STIRRING ADDRESS BY PRESIDENT-FOLEY

Victoria Branch of Provincial Progressive Party Is Organized-The

local branch of the Provincial Progressive Party was formed. Chris. Foley. long and able address on the Kamloops platform and on the aims of the organization, insisting upon the necessity of workingmen combining with the progressive section of the public and so acquiring political influence, without which unionism offered but a poor protection to labor. He declared himself for moderation for progress rather than for political

letter recently addressed to the various trades and labor organizatious through-

formulated at Kamloops.

Mr. Foley, who was received with applause, then addressed the meeting. He said: "I am pleased to have an opporshow you that such an idea is a mistake. It is true that the statute books occupied the position of third parties. The great Rupublican party in the United States was at one time a third party, and the government of Germany is today controlled by half a dozen parties—with the most beneficial results to the people of that country. We propose to generate out of the various political ele-ments that exists in this province a third party strong enough to be able to force ments that exists in this province a third party strong enough to be able to force the government to cease legislating in the powerful momental to the government ownership of railways, the government to cease legislating in the neonle had built the resiling of the property of powerful momentalists.

ness men and of labor are identical.

can be no doubt that there is an infernal curse hanging over our present system of taxation, and if the majority of the people see—as I believe they must—the evil of it, why should we allow the system to continue? Land monopoly has been a curse in every age and in every clime. It has been the cause of the downfall of ancient empires, and it is to-day the danger that threatens the prosperity of many civilized countries, because it removes the peasantry from because it removes the peasantry from the land to which they belong and puts a chosen few in their / place. In England the land monopoly is certainly a curse. Thousands of acres of land are there being transformed from productive fields to game to preserves where hirds and animals are determined from the land monopoly is certainly a curse. Thousands of acres of land are there being transformed from productive fields to game to be declared that women practically controlled education in this province, and the declared that the protection of the preserves, where birds and animals are being bred to furnish material for scenes franchise to women would make for

of bloodshed for brutal people in the purity in politics and morality in private life. Continuing along that line Mr. Foley denounced the British sportsman as a being but little removed from his Rosaid would save great losses in the comman ancestors, who delighted in the cruel games of the arena. He then passed to the consideration of some of the results of the "unearned increment," instancing fairs existed in Recoloration of affairs existed in Recoloration of a fair and the complex recombination of the complex of the "unearned increment," instancing fairs existed in Réssland at present, the buke of Westminster, whom he dethe Duke of Westminster, whom he described as "controlling" London. This noble lord had, he said, somehow acquired a large amount of land which had at one time been worth little, but had since by the extremely a strongly in favor of the great size of the creek beds there. Gelineau and Bell, in early the extremely a strongly in favor of the great size o since, by the extension of the great city and by the building of the citizens, become of immense value. So that the Duke had benefited by the work of the people, to whom by rights the wealth created by their efforts belonged. Proceeding, he said: "But we do not need to portation companies. Even if there was go to Europe for examples of the curse of land monopoly. By examining the statistics you will find that there is an enormous importation into this province of food products, all of which could, and ought to be produced here. If we could only break up some of the great company is interest he would contains not could only break up some of the great land monopolies in the interior, and especially in the Okanagan district, there would be enough territory available to supply all the agricultural and garden in the platform, Mr. Foley turned to the wood

tion. In East Kootenay there is a wide ince, and drew a somewhat pessimisti tract of excellent land stretching from picture of the future in regard to the the international boundary line to Golden. In that country game and fish abound, wages in Eastern Canada and America and it is in every way an ideal place for had reached the lowest possible ebb, and ettlement. But it is all held by a few that this condition of affairs was steadiindividuals who will not part with it, ly moving westwards. The unions could who are waiting until the value of the land is enhanced by the development those who would not work for a living work of the miners. There is the little wage only were being driven gradually settlement at Cranbrook, where land is further West in spite of the efforts of now worth \$2,000 an acre, while a short labor organizations. If the working men time ago it was worth next to nothing. desired to retain a fair rate of wages That land belongs mostly to Col. Baker, they would have to rely not upon the who has become rich through the discovery of coal at Fernie, and the consequent construction of the Crow's Nest Pass railway, which was built with the lands and money of the people. Then the East it was also coming in from the there is the fertile valley of the Okana-Pacific—from China and Japan—and un-Into that section with the assistance of enemies of the working men, because ar There was a fair attendance at the Labor hall on Monday evening, when a local branch of the Provincial Progressional branch of the Provincial Progression who will not sell it to settlers, and the little villages which had the president of the party, delivered a long and able address on the Kamloops platform and on the aims of the organi-

labor. He declared himself for moderation, for progress rather than for political revolution, and alluded more than once to the fact that most of the "planks" in the platform of the party had been accepted by the great political parties in many European countries.

