Advertisements—Published at the rate of 10 cents per line per week in the Morning Edition.

Special Representatives—Frank H. Matthews, Brunswick Building, New York; Advertising Building, Chicago.

British and European representatives—The Chamber Publishing Syndicate, Grand Street Building, Tottenham, London, England.

THE WAR NEWS.

The week ends with much more favorable news from the Russian front, the Russian armies, reinforced, have turned upon the enemy in Galicia and gained what is regarded by military observers as an important success. It shows at least that they will make it necessary for the enemy to retain very large armies in the eastern arena, and that in itself is very important.

No great battle has yet been fought between the Austrians and Italians, but the latter appear to have established themselves firmly on Austrian territory, which is a distinct advantage. They are still pressing slowly forward, and occupying new positions. There is renewed activity by Serbia and Montenegro, which will tend to make Austria's position more difficult and threatening.

In the west the French have made some gains this week and the British and Belgians have repulsed all attacks. There have been reports of another heavy movement of German troops to the western front, and it is true we may expect another period of sanguinary fighting. All the infantry of the second Canadian contingent is now in France, but may be held at the base for a time before going into the trenches. Conditions along the whole front in Belgium and France show no important change.

The second American note appears to have had a somewhat sobering effect in Berlin, although a portion of the German press is defiant in tone. It is intimated that no action on the note will be taken until the messenger from the German embassy at Washington has reached Berlin. In Washington the tone of discussion is more peaceful, and it is hoped that a note may be sent to the Allies insisting on a change in the operation of the blockade. It will not be surprising, however, if before many weeks have passed the United States joins in making that blockade more effective; for Germany can hardly be expected to succeed from the position she has so vigorously declared to be right.

Mr. Lloyd George said yesterday that there was a shortage of shells, and the work of producing a sufficient supply must be speeded up, with no shirkers. The question of a larger output of munitions was discussed in the French Chamber of Deputies yesterday, and the minister of war said the labor of the factories must be intensified and the output greatly enlarged. This question is one of the greatest importance to the success of the armies of the Allies. Germany's splendid industrial organization has given her a great advantage in this respect.

THE PEACE TALK.

There is a report that one Dr. Gilder, minister of Holland, who has lately been in Berlin, and is now in the United States, and is an apostle of peace, is giving out the peace terms which Germany might be induced to consider. They involve very distinct advantages to Germany, but the situation regarding them and the attitude of the Allies is very well stated by the Bangor Commercial, which says—

"It is not at all unlikely that Germany would be well satisfied to conclude peace on such terms, for in spite of the successes that have been achieved by the German arms the maximum efficiency of the Teutons must have been nearly if not quite reached, while that of the Allies is slowly being increased with the limit a long way off. Italy has added millions, the Balkan nations may follow suit, while England with her mighty resources is just getting under way. The Allies are bound by a firm agreement to make no peace until such a step is satisfactory to all, and it is certain that they will consent to none that does not include proper reparation to Belgium and the curbing for generations to come of Teutonic militarism, unless they are beaten, and that contingency is as remote as it has been from the commencement of the conflict."

THE NEWER CITIZENS.

It is proposed to make the Fourth of July of this year an Americanization Day in the United States. The purpose is to extend a welcome to new citizens, and endeavor to impress upon them the value of American citizenship, so that all may become naturalized and assume a larger degree of civic responsibility. The Bangor Commercial says:

"In New York state the celebration will be practically state-wide, as 280 mayors of cities have joined in the project and are arranging for appropriate ceremonies on July 4, when civic committees will participate in planning for receptions for newly made citizens in the endeavor to give them a true understanding of what citizenship means to the people of this great republic. There is a vast field to work upon, for at the present time there are 6,646,000 men of voting age in the United States who were born in other lands and of these but about 3,000,000, or less than one-half, are naturalized citizens."

It is but fair that the newcomer who has decided to make a permanent home for himself and family in the country, should take an active interest in its affairs. The welfare of himself and family is involved in that of the country,

and from purely selfish motives he should do his part to promote the common good.

The St. John Standard pretends to believe that the patronage list has been abolished by the Borden government. Such engaging simplicity is very refreshing in these days of Royal Commissions.

The German submarines prey mostly on small and slow craft. The sum total of their depredations is fairly large, but does not prevent Britain from doing "business as usual."

The revelations before the Royal Commission in Manitoba tell of graft on an amazing scale. Some members of the late Roblin government are implicated by the evidence submitted. There appears to be a wide gulf between professions and very performances, whether in Manitoba or New Brunswick.

Mr. W. E. Foster says that Premier Clarke told the board of trade committee these were influences at work in favor of changing the route of the St. John Valley Railway. Mr. H. A. Powell hinted as much when he addressed the board of trade. No further justification is needed of the action taken by the board in this matter.

