

liabilities amounting to \$300, or more; but should this discourage us? Will not God put it into the hearts of many to help this branch of His work in our city? We do believe it, and feel assured in publishing this our Third Annual Report, that it will be the means of acquainting many, yet ignorant of the opportunity they have in contributing something, towards helping on this work for Jesus.

Our experience having led us to see the necessity of securing the sympathy and assistance of others in the work, in order that the burden might be made lighter, and that our unavoidable absence during the summer months might not prove an interruption or detriment to the Institution, we conferred with the Lord Bishop of Ontario, who expressed much sympathy, and assured us of his desire to co-operate, and to use his influence in enlisting the assistance of other Christian women.

The work will go on for the present under the same management, and on the same principle, as heretofore; and it is hoped several other helpers will soon be engaged to assist us in labouring to raise out of sin and sorrow the friendless and forsaken.

Again acknowledging the Lord's goodness, and our entire dependence upon Him, we submit this Report to the Christian public, remembering our Master's words, "I come not to call the righteous, but sinners to repentance." "Let us not be weary in well-doing, for in due season we shall reap, if we faint not."
