THE EVENING TIMES AND STAR, ST. JOHN, N. B., WEDNESDAY, NOVEMBER 30, 1921

PLANS HERE FOR ADVANCE POLLS

Notices of the holding of an advance poll for railway employees, sailors and commercial travelers in the coming election were issued today by Sheriff Wilson for the constituency of St. John-Albert. This poll will be open between seven and ten o'clock in the evenings of Friday, Saturday and Monday, December 2, 3 and 4.

In the city this poll will be held in the court rooms in the Masonic building, Germain street. In Fairville the poll will be held at 20 Manawagonish road.

Persons desiring to vote at the advance poll must first apply to the revising officer on rural registrar. City voters will apply to Hon. J. R. Armstrong, Register building. The rural registrars are as follows:

Sub-district 1— A to F—M. Stout, 38 Main street, Fairville.
G to M—O. D. Hanson, Main street, Fairville.
N to Z—L. Wood, Manawagonish road, Fairville.

Sub-district 2— A to Z—William J. Cox, Lorneville.

Sub-district 7— A to G—E. Logan, 340 Tower street, West.
H to N—Frank Frauley, 7 Champlain street, West.
O to Z—W. O. Dunham, 9 Dufferin row, West.

Sub-district 8— A to L—Mrs. Mary Russell, Main street, Milford.
M to Z—Mrs. E. M. Arbo, Main street, Milford.

OROMOTO MAN DIES SUDDENLY

Jas. S. Kelly Stricken While Watering Cattle — News of Fredericton.

(Special to The Times.) Fredericton, Nov. 30.—James S. Kelly of Oromoto dropped dead at his home this morning. He was found about a spring from which he was about to water his cattle. He was aged fifty-seven years, and had resided at Oromoto all his life. He is survived by one son, Joseph, and one daughter, Bessie. Other relatives are William Kelly of Oromoto and Armon Kelly of Boston, brothers, and James Jones of Oromoto, Mrs. James Barry of Fredericton and Mrs. William Guider of Boston, sisters.

Mrs. Celis Brown, wife of Abram J. Brown of Bear Island died last night at her home at the age of seventy. She had been ill for some time. She is survived by her husband and one sister, Mrs. George Fleming, in California. Mrs. George Jones of Fredericton is a niece.

Rev. William A. Ross of Milltown, Me. Congregational and Rev. Peter Jackson, Hampton, Presbyterians, have been registered to solemnize marriages.

Dr. L. M. Curran, M. P. P., is to be one of the speakers at a rally at the Caley theatre on Friday night in the interest of Col. W. J. Osborne, Liberal candidate in York-Summary. P. Hurbes and the candidate also will speak.

The Women's League of St. David's Church will hold a tea and sale tomorrow afternoon from 4 to 6 o'clock.

GAYTON—In loving memory of Rose, beloved wife of Fred F. Gayton, who departed this life November 30, 1920. Gone but not forgotten. HUSBAND AND FAMILY.

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

IMPERIAL'S TUESDAY CROWDS GREATER

"Way Down East" Plays Absolute Capacity on Second Day.

The continued inclement weather yesterday with its sleet, slush and slippery streets did not prevent Imperial Theatre's being packed with people from all sections of the city and suburbs to see the W. Griffiths triumph, "Way Down East." It was a tribute to the excellence of the production to find that Tuesday's business exceeded Monday's large crowds by close to 1,000 people. It is the history of "Way Down East" that it gathers patronage by leaps and bounds as its fame spreads locally. It is being shown all this week at the Imperial at 2:30 in the afternoon and 8 p. m. See advertisement for prices.

LOCAL NEWS

BANK CLEARINGS

The St. John bank clearings in November were \$13,466,648. In last year they were \$14,297,754. In Halifax for the month ending today they were \$18,501,518.

RUMMAGE SALE

The Working Women's Central Baptist Church is holding a rummage sale today in the Sunday school room in aid of the social centre fund of the church. The committee in charge composed of Mrs. Z. G. Allwood, convenor, Mrs. M. E. Campbell, Mrs. Geo. Scapellato, Mrs. William Smith and Mrs. Ellison.

