tic lot. Ruth is a hero with them and already there have been many suggestions about how the Ruth case should be disposed of. It has been suggested that the American League ought to chip in and pay the difference to Ruth, as the player is a great drawing card in every city on the circuit.

It has even been suggested that a popular subscription be taken up among the fans to make up the difference between Frazee's offer and Ruth's demand for \$15,000.

McNeil. Joe Bush, Jack Barry, and Jack McInnis will make the trip by rail.

A series of seven games has been scheduled between the Yankees and the Robins. Three of the contests will be played in Jacksonville, where both clubs will train, and the four other games will be played in southern cities on the trip north. The two clubs will part company on April 17, after a game at Newport News. The Brooklyns will go to Boston, where they open the season on April 19, while the Yanks will play two exhibition games in Virginia cities, on April 18 and 19.

The first game between the clubs will

at Goldsboro, N. C. and at Newport News on April 17.

Both Yankees and Brooklyns should benefit by training in the same city, because three or four times a week the teams can play practice games of five or seven innings. This early practice against major league opposition all the time during the spring training period should put the players in shape much form in the past.

The Yankees yesterday released another pitcher, Ed. Munroe, to the St. Paul Club of the American Association.

The first game between the clubs will be played at Jacksonville on March 29, six days after the clubs start training. Games also will be played on April 5 and 12. The clubs will leave Jacksonville on April 14 and will play on that afternoon at Brunswick, Ga. On April 15 they will play an exhibition game
