BOSTON POLICE OFFICER

Dear Sir,—From exposure, I took sick about nine years ago with Rheumatic Fever, from which I suffered about four months. When I recovered from the fever I found myself suffering with pain in my side and constipation, which brought on the piles. I consulted a physician, and paid him over \$200 for attending me, and all the while I was gradually growing worse. Then one physician after another was employed, until seven of the best physicians of Boston had taken my case in hand.

On consultation between several of the leading physicians, they coucluded my complaint was asthma and general debility. I had great difficulty in breathing and an inhaler was required to afford me breath. Through the treatment of one physician i took from 75 to 100 boxes of calomel pills, and faithfully tried alme medicine that each physician and interest that the second of the country of the second of

I kept on improving, and kept on using the Vedeting, and I am now 40 pounds heavier than I ever was before in my life, and am, as I think, a living contradiction of the prophecies of t'e most learned medical taint of New England, for with all of their combined risdom, they could not accomplish so much as hat simple vegetable medicine called Vedeting to thich I am indebted for beath, life and happiness. In my in oed from the 3d of November until the urididip of the following June, and on an average did not at up two hours a week; I had eight of the best physicians in the state, but got no help, and constantly grew vorse. They agreed that I had heart disease, phthisis, pyaemia, and kidney complaint, and could never be any better. I was reduced in weight 50 pounds, which is much, for I am naturally thin. In June, finding I was failing under the treatment of the physicians, I commenced the use of Veentries through the earnest persuasion of friends, and, I am happy to state, with good results. I have gained ten pounds in weight, and can sit up all day, walk half a mile and ride six.

I am greatly encouraged, and shall continue using the Veentries if I can get it. I sm a poor man, but for the truth of this statement I refer to any man in Goffstown or vicinity.

The Sailor Boy's Farewell. Farewell to father-bless In spite of metal, spite of bulk,

His cable soon may alip;

Yet while the parting tear is moist

The flag of gratitude I'll hoist

In duty to the ship.

Farewell to mother-first class she Who launched me on life's stormy s
And rigged me fore and aft;
May providence her timbers spare
And keep her hulk in good repair,
To tow the smaller craft.

Farewell to sister—lovely yacht, But whether she'll be manned or not I cannot now forsee; May some good ship a tender prove, Well found in stores of truth and love, And take her under lee.

Farewell to George—the joily boat,
And all the little crafts afloat
In home's delightful bay,
When they arrive at sailing age,
May wisdom prove the weather gauge,
And guide them on their way.

Farewell to all on life's rude main. Farewell to all on life's rude main,
And though we ne'er may meet again
Through stress of stormy weather
Yet summoned by the board of love
We'll anchor in the port above,
And all be moored together.
