KE WALTON'S PRAYER.

dear Lord
ndless hoard
and gear,
wels fine,
nds nor kine,
asure heaps of anything—
ut a litte hut be mine
at the hearthstone I may hear
cricket sing
ave the shine
glad woman's eyes to make,
poor sake,
mple home a place divine;
e wee cot—the cricket's chirr—
nd the smiling face of her.
not for
iches, nor
st estates, and castle halls—
ne to hear the bare foothills
hildren o'er
aken floor,
inged with sunshine, or bespread
out the tiny coverlet
Kow for the baby's head;
y Thou, may
r stand open and the day
ver in a gentle breeze
ragrance from the locust trees,
drowsy moan of doves, and blur
in-chirps and drone of bees,
afterhushes of the stir
rmingling sounds, and then
good wife and the smile of her
the silence again—
he cricket's call
And the wee cot,
ear Lord of all,
Deny me not.
ot that
mble at
ver of place
lordly sway—
ray for simple grace
my neighbor in the face
onestly from day to day—
his horny palm to hold,
ill not pray
gold—
ed face, garlanded with mirth,
he kingliest smile on earth—
t brow, diamonded with sweat,
er need of coronet.
d so I reach,
Dear Lord, to thee,
nd do beseech
Thou givest me
cot, and the cricket's chirr,
d the glad sweet-face of her.
—James Whitcomb Riley.

NOVA SCOTIA.

HALIFAX.

Halifax, Nov. 24.—Captain Bloomfield Douglas arrived today from Ottawa. Capt. Douglas says he was appointed by order-in-council commissioner to investigate charges of political partizanship preferred against government officials. He had power to subpoena witnesses and administer an oath; his jurisdiction extended from the Bay of Fundy to P. E. Island and his commission included the departments of marine and fisheries, customs and public works, post office department, and likely also the railway employes in P. E. Island. Capt. Douglas said he would not hold public court. He would preside alone. The report that Mr. Russell, M. P., would sit with him in Halifax is incorrect. He would consult with Mr. Russell as to a convenient time and situation for holding the court here. The officials against whom charges were preferred would be notified and given time to prepare their defence. Capt. Douglas said there were now about fifty cases for investigation, and there would probably be fifty more before his work was finished. From Halifax Capt. Douglas goes next week to Baddeck. He could not say when he would likely be in the western counties of Nova Scotia. From Baddeck Capt. Douglas will proceed to tour Cape Breton, P. E. Island and New Brunswick.

A meeting of the directors and shareholders of the Halifax Gas Light Co. was held this morning to receive the reports of the directors who went to Boston in connection with the sale of plant, business, etc., of the Halifax Gas Light company to the People's Heat and Light Co. President Farrell explained the negotiations he and other directors had with the People's Heat and Light Co. He stated that an agreement had been arrived at whereby the transfer of the plant, etc., of the Halifax Gas Light Co. was to be made to the People's Heat and Light Co. for the consideration of $300,000. A deposit of $25,000 had already been paid and the balance of $275,000 was to be paid on January 1st. The shareholders are to get 75 per cent. on the dollar in addition to a dividend of 3 per cent. declared last Saturday, and also 8 per cent. more of a dividend to be paid, thus allowing the shareholders the sum of 86 cents on the dollar. A new set of books has been opened, and the People's Co. will make all collections since November 1st.

C. S. Harrington has been retained to contest the right of the exhibition commission to expropriate property at Willow park. Mr. Harrington has received instructions from the Dominion Cotton Mills Co. to carry the case to the highest court if necessary.

Halifax, Nov. 25.—The annual report of the Acadia sugar refinery has been issued. The directors regret that owing to the great decline in the value of sugars during the last half of the financial year and the close competition in the home market, the year's business has resulted in a loss of $24,-790. The balance at the credit of the profit and loss of $51,822, was brought down from last year. Two dividends amounting to $95,386 were paid during the year, and the sum of $68,354 at the debit of profit and loss is carried forward. During the first part of the financial year the business of the company warranted the directors in declaring an interim divident of four per cent on preferred stock, but during the last six months, for reasons given above, the operations of the company entailed heavy losses. Business in Canada was also interfered with by the dominion elections in June. The directors regret to report the loss of the Moncton refinery by fire. The property destroyed was covered by insurance.

