Further Details of Fatality

Mrs. M. R. James Receives
Letter from Son Who
Headed Survey Party—
Minister of Mines Helping
in Search for Bodies of
Two Victims.

The first details of the fatality at
Sturgeon Falls, which occurred a few
days ago when a party of eighteen
young men were en route into the
wilds of northern Quebec on a geo-
logical expedition, and as a result of
which two of their number were
drowned, reached the city this morn-
ing in a letter received by Mrs. Matilda
R. James, 280 Main street, from her
son, Dr. William F. James, who was in
charge of the party.

In his letter written from Villa
Marie, Quebec, and dated June 6, Dr.
James said they were all in a motor
boat, which became disabled as they
navigated the falls. He with two others
jumped into a canoe and endeavored to
tow the disabled craft out of the cur-
rent, but the rope was too short and
their efforts were unavailing. The
motor boat went through the falls,
and those in it were not even wet. Dur-
ing the excitement Everett Dolan of
Nelson, N. B., and Thomas Lawlor of
Island either jumped overboard or fell
out of the boat. The boat exactly what
happened to them is not known.

When the boat had safely passed
over the falls and it was discovered that
two of the members were missing
every effort was made to locate them,
but without success.

Dr. James said that Hon. Charles
Stewart, Minister of Mines, was at
Villa Marie and they were preparing to
locate the bodies.

St. Catharines Shows Record
Since 1915—Striking Fig-
ures—Mr. Yates and St.
John.

(St. Catharines Standard.)
A meeting of the Public Utilities
Commission of the City of St. Catharines
was held in the office on Thurs-
day evening.

All members of the Commission
were present including Mayor Smith,
whom was extended the greetings of
the other members of the Commis-
sion.

The estimated operating report for
April was presented showing earnings
of \$15,468.93, and expenses of \$11,709.28
leaving a gross surplus of \$3,759.65,
which \$1,000.00 is charged monthly to
Depreciation account.

The table of operating reports for
the four months of 1923 is of interest:
January—Earnings, \$16,476.93; ex-
penses, \$12,835.29; surplus, \$3,641.64.
February—Earnings, \$15,768.96; ex-
penses, \$12,701.03; surplus, \$3,067.93.
March—Earnings, \$16,671.46; ex-
penses, \$13,276.24; surplus, \$3,395.22.
April—Earnings, \$15,468.93; ex-
penses, \$11,709.28; surplus, \$3,759.65.

A memorandum was presented show-
ing the saving to the consumers of
Hydro Power in the City since the be-
ginning of 1915. The rates in use in
each year are compared with the rates
charged in the City in March, 1914.
Domestic users \$708,884.35.
Commercial users \$84,550.18.
Street lighting \$27,520.56 (based on
candle-power).

The saving to Power Consumers is
difficult to estimate as the systems of
charge are not comparable.
An explanation was then made to
the new member of the Commission,
Mayor Smith, as to the arrangements
which had been made by the Commis-
sion by which the Manager, Mr.
Yates, had been loaned to the City of
St. John, N. B., for a period of four
months to act as the Power Commis-
sioner of that city in their work of
developing a municipal electrical sys-
tem fed by power supplied by the Pro-
vince of New Brunswick. By this ar-
rangement, Mr. Yates will spend two
weeks of each four in St. John, and the
alternate two weeks in St. Catharines.
The arrangement was approved and
the Commission wished Mr. Yates
every success in his work in St. John.

stored to the poet's capricious favor is

FALLS PREY TO
CUPID'S DARTS

Member of Bachelor's Club
Weakens and Now Must
Pay Alimony and Leave
the Country.

New York, June 9.—The weather ex-
pert who said the sun would be rather
coolish this summer and that the most
likely to accompany most moonlit nights
faces a lawsuit for heavy damages, it
was reported recently in legal circles
here.

