More New Low Records Today In Wall Street

New York, Nov. 1.—Wall Street.—Heavy selling of stocks was resumed at the active opening of today's session with many new low records for the year and a much longer period. United States Steel was again offered in large lots from 99 to 98, an extreme overnight loss of 2%. Other industrials, notably equipments, as well as shipbuilding, coppers, motors and oils, lost two to four points. Ralls as much as a point set in before the end of the first hour.

WATCHES

The best-equipped army that ever took the field, as the British Army has often been styled, is remarkably well equipped in one respect, and that is in the matter of watches. The wrist watch, which at first only with great difficulty established itself as a possibility for men, has long since swept all before it, and, with or without a luminous face, is nowdays regarded as almost an essential part of the soldier's outfit. Such a widespread use has, of course, been rendered possible only by the extraordinary progress which has been made in watchmaking in comparatively recent years. Thirty or forty years ago, the watch was still a prized possession, and its possession almost amounted to a class distinction. And yet the world had known of and used watches for many centuries. They were antedated, it is true, by clocks, but the moment that Pope Sylvester, in A. D. 996, constructed "the first clock," as he is credited with having done, watches became inevitable.

ITALIAN PRISONERS HELD BY GERMANS NOW TOTAL 120,000

Virtually one thousand square miles of Italian territory has been overrun, more than 120,000 Italians have been made prisoner, and in excess of 1,000 guns have been captured by the German and Austro-Hungarian armies in their eight days' drive from Isonzo and Carnic Alps fronts of the Austro-Italian war theatre.

From the east the enemy invasion on the centre of the battlefield now is well within garrigue of the Tagliamento River, where it has been presumed that General Cadorna will turn and make a stand. The Italian commander-in-chief, however, has not yet brought his troops about to face the enemy, but is continuing his retreat with the rearguards harassing the advance. Just where Cadorna purposes to give battle has not become apparent. Neither is it known how well the northern and southern flanks of his army are keeping pace with the retirement in the centre.

According to the latest Berlin official communication announcing the heavy losses of the Italians in men and guns, engagements successful for the enemy have taken place on the Tagliamento plain, while the Rome communication announces that there has been fighting on the hills of St. Daniels Del Friuli northwest of Udine and from four to five miles east of the Tagliamento. Meanwhile preparations to aid the Italians in their hour of extremity are being rushed by all the allies. Jules Cambon, general secretary of the French ministry of foreign affairs, in a statement has expressed the conviction that the Italians will be able to stem the tide of the invasion with the aid of the French and their troops sent to reinforce them. The American government is to waive all exports restrictions in favor of Italy permitting that country to take whatever materials she requires, regardless of prospective shortages here. A large amount of shipping also is to be given Italy to work in conjunction with her own merchant marine in taking supplies overseas.

The new Italian premier, in a message to General Cadorna, has assured the commander-in-chief that all classes of the populace of Italy are with him in hour of trial and will stand by him and the army until victory rests with them. A similar message was sent to the British prime minister.

On the other hand, no big operations have taken place. The German Wednesday made no attempt to force out the Canadians from their positions captured the previous day in the region of Passchendaele. Along the Chemin-Des-Dames and in the Verdun sector, intensive bombardments continue. Still another mutiny among the Germans is reported. This time it was among the troops in Belgium, who are declared to have refused to go to the front and even to have fired on their officers, several of whom were wounded.

The Next Step

THE Proclamation, which issued October 13th, calls for men of Class One to report for service or claim exemption on or before November 10th, 1917. This call includes bachelors and widowers without children (not otherwise excepted) who were 20 years old on the 13th October, 1917, and whose 34th birthday did not occur before January 1st, 1917.

It is pointed out that no man will be called to the colors until about December 10th, by which date it is expected that most, if not all, applications for exemption will have been dealt with. So that, it is obvious no one will gain any advantage by delay in reporting for service or claiming exemption.

Registered Letter

THE REPORT FOR SERVICE or CLAIM FOR EXEMPTION should be made on the forms obtainable at every Post Office in Canada, and handed back to the Postmaster, who will issue an official receipt and will transmit the form itself to the Registrar.

The man reporting for service, or claiming exemption will thereafter be notified by registered letter regarding what is further required of him.

Men who REPORT FOR SERVICE and on whose behalf no claim for exemption is received, will, if not already medically examined, be ordered to attend at the nearest Medical Board Centre for medical examination, and will be furnished with return transportation and also with subsistence.

EACH APPLICANT FOR EXEMPTION will be notified of the number and address of the tribunal by which the application will be considered and the date upon which it will be taken up, and he may thereupon submit in writing to the tribunal the facts upon which reliance is placed to support the application.

While applicants may await the day named in the notice and appear personally before the tribunal, this course is not recommended and will result in serious inconvenience and delay.

Remember all Reports for Service and Claims for Exemption should be made at once but must be made not later than November 10th, 1917.

Foolish, Offensive And Grossly Misleading

(Montreal Journal of Commerce.)

The union government movement does not, in the eyes of sensible men, gain any strength from the announcements so often made nowadays that somebody has been or is to be nominated as a "win the war candidate." The phrase is foolish, offensive, and grossly misleading. If the announcements of such nominations reach the German lines they will afford much aid and comfort to the enemy, for they clearly convey an intimation that the Canadian people are divided into two parties, one desiring to win the war and one desiring to lose it, a piece of news that as well be part of a situation that encourages the Kaiser and his advisers to persist in the conflict.

It is a pity that what to so many people is a good cause has to be supported by such foolish methods. There is nobody in Canada, outside of the internment camps or of possible German spies who have not yet been counted up, who is not as sincerely desirous as his neighbor to win the war. There are differences of opinion as to the best methods of accomplishing the purpose. Some of our fellow citizens have views which do not commend themselves to our judgment. But the differences on which these differences arise are legitimate subjects for free discussion in a democratic country. There is no reason why any man should assume for himself and his political associates a monopoly of the patriotism of the country. Such action snuffs too much of the flag waving "no truck or trade with the Yankees" policy of not very long ago. The candidate who to win resorts to such claptrap will not strengthen himself among fair minded men.