WILLIAM MITCHELL

The death of William Mitchell occurred today at his residence, 87 Millidge avenue, after a lingering illness. He is survived by his wife, two sons—Frank W. of Woodstock, and Murray at home—and two daughters—Mrs. C. C. Lawson of this city and Miss Georgia at home. Many friends will sympathize with them in their loss.

STEELE-KING

A very pretty wedding took place on Tuesday evening in Holy Trinity church when Rt. Rev. Mgr. J. J. Walsh, V. G., united in marriage Miss Kathleen E. King, daughter of Mr. and Mrs. Robert King, Barker street, and John M. Steele of the North End. The bride, who was traveling suit of navy blue with hat to match, and seal skirt, was attended by her sister, Mrs. Dora King, James Owens supported the groom. Mr. and Mrs. Steele will reside in the North End. They have the best wishes of a host of friends.

DR. A. R. LANDRY TO GO TO PARIS

Has Been Awarded Surgery Scholarship—With Family Will Leave Moncton Next Month.

(Moncton Transcript.) A scholarship offered by the government of France and which was last week under consideration by a committee of prominent French Academics, has been tendered to Dr. A. Raymond Landry of Moncton and has been accepted. It is offered for optional subjects, and this year is devoted entirely to the study of surgery. The scholarship is for two years' duration and every facility is open to the candidate for study.

So soon as confirmation of the appointment has arrived from France, Dr. Landry and his family will sail. It is expected that they will leave about the last of December.

Dr. Landry is a son of the late Sir Pierre A. Landry, Chief Justice of New Brunswick. He graduated from McGill in Medicine in 1907 and was for four years on the staff of the Victoria General Hospital in Montreal. Later he spent one year on a post-graduate course in Paris. On his return to Canada he went to Edmonton, Alta., where for six years he was located, practicing his profession. After the death of his father he came to Moncton. In Edmonton, Dr. Landry was president of the Edmonton Academy of Medicine in 1911 and 1912.

Since coming to Moncton he has been prominent in civic affairs and has been vice-president of the Rotary Club and is president of the Moncton Canadian Club.

Aches and Pains of Rheumatism Sometimes They Are Unbearable

There are weather conditions that make rheumatism worse. They are not the same in the case of all persons. Some rheumatism suffer more in dry, warm weather than in moist, cold weather, but all suffer more or less all the time.

The cause of rheumatism is an excess of uric acid in the blood, affecting the muscles and joints, causing aches and pains. Hence the blood must have attention for permanent results in the treatment of this disease.

Hood's Sarsaparil has given entire satisfaction in thousands of cases. Do not fail to try it.

For a listative treat Hood's Pills.

PERSONALS

Mrs. E. J. Mooney will receive for the first time since her marriage, on Thursday afternoon, Dec. 1st, inst., at 77 Orange street.

Mr. and Mrs. Edward Holland and little daughter, Lucille, are visiting Mr. and Mrs. Harry Scovill of Hampton.

Mrs. R. W. Churchill of Hanstport (N. S.), is visiting her parents, Mr. and Mrs. R. E. Armstrong.

Stanley E. Zikin, M. P., arrived home this afternoon from Montreal.

Miss Josephine Lynch, Miss M. Fontaine, Miss B. Cotter, Miss R. K. Case, Mr. Gauthier, W. Downing, J. Kelly and Mr. Burke, of the C. P. R. winter port service, and E. Damsour of the passenger department, arrived in the city from Montreal this afternoon.

Ladies' felt slippers, new patterns. The kinds that please, that make the heels feel good. Percy J. Steel, 511 Main street. Will like them. Percy J. Steel, 511 Main street.

HAD GREAT TIME.

