**HAVE A COOL KITCHEN**  
 In Summer  
 Have done with the heat and drudgery of coal and wood cooking in summer, at least. Do away with the toil and dirt of ashes, of dust and kindling. Enjoy the comfort and economy of a  
**New Perfection Oil Cook Stove**  
 which does all the work of a coal range—does it better, and with about the labor—at a big saving in fuel. The long blue chimney gives a powerful working flame under instant control.  
 There Are 1, 2, 3 and 4-Burner New Perfection Stoves.  
 Market Square **W. H. THORNE & CO., LTD.** King Street

**LOCAL NEWS**  
**NEW RATES ON AUG. 12.**  
 The new freight rates on Canadian railways, which have been authorized by an order in council, will become effective on August 12.  
**ON VISIT TO SOLDIER.**  
 Mr. and Mrs. H. Scovil, Mr. and Mrs. E. Holland, Everett Saunders and party of seven motored to Sussex on Sunday to visit Private Lorne Saunders of the depot battalion.  
**WELCOME MISSEVES.**  
 Members of the local customs staff yesterday received from Ottawa a quarter instalment of their bonus money recently voted by the Canadian government. The total varies—100 and \$150—so the sums received yesterday were \$28 and \$37.50.  
**THIS MORNING AT CHAUTAQUA.**  
 This morning was observed as children's day at Chautauqua. They were in charge of Miss Frances Fricke, who gave out parts for a play to be presented by the children on the last day. A miniature town council was formed, after which members of the law commission gave their report and a thrift committee elected.  
**TOMORROW'S LAUNCHING.**  
 When the schooner being erected for Hon. W. E. Foster and Stanley E. Elkin, M. P., at St. Martins will be placed in her element the seaside village expects to be in a state of excitement. It is understood Mrs. Foster will christen the craft as it starts to glide. Several automobile parties will run up to St. Martins for the event and the railways will have special arrangements.  
**WILL PROBABLY HOLD DOG SHOW.**  
 The New Brunswick Kennel Club will hold a meeting in the near future to make plans for the annual dog show in St. Andrew's rink. The show will probably be held at the latter part of September or early in October. The prospects of an even better display of canines than last year are bright and owners of well-bred dogs seem to be growing enthusiastic over the friendly competition.

**REV. MR. STEWART HERE.**  
 Rev. J. Westra B. Stewart, Anglican clergyman, of Philadelphia, Anglian through the city today to meet some old friends in the Rothesay district before leaving for his home in Philadelphia. The reverend ex-St. John boy in excellent health and speaks enthusiastically of his Pennsylvania home. He has been visiting his mother in Montreal while en route. The Rev. Mr. Stewart was cordially greeted on all sides.  
**DRY LAKE PIPE.**  
 That work in connection with the installation of the large new water main at Dry Lake is progressing satisfactorily was a statement made by R. W. Wigmore, M. P., city engineer. It is stated there are about forty men working twelve hours a day excavating and twenty more are making the large forty-inch main pipe. The work is at present about 600 feet of pipe constructed, while 800 feet of a twelve inch terra cotta under main has been laid. He considers that the work will be completed about the first of October.

**THE DARKENED CITY.**  
 Speaking to a representative of the Times this morning, Mayor R. T. Hayes said that citizens have responded well to the desire of the authorities to darken the city. He said that it is the desire that they continue to do so until further definite announcement regarding the situation is made in a few days. In the meanwhile he wishes all those whose windows face seaward to be particularly careful to draw their blinds. With regard to store windows, he said, they should either be illuminated or else the blinds should be drawn half way down.  
**ROTARY CLUB PILGRIMAGE.**  
 Rotarian Governor R. W. Wigmore says that the visit of St. John Rotary Club members to the one year old club in Charlotteville, E. L., on the 20th of this month ought to be a very enjoyable and helpful one to both branches of the organization. President Van Buskirk of Charlotteville promises a warm welcome. The visit of the St. John Rotary Club delegation will take place at the same time as the meeting of the Pythian Grand Lodge and several gentlemen who are members of both organizations will probably combine their trip.  
**SCHOOLS ONE MONTH FROM TODAY.**  
 Already about half the public school vacation period has passed and boys and girls may make much of the remaining four weeks. On Tuesday, Sept. 3, exactly four weeks from today, the scholars will return to their studies. For the first time the Labor Day respite will be included in the general vacation, thus starting the schools off without the Labor Day break. So far the weather-man has been somewhat severe on the children but it is expected the ensuing month will be doubly pleasant out of doors.

**A GOOD RECORD.**  
 The Frederick Gleason says: "Daisy E. E. Perley, daughter of Mr. and Mrs. W. E. Perley of Fredericton, establishes an enviable record in the annals of high school history. Not yet thirteen years of age, she entered the high school in the first division. During all her school career she has missed only one day and a half, on account of illness due to compulsory vaccination. She has never been tardy once. In all her school work the young miss has stood at the head of her classes. She is the youngest to pass high school examinations." This bright young miss numbers many St. John friends who will be greatly pleased to learn of her continued success.  
**HOME FROM CALGARY FOR BURIAL.**  
 On today's western train the body of Mrs. W. R. Peck of Calgary, Alta., was brought to the city and this afternoon interment took place in Fernhill. Rev. Geo. Dawson of Exmouth street Methodist church officiating. The body was met at the train by a group of relatives and the young daughter of Mrs. Peck—Misses Gladys and Bessie Day—were affectionately greeted after their long sad journey. Mrs. Peck, who was the daughter of the late Oliver Pittsford, was also the widow of George R. Day, formerly of the public works department of N. B. and latterly located as resident engineer in Chatham. Mrs. Day re-married and went to the west to live.

