##  furnishes every element of health growing child, provided the flour is grade gluten which distinguishes Household Flour.

## Healthy rappy Children

$\mathrm{A}^{\text {S every }}$ chiday food for growing butter is's much more wholesome than meat. It is lightrer in the stomach, more eass to digest and
furishes every lement of health

It is this rich nourishing element which makes children grow fat and happy when given
of bread made from this finest of all flours. Children thrive on it. It puts flesh on their It is this rich nourishing element which makes
plenty of bread made from this finest of all flours. C
bones and brings the rosy flush of health to their checks.

This is not so with bread made from inferior flours. It falls very far short-
of being whole food and fails to build up strong, vigorous growth. For the children's sake buy the best tlour-Oigivie's Royol Household. It counts for
health and happiness. Best and most nutritious for pastry as well as for bread.