Last Car Club Gave Social and Dance Last Evening

The Last Car Club box social and dance, held last night in the Orange Hall, was a great success, with more than 150 present. Dancing commenced about 8.30 o'clock, continuing until ten. Then great fun was caused in the auction of boxes. Mrs. S. Coddell, the president, acted as auctioneer and proved a very capable one, bringing in some splendid bids, thanks to the generous response of those present. The box bringing in the highest bid was donated by Miss Mabel Carter, representing the emblem of the club. Coffee and dainties refreshments were served by the lady members of the club, assisted by many other willing helpers. A guessing contest on a large doll took place. As no one guessed the right name, it was put up for auction, and the highest bid was Roy. E. Underl, L. Day and W. Bradford. The doll was the evening most successful. A granophone loaned by the C. H. Townsend Co. also furnished good music. Songs and more dancing were enjoyed until midnight, when hurried "good-byes" were exchanged, and members returned to the North End to leave in order to catch the car which was kindly held by the New Brunswick Power Co. until ten minutes after midnight. In all it was a very successful and highly enjoyable evening, under auspices of this active social club.

MASONIC BUILDING IN PARSONS RD. N. S. IS BURNED, LOSS \$20,000

Parsonsboro, N. S., Nov. 30.—Loss approximating \$20,000 was caused by a fire early this morning which destroyed a building owned by the Minus Masonic Lodge, and occupied partly as a grocery store and barber shop.

HYDRO COST TO THE CITY

Statement by Commission Submitted to Mayor and Council.

The following is a copy of the letter from the New Brunswick Electric Power Commission to the Mayor, setting forth what a 6,000 horse-power of hydro-electric energy would cost the city, delivered at the sub-station on the outskirts of the city, the total actual charges being \$18,210.

St. John, N. B., Nov. 22, 1921.

His Worship the Mayor and Members of the City Council, St. John, N. B.: Dear Sirs, — In reference to various conversations between yourselves and the New Brunswick Electric Power Commission in regard to disposal of electrical energy from Musquash development, we now wish to place before you as completely as possible the information as to the amount of power available and the cost of the same.

The terms of the New Brunswick Electric Power Act contemplate that the commission itself will not act as a distributing agency to individual consumers, but rather as a wholesale agency supplying power in bulk, preferably direct to municipalities. The act further contemplates that all the operations of the commission, in so far as its relations with municipalities are concerned, shall be carried on on a basis of cost. It has developed in various municipalities that there seems to be some little difficulty in fully comprehending this idea. The fact is not that the public utilities everywhere today are operated fundamentally on this basis whether under public utility regulations or directly under municipal organizations. The New Brunswick Electric Power Act contemplates that the adjustment of cost shall be made directly between the parties interested rather than by the intervention of public utility commissions or other bodies. It is thought wise to emphasize this point in view of the fact that so much discussion to date has centered around it. It might further be stated that this system has been in successful operation for about ten years throughout the whole of the Province of Ontario, in its effect in the Province of Quebec, and in giving entire satisfaction. Its successful operation requires a full measure of confidence between the commission and the municipalities concerned and indeed there should be no difficulty in this, since the interests of both are identical.

Section 27 of the New Brunswick Electric Power Act states as follows:

(1) Any municipality may apply to the commission for a transmission line supply to the municipality of electrical power or energy for the use of the municipality and for the inhabitants of the municipality for light, heat and power purposes.

(2) The commission shall thereupon furnish to the municipality a statement of the price per h. p. at which the electrical energy will be supplied, etc.

As for the central generating station, the commission has not had any application from the city for a definite amount of power, although, in view of the fact that the city has a central generating station, it is assumed that the city does require a supply of electrical energy. The information available in the past is that the amount of electrical energy now supplied to the citizens of St. John by the central generating station is about twelve million k. w. h. per year, with a peak load of 4,320 kilowatts, equivalent to 5,760 h. p. It is also evident from reports available, notably that of Mr. Kenist, that there is a very considerable reserve in the city if it required the same. The estimates which follow, therefore, are based on this reserve, and the energy being taken by the city of St. John.