The statement of Nova Scotia crops issued by secretary of agriculture shows the yield of the past season to have been far above the average in nearly everything except potatoes, which, owing to the continued rains, are below. The fruit is greatest in the history of the province.

Halifax, N. S., Nov. 27.—The interprovincial college Y. M. C. A. convention is in session at Dalhousie college. Representatives of Mount Allison, the University of New Brunswick and Acadia are present. An "at home" was held tonight, attended by 500. Among the guests were the St. John football team, who were particularly mentioned in President Forrest's address of welcome.

Halifax, N. S., Nov. 29.—A crowd of boys were teasing Robert Melton, an artilleryman on Saturday evening, when he drew a revolver and fired into the crowd. No injury was inflicted. Melton was arrested.

The steamer St. Lawrence, formerly on the Charlottetown-Pictou route, left Lunenburg at nine this morning for St. John. She had put into Lunenburg Saturday on account of the fog.

The Maritime Inter-Collegiate Y. M. C. A. last night decided to hold its next meeting at Wolfville with the Acadia college on three days following Thanksgiving.

The Italian cruiser Christoforo Colombo, having on board Prince Luigi, arrived at three this afternoon from Boston. On entering the harbor she saluted the citadel, which returned the courtesy with a royal salute, 21 guns. The prince did not come on shore this evening, preferring to remain on board until tomorrow, when he will land and take in the sights.

AMHERST.

Amherst, Nov. 22—Mrs. D. J. Clarke of the Joggins Mines is in town on a visit to her parents, Mr. and Mrs. Henry Hicks. Her husband is also in town looking after an insolvent estate for W. C. Pitfield of St. John.

Charles Smith, a wealthy ship owner, closes up his residence at Port Greville this week and will remove to Amherst with his family for the winter.

The cold snap has been severely felt here and in some instances the water pipes have been frozen. On Saturday morning the thermometer registered 8 degrees above zero.

Rev. J. L. Miner, who has been holding special meetings at Salem, yesterday baptized several converts by immersion in the brook to the rear of Alex. Campbell's residence at Brookdale.

A sperm whale recently captured at Lorneville is on exhibition at the Grand Central hotel. It is eighteen feet long.

The funeral of the late Mm. Vernon of Minudie and his uncle, Gideon Vernon, formerly of St. John, but late of Harvey, Albert Co., took place on Sunday morning at ten o'clock from the residence of the late Gideon Vernon at Harvey. Wm. Vernon and his uncle died on the same day. The father of the late Gideon Vernon was born in Philadelphia in 1777 and was a loyalist, who came to the provinces during the revolution.

Frederick Porter, an employe of Rhodes, Curry & Co., had three fingers of his right hand taken off by a buzz planer on Friday.

Miss Mabel Cole, who has been ill some time, has had a relapse and her recovery is despaired of. She was a very promising young lady, possessing rare musical gifts.

The Roman Catholic congregation at the Joggins Mines hold a goose supper in Hennessy's hall on Tuesday evening.

Amherst, Nov. 25.—The marriage took place last evening, at the residence of her uncle, Silas E. Travis, East Amherst, of Miss Mary, daughter of the late Albert Bent, to Roland, son of Charles McLellan of Falmouth, formerly of McLellan's Mills. Rev. Dr. Steele officiated. The couple left for their future home at McLellan's Mills.

Prof. Prince, commissioner of fisheries, will meet the lobster fishermen of Cumberland at an early date to get their opinions as to whether the present close season for lobsters should be continued or one established later in the autumn. The minister is determined that the close season, once established, shall be rigidly observed and no extensions of fishing privileges granted under any circumstances. Prof. Prince will also investigate a grievance in reference to the taking of smelts. Under the present regulations smelts can only be taken through the ice, and as the rivers of northern New Brunswick are frozen over a fortnight before the River Philip, when our fishermen get to work, they find the market glutted and the prices down.