**ST. JOHN PUPIL IS SECOND; THREE MARKS BEHIND THE LEADER**  
 Fred McCormick Wins Lieutenant-Governor's Medal For St. John County  
 The following are the names of the winners of the Lieutenant-Governor's medals in the High School entrance examinations held in June in the various counties, together with the names of the school in which the examination was written:  
 Albert, Zeeda Copp, Riverside, Consolidated; Carleton, Edward Clark, Woodstock, Grammar; Charlotte, Alice McCarter, St. George, Superior; Gloucester, Jennie Meryl Forrest, Bathurst, Grammar; Kent, Osborne Bacon, Richibucto, Grammar; Kings, Arvilla Mosher, Sussex, Grammar; Madawaska, Rosalie Levesque, Edmundston, Superior; Northumberland, Anna R. Loggie, Chatham, Grammar; Queens, Laura Darrah Baird, Chipman, Superior; Restigouche, Vera McBeath, Campbellton, Grammar; St. John, Fred McCormick, St. John, Grammar; Sunbury, Gertrude Ball, Fredericton, J. C. Superior; Victoria, Elizabeth Barker, Grand Falls, Superior; Westmorland, Randolph Lutz, Moncton, Grammar; York, Margaret Wallace, Fredericton, Grammar.  
 The highest three in order of merit are Margaret Wallace, Fred McCormick and Randolph Lutz.  
 The York county pupil was only three marks ahead of McCormick.  
 Master McCormick is a son of Ralph McCormick of Bellefleur avenue. He was a pupil in St. Peter's boys' school and was the winner of the gold medal given to the one making the highest marks in the high school entrance examinations.

**HARRY LAUDER FOR BRITISH PARLIAMENT; ANOTHER VISIT HERE?**  
 The last issue of Variety, an authoritative theatrical publication, states that Harry Lauder intends standing for the British parliament in the constituency of Leicester and if elected will probably terminate his stage career. This announcement does not seem to coincide with a personal letter Mr. Lauder recently wrote to a St. John theatre manager in which he said he expected to have the pleasure of appearing in St. John again before his retirement.  
 Mr. Lauder is due in America next December for a definite farewell tour. He is practically booked for Montreal for January. When Rev. George Adam was in St. John some weeks ago in connection with the Y. M. C. A. campaign he said he and Mr. Lauder were intending taking an "Australian pleasure trip" together. Dr. Adam is Lauder's bosom friend and it was with him the Scotch comedian visited the trenches last year. The Vallance family of Amherst, N. S., are Mrs. Lauder's own sisters and brother.

**EASTERN BANK OF THE RIVER GROWS POPULAR**  
 The advent of the Valley Railway on the western side of the St. John river is narrowing the undisputed sphere of the automobile somewhat along that popular scenic route and already autoists who like to journey in untraveled country are taking to the opposite side of the stream. This eastern bank of the St. John has always been a matter for second thought by automobilists as it is somewhat difficult of access from the city by ferry, but now this straddling of the Kemebecassis is getting to be a small matter at either the Millidgeville or Gondola Point crossing. Once on the other side the trip overlies through Long Reach by short and the whole stretch of familiar river country—an entirely new auto route to many—is opened up. The Cedars and other popular points are very accessible. People motoring to places located beyond the Bellefleur branch of the river proceed to Norton and cut inland over a splendid system of highways, reaching the big stream in a surprisingly short time. St. John people are rich in auto routes and in this regard are the envy of our sister city, Halifax.

**REAL ESTATE NEWS**  
 Transfers in real estate have been recorded as follows:  
 St. John County.

 Nan Smith et vir to G. E. Barbour, property in Carleton.  
 Oliver Sweet to Bessie L. Bradshaw, property in Beach street.  
**WHY HAY CROP IS LIGHT**  
 The lightness of the hay crop this year is a matter of surprise and dismay to many farmers and for a time even the studious and scientific ones were at a loss to assign a reason for it. Now, however, there seems to be general agreement that the poor crop is due to winter-kill at the time of the first frosts last fall. It will be recalled that, following a heavy rain, a sharp spell set in and glazed the fields with ice. After this freezing snap an early snowstorm blanketed the country far and wide. This plentiful snow was considered a boon and everybody predicted a bumper hay crop. Now it transpires that the snowy covering was not such a help after all as the grass roots were injured before it arrived. At least this is the way it is being figured. Lowland hay has suffered greatly from excessive rains, too, especially intereries which were flooded to boiling depth.

**MACAULAY BROTHERS & CO.**  
 Stores Open Till 10 o'clock Every Friday Evening—Closed Saturday at 1 p.m.
