ONLY TWO ROUTES  
MADE PROFITS FOR  
GOVERNMENT SHIPS

Canadian Government Merchant Marine Had Operating Loss of \$900,044.

(Special to Montreal Gazette.)  
Ottawa, Feb. 20.—The Canadian Government Merchant Marine has a big deficit this year. When Mr. Ballantyne delivered his marine budget last spring he figured out that for the year 1920 the fleet had earned 2.35 per cent. on the cost

THOROBREAD  
FLOUR

Becomes a Habit  
Milled by Hunt Bros. Limited London, Canada  
The flour of the hour—The housewife's power.

of the ships, but his critics complained that he reached this profit by such methods as allowing only two per cent. for depreciation, when the normal figure is five per cent., and that if the ships had been operated by a private firm and proper account kept, this result would have been a heavy loss.

This year there is no attempt to show profit. Information now available shows that there is an actual operating loss of \$1,761,244 for the calendar year ended December, 1921, while the actual amount the country is set back for the privilege of having a merchant marine of its own is between eight and nine millions. The gross operating revenue for the year was \$10,916,248, and the gross operating expenses \$11,816,292, or a deficit of \$900,044, to which must be added overhead charges, wharfage, etc., amounting to \$861,200, making the total deficit as given above.

Taking the actual investment, however, and making allowance for interest and depreciation, the loss is very much larger. The total investment in the ships at present is over seventy millions, and assuming that last year it was around \$68,000,000, interest at 5½ per cent. and depreciation at five per cent. on that sum amounts to \$6,800,000, which, added to the deficit announced on operation, gives a total loss of \$8,686,000. So far as the actual value today of the ships is concerned, it may be noted that a few days ago Robert Dollar, the shipping man who conducts a line of steamers out of Vancouver, bought three ships from the United States Shipping Board. Their original cost was \$200 a ton. He paid about \$30 a ton.

Two Routes Paid.  
Apparently the government ships made a loss on every route except two. On the voyages on the Australian route they made a profit of \$201,130, and on three voyages on the Indian route a profit of \$31,642. The loss on the passenger service to the West Indies, conducted by the Canadian Plover and Canadian Explorer, which have accommodation for thirty passengers each, and carry freight as well, was \$286,300. The government also subsidizes the Royal Mail line on this route to the extent of \$100,000 a year.

Figures on all the routes quoted, with the exception of those on the West India freight and passenger service, and including the Australian and Indian routes which showed a profit, are for the eleven months, including November. For that period, on the line to the United Kingdom, there was a loss of \$202,112 on forty-four voyages. On the six voyages to South America there was a loss of \$189,205; on fifteen voyages to European ports a loss of \$185,000; on the British Columbia-California route a loss of \$61,778. The loss on the entire West Indies service, including the freight ships and the combined freight and passenger, was \$241,945. On certain routes there were profits ranging as high as \$21,000, and if it had not been for the passenger service attempted, the West Indies operations might have come out on the right side, says remembering that interest and depreciation must be provided for.

RECENT DEATHS

Harold G. Pitt.

The death of Harold G. Pitt occurred early this morning at the residence of W. H. Dunham, 16 Albert street, the late Mr. Pitt's father-in-law. He leaves besides his wife, formerly Miss Greta Dunham, a two-year old son, George G., and his parents, Mr. and Mrs. George Pitt. He resided at Fairville Plateau and was for several years second officer on the steamer Empress.

Mrs. Robert Crawford, aged seventy-two years, died at her home in Sussex yesterday afternoon. Her husband died on Wednesday morning. They are survived by two daughters, Mrs. J. C. Snyder of Edmonton and Mrs. Graves, at home; one son G. C. Crawford of East Orange, Dr. G. R. J. Crawford and William Crawford of this city, are brothers and Miss Mary Crawford of St. John is a sister.

If Your Trouble Is Scrofula

As Often Acquired as Inherited.  
You have eruptions and sores, and perhaps enlarged glands of the neck. This blood disease affects the internal organs, especially the lungs, and if neglected may develop into consumption. It causes many troubles, and is aggravated by impure air, indigestion, food, bad water, too much heat or cold, and want of proper exercise. Hood's Scurvy Cure, a blood-purifying medicine that has been used with so much satisfaction by three generations, is wonderfully successful in the treatment of scrofula. Give it a trial. If a cathartic or laxative is needed, take Hood's Pills.

PUPILS ENJOY DRIVE

The pupils of the Glen Falls School accompanied by their teachers, Miss Nina McKell, and Miss Hilda Gallagher, enjoyed a sleigh drive to Torryburn on the afternoon of Feb. 14. On the return of the party a valentine tea was served in the school rooms. Hot coffee and cocoa were kindly supplied by Mrs. Buckle and Mrs. Cuthbert. At the close three cheers were given Mr. Whalen, Mr. Shortliffe and Mr. Stevens, who had so kindly given their time and teams for the entertainment of the school.

ABOUT BEANS

For good rich baked beans use plenty of clear fat pork and always make in the OLD FASHIONED BEAN POT made by The FOLEY POTTERY, LTD., St. John, N. B.  
When a Bean Pot is cold it should not be placed immediately on the hot test part of the stove. It is better to put it first on the shelf at the back and to move it forward a little at a time as it heats.  
Baking the beans in the oven gives the pot a better chance, as in that case the sides are heated as well as the bottom.

WEEK-END  
SPECIALS

Consisting of odd lots and broken sizes left in our stocks and the prices have been reduced to cost or lower—to avoid carrying over to next fall.

A Very Special Price For Men's Colored  
Shirts of Reliable Make

You will find a nice assortment at this price too. Values far beyond your expectations. It's quite likely you are needing new shirts just now. It will greatly repay your effort if you look into this special offering before replenishing your spring supplies. Cloths are strong and durable, patterns neat and refreshing. These shirts are made by manufacturers who realize the importance of fit and finish. Sizes 14 to 16 in.

Come in and see them on Saturday!

New Spring  
Ties  
They're Great  
Value

Made from soft silk weaves in some particularly nice patterns and color effects. The sort of ties that make a good ruff knot and stay properly placed. Every man should be the possessor of a lot of such ties as these. The price is very reasonable.

**Only \$1.00  
Each**

(Men's furnishings department, ground floor.)

Spring Arrivals in  
Cloth Dresses  
Offer Welcome Diversion

Pre-eminent among the new spring arrivals are the smart dresses of serge, tricotine and poret twill. These are very skillfully designed on newest lines, especially emphasizing the youthful chemise effect.

Sleeves vary greatly in style, the flaring mode with lower part of contrasting material and color is among the most noticeable and is highly approved by clever dressers.

For trimmings, lavish use of embroidery, braids, buttons, nail-head beads, metal rings, chain girdles, vestes and pipings of bright or light color are in great evidence and unmistakable popularity.

Delightful surprises are in store for those who are contemplating a new frock of this character in the near future.

(Showing in costume department, second floor.)