While the act specifically states that water shall be given on a basis of horse power, it seems preferable that they should be given on a basis of kilowatts and k. w. h., as electrical energy is invariably measured on this basis, and it is to be noted that a k. w. h. is equivalent to fifteen million k. w. h. per year, therefore, on the basis of the reserve available, the city could make no mistake in contracting for a supply of at least fifteen million k. w. h. per year, or at a maximum rate of per h. p. of Mr. Kenist, that there is a very considerable reserve in the city if it required the same. The estimates which follow, therefore, are based on this reserve, and the energy being taken by the city of St. John.

It is further desired to point out that, while the present capacity of the Musquash development, the commission will undertake to supply the needs of the city for any amount on reasonable power being given as there are other power sites in the vicinity which may be developed fully as economically as the Musquash development and the commission's transmission line from Musquash to St. John has been designed with this in view.

In order to place this matter before you as a detached manner as possible the commission would expect to be embodied in a contract as enclosed herewith. These terms and conditions are the result of careful study of contracts in force under similar conditions elsewhere.

For purpose of discussion we have filled in the amount of power in accordance with the suggestion already made in this letter but the amount is a matter of consideration. While it is necessary for the purpose of making a complete and definite contract to use certain technical terms as to maximum rate in k. w. and kilowatts amperes, it is suggested that all practical purpose will be saved by confining your attention to k. w. h. per year.

It is further desired to point out that maximum prices and minimum power capacities are given herein.

Yours truly,
NEW BRUNSWICK ELECTRIC POWER COMMISSION.
Sgt. E. A. Smith, Chairman.