The "Invulnerable Five," a bachelor
club composed of three lawyers, an im-
porter and a cartoonist, on learning of
this prediction drew up an ironical
constitution with the following provi-
sions:

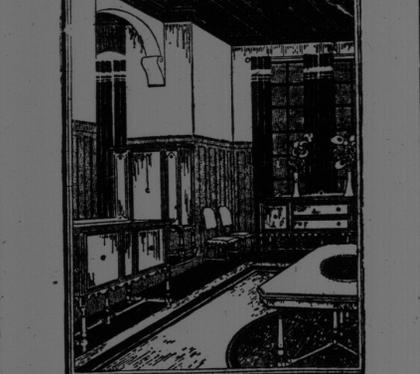

1. Any member seen in the company
of a young woman must pay \$5 into
the club treasury.
2. Any member seen in the company
of the same young woman twice in
succession must obey the Eighteenth
Amendment for ten days straight.
3. Any member becoming engaged
must leave the country within sixty
days.

4. Any member actually getting mar-
ried is excommunicated forthwith and
must pay alimony to the four remain-
ing members a total of \$3 a week for
life. Such alimony is forfeited by
a remaining member himself getting
married.

The members of this club were Mat-
thew Swearing, attorney; Alva Posen,
cartoonist; Judge Max Lippman; Si-
mon Swearing, importer, and N. I.
Sachs.

The shocking news was submitted
to the club that Mr. Sachs was to
marry Miss Lea Rosov in violation of
all the rules and regulations which had
been first suggested by the culprit
himself. An immediate trial was or-
dered and a pre-cursum decision hand-
ed down.

Mr. Sachs was found guilty not only
on all counts in the first degree, with cold
premeditation. He paid \$5 into the
club treasury, according to the terms of
the first rule, and was ordered not to
baste, examine or think of stimulating
beverages for ten times ten days. He
was directed also that he depart from
the boundaries of the United States at
the earliest possible moment, and fur-
ther that he pay a total of \$3 a week
every week in the year, to the sup-
port of the club members who have
held to their celibate vows.

A Classic Italian

Twice in the ascendant for furniture beauty—once for it being a reproduction from the Italian Renaissance and again for the polychrome decorations—that genuine Walnut Suite in our window is certainly a wonder.

The China Cabinet panel is a brighter burl Walnut, a rare excellence of effect. Chairs are upholstered in Blue Leather, the Table is just as in the picture with very fine moodings and turnings on all Buffet measurement of 68 inches gives an idea of its line, but it takes a window look to absorb the full elegance and finish.

Don't Wait
for Meal Time

It is not just habit—it is genuine
hunger that makes children beg
for something to eat the minute
they dash in from school or play.

Don't make them wait for meal-
time. They crave for food.
Nature gives them this craving,
and nature rarely makes mistakes.

Give them food, but be sure it
is wholesome and light. Do not
load the little stomachs with heavy
food.

Puffed Rice
The sister product
of Puffed Wheat is
equally digestible and
wholesome. It is bet-
ter than nuts for home
made candy, and is
delicious buttered and
salted like popcorn or
almonds, and costs a
great deal less.

Puffed Wheat is good for them at
any hour of the day. The nut-
like, flavory morsels are in reality
whole grains in easily digested
form. They are always ready to
serve and are delicious with milk
or berries, or just "doused" with
butter.

CONGRESS AND COAL

(Bangor Commercial.)
There is not much encouragement in
the announcement that Congress will
be prepared to act in case there are
strike disturbances in the coal industry
next fall. There should be action be-
fore there are strikes, but as Congress
will not be in session until December
there can be no such action. The na-
tional attitude regarding the coal situa-
tion appears a striking resemblance to
the action of a dog in chasing his tail.
It is always behind the game. The
people of the United States are natural-
ly not much in favor of government
ownership or operation of the coal
mines but unless there is action to pre-
vent the strikes and provide the
public with sufficient coal at a fair
price the movement for federal opera-
tion will constantly gain force until it
wins.