MIRAMICHI MAN AMONG DEAD

George Y. Mesereau Killed in Action—Widow Gives Three Sons to 26th—Recruits Off to Sussex

In the casualty list issued at Ottawa yesterday the death of George Y. Mesereau, of Miramichi, was recorded, of wounds received. Among the wounded are Privates Jerry Campbell, Iona, N. S., Gordon Emerson, Moncton, N. B., and Theodore Fortune, Cape Breton, N. S.

Arthur J. Cotter has been accepted for service with the Canadian Railway Construction Corps. He is the second son of R. J. Cotter to go to the front, another, Serg. Frank L. Cotter, being with the 26th Battalion.

Pte. Arthur Myers, of the 26th Battalion, was last evening given a watch as a token of esteem by Mr. and Mrs. J. H. Lee, and family, of West St. John.

A loyal note is sounded from St. George, where Mrs. Murray, widow of George Murray, has shown her devotion to the empire in its hour of need, by giving her three sons to the roll of the 26th Battalion. They are her only children.

MORNING NOTES OF THE WAR

David Lloyd George, minister of munitions, said last night in a public address in London that the country was still short of shells, and he would need all assistance possible. If necessary he will exercise his powers under the Defence of the Realm Act, to compel shirkers to help.

The Italians have occupied Gradiska, in Austria-Hungary.

Five vessels were sunk yesterday by German submarines, the British steamer Strathcarron and the British trawler Intrepid, the Swedish steamer Otago, the Russian bark Thomasia, and the Russian steamer Dana.

The Austrians report having sunk a British cruiser, but the British admiral, Sir John Jellicoe, says she is safe in port.

WHY THE COOK LEFT—because of the Roaches.

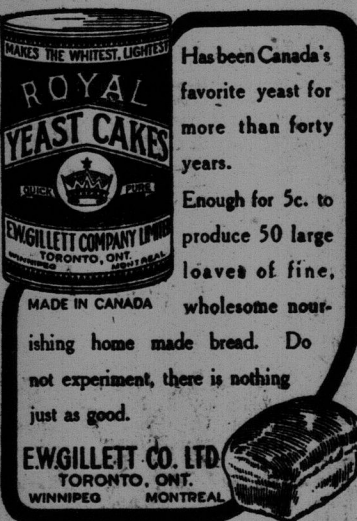

Five vessels were sunk yesterday by German submarines, the British steamer Strathcarron and the British trawler Intrepid, the Swedish steamer Otago, the Russian bark Thomasia, and the Russian steamer Dana.

COOLING WASH STOPS ITCHING

Just a touch of this mild, soothing wash, the D. D. D. Prescription, will give you instant relief from your burning, itching skin and absolute protection from all summer skin troubles. D. D. D. is a scientific compound of soothing oil of Wintergreen and other healing elements.

Don't fail to try D. D. D. for any kind of summer skin trouble. It will give you welcome relief. A generous bottle for 25c. Ask also about D. D. D. Soap.

E. Johnston Brown, St. John (N. B.) D. D. D. is made in Canada.

Has been Canada's favorite yeast for more than forty years.

Enough for 5c. to produce 50 large loaves of fine, wholesome nourishing home made bread. Do not experiment, there is nothing just as good.

EWING & CO. LTD. TORONTO, ONT. WINNIPEG MONTREAL

LIGHTER VEIN.

Visitor (to small boy)—"This is a delicious jam. Did your mamma make it?"

Small Boy—"She did most of the work, but I had a finger in it."

Young Irish doctor to his sweetheart—"You are a little goose, dear."

Colleen—"Sure, Dennis dear, you're quite correct; haven't I got a 'quack'?"

"They say that Dinwiddie was elected a member of the school board by a handsome majority."

"It is true. Nearly all the ladies voted for him."

Jones—"Some bally ass says, don't you know, that speech was given to man to conceal his thoughts."

Miss Ken—"Yes, but what was it given to you for?"

Our Diamond Sales for the month of May were largely in excess of the Diamond Sales of May, 1914.

This is a wonderful record, and one of which we are justly proud.

It shows that our methods are right; that our values are all that we claim for them; that our stock is the finest in the city.

PUBLIC CONFIDENCE

The great public has the utmost confidence in the outcome of the present war, the integrity of the British Empire, and the glorious future that awaits. One small proof that this is so may be taken from our recent experience.

Why Bake Bread in Warm Weather?