Captain Douglas will be in Cumberland at an early date to investigate charges of offensive partisanship against customs and railway officials, as well as against officers in the fisheries department.

George Hillcoat, formerly of Sussex, but for some years a resident here, died this evening. He was electrician in the electric light works and a valued member of the Amherst band. He leaves a widow and four children. Funeral Friday afternoon.

SOUTHAMPTON, N. S.

Southampton, N. S., Nov. 26.—An inquest was held on the body of Wm. Welch, found dead on the roadside on the River Hebert road, as recently chronicled in the Sun. Drs. Rand and Corbett, who held the autopsy, found that the heart had been enlarged very much and that other internal organs were affected. The verdict rendered was death from heart failure, due to exhaustion. The deceased had been apparently in good health, except for occasional pains in the head. He was about 48 years of age, and leaves a mother, wife and three children. The funeral will take place on Saturday.

FUN AND ENTERTAINMENT FOR THE LITTLE ONES.

Parents and Others are Delighted.

One Big Combination for Ten Cents

Will you be in the rush and swim? Can you afford to spend ten cents for the biggest and most useful aggregation of interesting matter ever offered to the public?

Wells & Richardson Co., Montreal, manufacturers of the celebrated Diamond Dyes, having a desire to make a widespread introduction of their new "Excelsior Rhyming A B C Book, Illustrated," make the following extraordinary offer, good for thirty days:

First: One "Excelsior Rhyming A B C Book, Illustrated," a real gem of lithographic art. It measures nine and a quarter inches long and six inches wide; the cover is rich and artistic; each letter of the Alphabet measures two and three-quarter inches long and two inches wide, and no two letters are of the same color. Each letter has an appropriate illustration and a verse.

A leading Montreal school teacher says: "It is one of the very best and certainly the most attractive of mediums ever placed before the little tots from which to learn the English Alphabet."

The demand for this book novelty is already taxing the printing capacities of the lithographers.

Second: A full size Cabinet Photo of the "Three Future Kings of England," —the Prince of Wales, his son the Duke of York, and the little son of the Duke. The photo is beautifully finished, fit for any parlor, and well worth from 25c. to 40c.

Third: One package of the famous Diamond Dye Ink Powder, which makes sixteen ounces of pure and brilliant black writing ink, sufficient to supply a family for a year.

The above mentioned combination, worth 85 cents, will be sent to any address for ten cents.

Send us ten (10) cents in money or stamps as soon as possible, so that your order may be filled promptly.

Send small silver coins, or the proper amount in one, two or three cent stamps. Stamps of larger denomination will not be received.

Seal your letters securely, and before mailing be sure you put on full postage, three cents in stamps. If full postage is not prepaid, letters will not be accepted.

THE CUBAN REBELLION.

Political Offenders to be Sent to African Prisons.

A New York Newspaper Correspondent Arrested at Havana on Thursday.

An Englishman Tells of the Brutal Treatment to People in Spanish Prisons.

Havana, Nov. 25.—Antonio Coloma, who was the first insurgent leader to rise in Matanzas, will be shot tomorrow in the Cabanas fortress.

New York, Nov. 25.—The Commercial Advertiser says: Ramon O. Williams, former United States consul general in Cuba, who has been in Europe since last September, and spent the last two months in Spain, has cabled to his son that he is to return home on the North German Lloyd steamer, which is due here next Tuesday. Mr. Williams' visit to Spain soon after his resignation as consul general, has caused much speculation as to its object, and many persons believed that it had some connection with the Cuban revolution.

New York, Nov. 25.—The officers of the steamer City of Washington, which arrived today from Havana, say that Havana is in the worst possible state of fear. The residents are momentarily expecting an attack by the insurgents. The prisons are full, business is at a standstill, and merchants of Spanish ideas are preparing to leave the city.