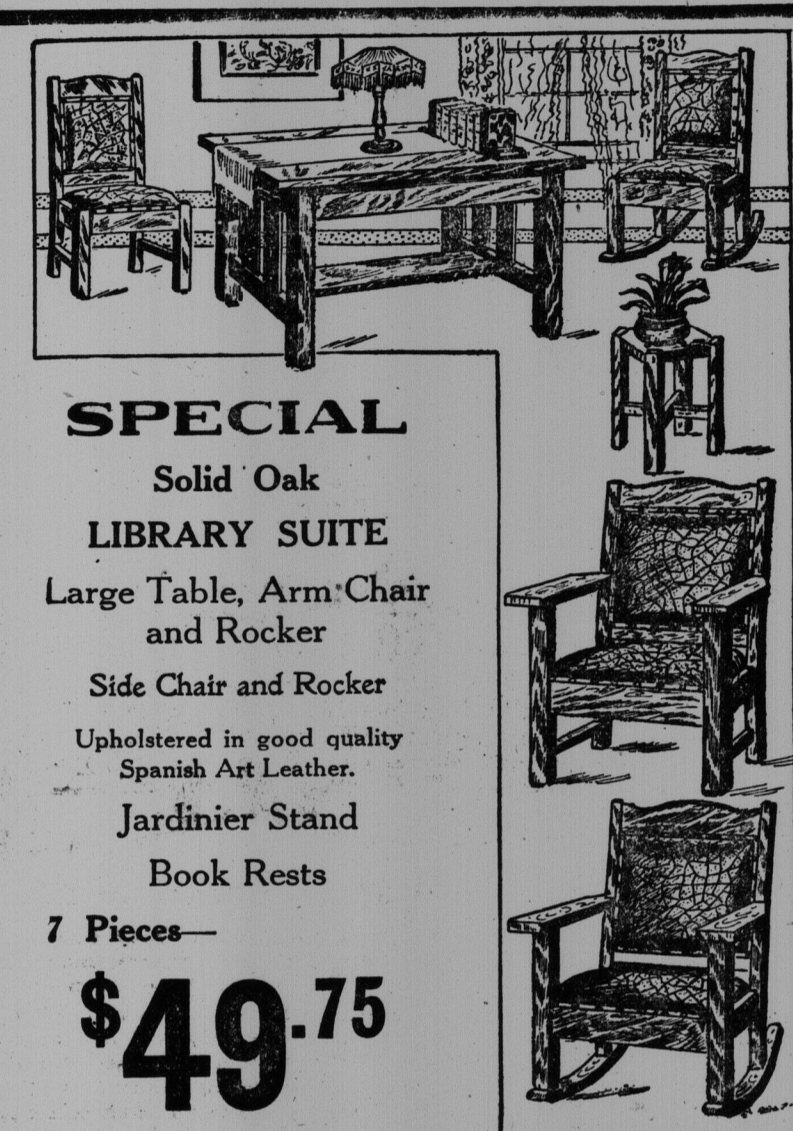

Everybody should see with equal clearness. If anyone tells you he sees clearly an object that looks blurred and indistinct to you, come to us for glasses. You need them.

FINAL MEETING IS HELD AT MISPEC

An audience that filled the Mispec house clear to the roof last night in the interests of the Liberal candidates in St. John-Albert, Dr. W. P. Broderick and J. R. McEllen, J. Fred Boyles presided. The speakers were the chairman, Dr. J. R. Gonnely, Major E. Mooney and Michael Kelly. Several who had been strong Conservatives said at the close that they meant this time to vote for the Liberal.

ADMISSION
LADIES 25c; GENTLEMEN 75c.

able items of the development at the end of their normal period of usefulness, all operating and maintenance charges such as labor, oil, waste, and repairs, taxes and insurances, and including an amount for power development and a portion of the overhead expenses of the commission. Details of the actual operating charges can be supplied if the city desires the same and time is allowed for the adjustment of cost if a contract is made between the city and the commission.

The Musquash development will supply at the substation at the outskirts of the city for any amount on reasonable basis, at least twenty-one million k. w. h. a year at a maximum rate or peak load of 6,400 k. w. equivalent to about 8,500 h. p. Assuming that the city contracts for fifteen million k. w. h. as suggested, the total actual cost to the city would be \$18,210, or at the rate of about 1.2 c. per k. w. h., equivalent to thirty dollars (\$30) per h. p. per year.

LORD MOUNT STEPHEN DEAD

(Continued from page 1.) of a railway to the Canadian west, which he knew through his association with it as resident governor of the Hudson's Bay Company. Smith and Stephen joined forces with the late J. J. Hill, Canadian railway magnate, who afterwards built railroads in the United States, and the trio acquired the St. Paul and Pacific Railroad, which had failed and had fallen into the hands of its Dutch bondholders. The line was built through from St. Paul to Winnipeg. The importance of this early venture on the subsequent development of the Canadian west lay in the fact that it made the building of the Canadian Pacific Railway possible, as supplies for the construction gangs operating in the otherwise inaccessible prairie section passed over it.

He married in 1853, Annie Charlotte, daughter of Benjamin Kane, of Montreal. This lady died in 1896. In 1897 Lord Mount Stephen married Glean, daughter of Captain R. G. Taffell, R. N. of London. The title became extinct with the death of Lord Mount Stephen.

One of the monuments that remain to the munificence of Lord Mount Stephen is the Royal Victoria Hospital, of Montreal, to the founding of which he contributed \$1,000,000.

LAWRENCE MAHONEY DEAD

The death of Lawrence Mahoney occurred at his residence, 23 Harding street, this morning. He is survived by his wife. He was a member of the fire department for thirty years and was a well known resident of the city. The funeral will be held on Friday from his late residence, to the Church of St. John the Baptist. Great in manner, he numbered very many friends who will be very sorry to learn of his death.

ST. ANDREW'S DAY.

As today is St. Andrew's Day, flags of "Auld Scotch" are being displayed in honor of the patron saint of that country.

The Women's League of St. David's Church will hold a tea and sale tomorrow afternoon from 4 to 6 o'clock.

Before leaving Canada, Lord Mount Stephen divided up his immense fortune, estimated at \$6,000,000, among his relatives in Montreal, retaining enough to support him for the rest of his life.
