown.

"NON-FLAM" --- A Safeguard to Children

FLANNELETTE THAT WILL NOT BLAZE

So many accidents occur to little children, and often to adults, through the inflammability of nightgown materials that "Non-Flam" was invented to insure safety. It is of excellent woolly warm texture in pinks, light blues, white, etc. but is rendered non-flammable by a special and secret process. Parents in buying "Non-Flam" will rest assured their children—or whoever is wearing it—will not be exposed to that ever-existing danger of winter time particularly.

Costs Only 17 Cents Per Yard