A passenger named J. W. Brown, an Englishman, recently released from a Cuban prison, where he had spent a month for shouting in the streets of Havana, "Cuba libre," and who was expelled a week ago by order of Captain General Weyler, was one of the passengers. Brown said that his treatment by the Spanish officials was brutal in the extreme, and that if he had not had papers proving him to be a British subject he would have been shot, or would still be in a Spanish jail. He has been four years in Havana, and is now on his way home.

"Cuba, in my mind, is lost to Spain. The latter country is now on her beam ends, and the storm on the little island will soon engulf her," he said.

Brown declared that no political prisoner in Cuba knew what he was arrested for until he had been in a prison cell for some time. As to his own case, he does not remember of having given the Spaniards any just cause for his arrest.

"Let me tell you something of Weyler's system," he said. "Honore Laine was captured by General Maceo of the Cuban army about nine months ago. He was detained but a few days. After his liberation Laine returned to his home in Havana. Later he was arrested at the instigation of a personal enemy, a particular friend of General Weyler. Several months after his arrest he was tried before a jury composed of Weyler's own creatures and declared innocent. Did that make any difference? Not a bit. He is still held a prisoner and his case tion of the French government.

"General Weyler showed his displeasure toward the court that declared Laine innocent by sending its officers into the field as a punishment. Mr. Laine is a Frenchman, and is trying to get his case to the attention of the French government.

"Weyler has had many foreigners arrested. He detests them. Most of the prisoners have never seen the light of day. Finally they drop out of sight; it saves the cost and trouble of a trial. The poor Cuban gets short shrift. It is sufficient to know that he is a sympathizer in the cause. That is his death warrant."

Mr. Brown related many instances of alleged cruelties by the Spaniards.

Dr. David Kyler, another passenger, says that Spain's cause is lost, and that General Weyler has 30,000 sick soldiers on his hands.

Havana, Nov. 27.—Seventy-four Naingoes and eighty cattle thieves, and sundry political offenders will be despatched to the African prisons tomorrow. The new public trial of Julio Sanguily will take place on Dec. 21st. Four political offenders were arrested here today.

Captain General Weyler arrived safely at Mariel today, where he was received by the authorities, large crowds of people, etc. He immediately started for Artemisa, and on arriving there visited the hospitals, found them in an improved sanitary state and the health of the troops was generally better. From Artemisa the captain general went on to Vuelta Abajo by train, leaving the cavalry and the brigadier general, Calixto Ruiz, to join him later.

Gen. Weyler is accompanied by his chief of staff, Gen. Escribano, and his aide-de-camps, Admiral Navarro, Generals Leono and Bazano, the secretary of the government, the Marquis of Palmeralo, Staff Commanders Dominguez and Germanidi and Dr. Jova of the medical staff, bid farewell to the captain general when he left Havana at one o'clock this morning.

A special train is on its way here from Artemisa with 441 officers and 483 sick soldiers. A convoy of sick, consisting of two officers and 213 men, in carts, are on their way to Guamajay. Thirteen men who are seriously ill, have been left in the hospitals at Artemisa.

The mayor of Artemisa and the members of the city council have provided wines and cigarettes for the carts, and oxen have also been provided by them for the transportation of the wounded who cannot be placed on the trains.

Last night shortly before leaving here, Captain General Weyler signed a decree ordering the redemption of the present gold bills by the issuance of 20,000,000 of silver bills. The gold bills will be exchanged by the Spanish bank for the new bills from Dec. 1st to 31st; after that date the gold in circulation will be declared equivalent to silver.

The new bills are to be redeemable from and after January 1st, 1897, at the Spanish bank with coin. The government will make a deposit with the bank of one-third of the 20,000,000 in coin. It will also levy a duty of five per cent on the official valuation of merchandise imported into the island from all countries, the valuation to be fixed in accordance with article 132 of the established custom house law. The duties are to be payable in silver beginning with products deposited in the custom house on January 1st.