Wouldn't it be much easier and give you more time for pleasure to use BUTTERNUT BREAD, during the summer at least? You'll be delighted with the full, natural flavor of the wheat kernel as developed by the exclusive method of making BUTTERNUT BREAD which is clean, light and pure with a tender golden brown crust. BUTTERNUT BREAD is Sold in Wax-Paper Wrappers, At Grocery Stores

EVERYTHING GOES WELL FOR ALLIES AT DARDANELLES

Australians and New Zealanders Fighting Magnificently and Scoring Heavily—Turkish Morale Badly Shaken

London, June 11.—An Athens despatch under date of Monday to the Daily Chronicle says:

"Everything is going well for the Allies," is the gist of the news I received from the Dardanelles region through a most reliable channel. The general offensive begun by the Allies at the end of last week continues with most important results. Progress has been realized at all points.

Despite their previous hard work, the Australians and New Zealanders in the Sait Bur region are fighting magnificently and scoring well.

Early Saturday morning the line held in the southern portion of the peninsula was straightened, a brilliant piece of work carrying a gully held in considerable force by the enemy. Our men got into the enemy with the bayonet, and very few of the Turkish force holding the position were able to escape.

The position of the Allied troops was suitable for a general advance and the forward movement has been continuous and noteworthy since then. My informant tells me that altogether an advance of three miles has been registered, and yesterday our forces were established along a line including positions on the slopes of Tree Peak. It is now expected that progress will be continuous.

The feature of the last past three days' fighting has been the extremely severe losses sustained by the enemy. It would appear that the Turkish morale has been badly shaken. The enemy's artillery fire has been particularly weak, while our big gun-fire inflicted losses that can only be described as appalling. The French ar-

tilery, especially the "75's," has been notably effective.

People who arrive here from Constantinople bring news which shows that the position in the Turkish capital is on the verge of becoming desperate. Typhus is claiming a large number of victims, among whom are said to be nearly a hundred army doctors. Medical supplies are practically run out, and flour is extremely scarce.

More serious than that, perhaps, have been the results of the Russian bombardment of Eregli. As a consequence of the destruction wrought at the mines there, coal has become extremely difficult to obtain, and the water supply has been so seriously interfered with that the water famine is assuming alarming proportions.

The official word in the Turkish capital, especially the "75's," has been notably effective.

ital no longer conceals its anxiety, and the Germans have seriously advised the Sultan to quit the capital for Konia, but His Majesty, fearing the effect his departure would have on the population, has so far refused to do so. Nearly all the German officers who brought their families to Constantinople have sent them back to the Fatherland, among them being the household of the German consul. The Turkish wounded who are being brought to Constantinople do not appear to conceal their despondency.

Argument was heard yesterday afternoon before Judge McKewen on the question whether Captain Colwell should be compelled to pay costs on an application to have certain moneys collected by him paid over to the curator in the winding up of the May Queen S. S. Company. Judgment was reserved.

The St. John River Commission completed their work yesterday afternoon and adjourned for a month when they will resume in Houston, Me.

Doctor Said Sciatica--Rheumatism--Lumbago

But He Could Not Help Me, and Endorsed The Use Of Dr. Chase's Kidney-Liver Pills

Mr. Wm. Parker, 106 Cayuga street, Brantford, Ont., tells in the following letter of his remarkable experience with Dr. Chase's Kidney-Liver Pills. My doctor treated me for some time for Sciatica, Rheumatism, Lumbago, but to no purpose. For I had to lay off work. The visiting officer of Sick Benefit called to see me and advised the use of Dr. Chase's Kidney-Liver Pills, stating that he had been cured of the same trouble by their use. I asked the druggist about them and he recommended them highly. Not being satisfied with this, I went back to my doctor and when he said they were good I began their use. The promptness with which they relieved the action of the kidneys and bowels was wonderful, and it was not long before I was rid of all my trouble.

"I was so bad that I could only walk by hanging on to a chair or the wall. My wife had to lace my shoes. Only those who have had this ailment can realize the way I suffered. I am writing this letter to let people who have my trouble know of these pills. You are at liberty to use this letter, and if anyone interested will call or write to me I will give every detail."

Write to Mr. Parker, enclosing stamp for reply, and he will verify this statement. He will do this out of the gratitude he feels for his cure and because he realizes how difficult it is to obtain the cure of these dreadfully painful ailments.

There are so many treatments recommended for rheumatism that you naturally doubt them all. Here is an opportunity for you to verify the truth of this great medicine to the test. It will only cost you a quarter to try Dr. Chase's Kidney-Liver Pills. They get at the very foundation of rheumatism, and by removing the poisons from the system take away the cause of pains and aches.

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, all dealers, realize the way I suffered. I am writing this letter to let people who have my trouble know of these pills. You are at liberty to use this letter, and if anyone interested will call or write to me I will give every detail."