a man who only employs Chinese of Japanese and the surprising rate of \$8 per month! At the foot of Okanagan lake there is another beautiful valley, with lakelets and rivers, rich grass and an abundance of game. And there sits a land hog in an old house, without even a land hog in an old house house hous D. L. Kelly presided, and after he had called the meeting to order and announced its object, the secretary-treasurer, Jas. D. McNiven, read the circular letter recently addressed to the meeting to order and announced its object, the secretary-treasurer, Jas. D. Mr. Foley, who was received with approximately and they can be forcibly cut up by legislation, as has been done in the colony of New Zealand. A picture of the other side of the question may be

seen at Mission Valley, a piece of country only three or four miles in extent, where sand: I am pleased to have an opportunity of addressing the people of Victoria, especially for the purpose of effecting an organization of a local branch of the new party. No doubt some people think that there is no room for a third party in this province, but I think I can play you that guch an idea is a michay in the people of Victoria, especially for the purpose of effecting an organization of a local branch of the land is divided up into small holdings. There is a little tobacco factory there, and there is a church steeple risbrick school house, around which you may see groups of happy children. And of this province are strewn with laws made in the interests of labor, but the cottages surrounded with flower gardens adopted by the trustee board last December 1. And the ensuing year were adjusted Monday night in accordance with the regulations adopted by the trustee board last December 1. trouble is that they are not enforced, and labor can expect little real aid from the labor can expect little real aid from the wandering over the rough mining countrouble is that they are not enforced, and labor can expect little real aid from the labor can expect little real aid from the wandering over the rough mining counlegislature until there are representatives try is stirred with memories of his old exceed \$600 per year.

The subject was

in the House pledged to that party. I believe that most of the great political parties of the world have at one time occupied the position of third parties.

The great Rupphlican party in the Unitcannot afford to marry and raise children! The government protects every Miss Alice Wirglesworth and Miss Winindustry except the greatest of them all —"the propagation of the race." (Laugh-Turning to the consideration of the

the government to cease legislating in the interests of powerful monopolists. That is our object, tand it is one in which the interests of the ordinary business men and of labor are identical. Mr. Foley then proceeded to discuss paid for But the people had gone mad some of the principal planks in the party's platform, commencing with the and as that development could only be preamble which provides that as a first accelerated by the construction of rail principle the party will nominate, endorse and support only such candidates for the legislature as will place their resignations in the hands of the convention which nominates them, such resignations in the fands of the convention which nominates them, such resignations are resignations in the hands of the convention which nominates them, such resignations are resignations and support only such as a first ways they did not care what price they paid for those railways. The railway question was of the greatest importance to working men. The C. P. R. Company practically dominated the situation by Governor whenever a majority of the scarce in any section the C. P. R. Comconvention should consider such action advisable. Mr. Poley said that he was not prepared to endorse that preamble in its entirety. He thought there should be left a little sea room in the platform for those who were in sympathy with the party, but were not of it. The party would not be doing justice to itself by keeping too closely to the letter of the law. He had been unable to attend the convention at Kamloops when that preamble had been carried, and had he been present he would have fought its passage to the last.

The effect and carry cheap labor to that section. During last summer when it seemed probable that labor would be scarce during the harvest in Manitoba and the Northwest, the company had distributed glowing circulars in Eastern Canada concerning the condition of the labor market in the West, and very soon the trains arriving at Winnipeg were black with men who expected to get paid \$100 a month during the harvest. But the natural result of the company's action had been that the price of labor for harvesting fell to \$30 a month and many of the arms. convention should consider such action pany would promptly advertise the fact The first plank, the shifting of all to \$30 a month, and many of the newtaxes from the producer and his product comers after the necessary waste of time to the land values, was next considered. Mr. Foley, after pointing out that this policy originated with the late Henry George and had been accepted in other countries, said: countries, said:
"I should like to ask any man what objection he has to the single tax. There can be no doubt that there is an infernal Manufacturing companies secured preferance.

products necessary for home consump position of the laboring class in the prov-

gan, stretching from Sicamous to the boundary line, 100 miles in length. A day be a great industrial fight. The few years ago a railway line was built railways were in many ways the greatest employer who wished to lower his rate poverty would immediately set in from some slum, in New York or elsewhere to

some of those present took party, after which a committee, consisting of Messrs. The roll of membership was then subscribed to by a number of the audience, and after a vote of thanks to Mr. Foley, the meeting closed.

GROCERS FORWARD A PETITION TO COUNCIL

Revenue Amendment By-Law Laid Over for Week for Consideration of Proposed Alterations.

At the regular weekly meeting of the city council on Monday two of the alder-manic seats were vacant. Alds. Yates and Grahame were both absent, Mayor Hayward explaining that indisposition was the cause. Economy was discussed at frequent intervals during the proceedings, one alderman being even opposed to band concerts or at least to the number advertised by tender. The Revenue Amendment By-Law was reached, but its consideration deferred for a

W. Thorn, mayor of Capetown, wrote asking if the council was prepared to subscribe towards the Rhodes memorial fund. The money is to go towards the erection of a colossal statue in honor of the dead statesman. Received and filed.
Frank J. Clarke, secretary of the
Tourist Association, notified the board that the department of marine and fisheries were willing to prohibit the use of pared to interfere with time worn cuscems in stopping the natives using wears at the mouth of the Cowichan river, thus depleting stock of fish. The association mended the purchase of a plot of ground on both sides of the river, which ould be acquired for a small sum, and would obviate the trouble, and at the tism and sciatica cause more helpless same time preserve a valuable fishing ness, acute suffering and agony than any