C. B. Pendleton, correspondent of a New York paper, was arrested last night while upon the point of embarking for Key West, on the steamer Aramas. It is believed that his detention is due to the fact that there was something wrong with his passport or other papers.

Havana, Nov. 29.—Last night a dance was given at the theatre for the benefit of the Red Cross fund. The best society of Havana was present, and the large house was obliged to close its doors in order to avoid a catastrophe.

Havana, Nov. 29.—The intendant has dictiated rules to the custom house employes designed to prevent the exportation of any kind of leaf tobacco from any part of the provinces of Matanzas, Santa Clara, Puerto Principe and Santiago De Cuba. Prominent merchants of Pinar Del Rio affirm that Antonio Maceo's situation is desperate. His forces, they say, are half naked and are compelled to wander continually without rest. They are very badly nourished, and many of the whites in his command have consumption. Maceo's encampments are said to be like hospitals. Many of the negroes, it is alleged, are pale and thin, and fever, dysentery and small-pox are causing great mortality.

Maceo's men are reported to be in a condition of great fatigue and their enthusiasm is dying out, the prospect of General Weyler's invasion causing dismay as to the adhesion of the inhabitants to the cause. The chiefs murmur and the hopes of victory are turned into the certainty of the complete destruction of the forces. These merchants add that General Weyler is expected to deal a mortal blow to the revolution in Finar Del Rio by the end of the year with good and intelligent direction.

General Calixto has taken charge of a brigade under Weyler.

Several well known insurgent leaders have dynamited a military train running along the trocha from Jucaro to Moron in the western portion of Puerto Principe. Several cars were smashed and the insurgents then attacked an iron plated car in which was the train's escort of 25 men and officers, including a captain and the chief official of the railway.

The insurgent leader Lopez Coloma, who first raised the cry of revolt in the province of Matanzas, and who was sentenced to death by court martial for the crime of rebellion, homicide and horse theft, was shot on Thursday after spending 24 hours in a chapel in accordance with the Roman rites and the Spanish laws.

NOVA SCOTIA APPLES.

The apple growers of the Annapolis valley should raise more hogs, or make more cider, or do something that would keep their poor fruit at home in a year of plenty such as this. They have sent enormous quantities of almost worthless apples here this year to be sold at auction at figures that would yield the grower scarcely anything, and in many cases nothing, above the cost of barrel, freight and the trouble of picking and packing. Yet this worthless stuff spoiled the sale of profitable fruit, of which they had plenty. Those growers should also wake up to the fact that Ontario has not only captured a good slice of the New Brunswick market this year, but has even shipped carloads of apples to Yarmouth and other Nova Scotia points. Yet we read of some Nova Scotia shippers sending fruit to England and getting very poor returns. Even Newfoundland growls about the Nova Scotia packing of fruit. The enterprising people across the bay cannot afford to allow this sort of thing to continue. They should ship only good fruit, well packed, and they should realize that a good home market is better than a doubtful foreign one.

POULTRY BY THE POUND.

While turkeys are sold by the pound in St John, geese are sold at so much each, and chickens and ducks at so much per pair. In the Boston, Montreal and other markets all poultry is sold by the pound. It would simplify matters and make quotations and comparisons more intelligible if the dealers here would adopt the same plan. There is no reason other than the force of custom in favor of the old system, and it should be dropped. The traders in the market should agree to adopt the plan of buying and selling by the pound, and it would become universal in a very short time.

DIED AT MONTICELLO, ME.

Fred R. Cameron, who was born in Belleisle, Kings county, N. B., died in Monticello, Me., Nov. 21st, aged 44 years and three months. He was the son of Robert and Sarah Cameron, and the twin brother of George R. Cameron of Monticello, at whose home he died. His father died when he was only two years of age. His mother still lives, being now more than 80 years of age. A brother, W. L. Cameron of St. John, and two sisters, Mrs. C. J. Connely of Hartland, Carleton Co., and Mrs. Samuel Wilson of Cambridge, Queens Co., survive him, as also does George R., with whom he made his home in his sickness. Mr. Cameron spent the most of his life in New Brunswick. Some four years ago he went to Boston and remained there about three years, when on account of poor health he took up his residence in Monticello at the home of his brother, G. R. Cameron, where he remained until his death. He was a man of good moral habits, but never made a public profession of religion until about two months before his death, when he gave his heart to the Lord Jesus and became a happy Christian. His death was peaceful and triumphant. Service was conducted at the church in Monticello on Monday, Nov. 23rd, and the remains were interred in the village cemetery.

