

would be best spent in the cause of Home Missions, and so we undertook to raise the sum of \$500.00 in three years, this sum to go towards the building of a church in the Northwest. Our success has been even greater than we hoped for, and we feel very grateful to the different members of the Congregation who so kindly and practically gave us their encouragement in this our first undertaking.

If in glancing back over the past year we feel that more might have been accomplished, yet we must at the same time express our thankfulness for what has been done, and earnestly hope that in the future our influence for good may be increased.

We would earnestly desire that through the instrumentality of our Society many might be led to engage in Christ's work, and that the names of all the young people connected with our Church may be found on our membership roll.