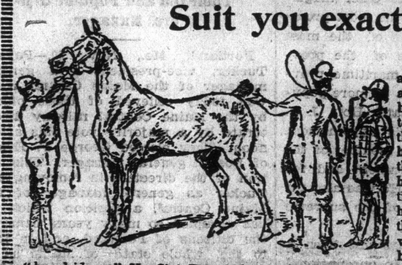
WHOLESALE BY . . . . JARDINE & CO.

Suit you exactly, Sir!



I picked him up from a man who knew nothing about a horse. The neighbors said he was "hard to keep." I knew where the trouble was. His hair stood on end like the feathers on a Poland hen. His hide was so tight that the slap of your hand on him sounded like the beat of a drum. He was so thin you could see him only when he was "broadside on." Yes Sir! Brought him home under a blanket—was ashamed to be seen with him—gave him Dick's Blood Purifier and now after six weeks just see him. Yes Sir—just six weeks—You can't beat Dick's, it simply puts an animal right. Its worth dollars where it costs cents. You can get it from druggists or at general stores but if they don't have it don't let them palm off something else on you—because you can send 50 cents to Dick & Co., P. O. Box 482, Montreal and they will send you a trial package—post paid.

A ST. JOHN CASE.

Evidence Taken Before a Commission of Yarmouth Witnesses in a Trademark Infringement Matter.

(Yarmouth Daily News, Nov. 27.)

A commission has been taking evidence for the past two days at the Grand hotel in the case of Seligman and others comprising the firm of Reinach's Nephews of London, Eng., v. Dearborn and others, comprising the firm of Dearborn & Co., of St. John, N. B. This is an action in the supreme court of that province, brought for the alleged wrongful sale by the defendants to Messrs. Parker, Eakins & Co. of Yarmouth of a quantity of tea which plaintiffs claim was represented by defendants to be the same as Union Blend, blended from the same formula as that prepared by the plaintiffs, whereas it was another kind of tea. The plaintiffs are the proprietors of the trade mark Union Blend, which is used in connection with their blend of teas, and the Union Blend tea is controlled by Geo. S. Deforest & Sons of St. John. The defendants plead not guilty, which is equivalent to a denial of the plaintiffs' contention.

On Wednesday and Thursday evidence was taken here before Thomas Kilham, commissioner appointed by the supreme court of New Brunswick. The witnesses examined on part of plaintiffs were Arthur W. Eakins, O. C. Harding, Francis Rinney and Clarence Rogers; and those on part of defendants were Jacob W. Grant, A. F. Stoneman, David C. Crosby of Port Maitland, S. P. Goudey and Henry Burrill, jr. The evidence was closed and the commission returned for use at the circuit court now sitting at St. John, before which the cause will be tried.

Edward H. Jenkins, clerk with Messrs. Canning & Chipman, took the evidence in shorthand, transcribing his notes on the typewriter. The satisfactory manner in which he performed his work greatly facilitated the work of the commission.

The counsel present were: Wm. Pugsley, Q. C., and A. P. Barnhill for plaintiff, and Allen O. Earle, Q. C., and A. G. Blair, jr., for defendant, all of the New Brunswick bar. These gentlement left for St. John via Digby this morning.

STR. MONTICELLO TO GO SOUTH.

Arrangements have about been completed for the placing of the well known and popular steamer City of Monticello on a route between Nassau and Florida in connection with the Flagler system of railways and hotels. The steamer, manned by Capt. Fleming and his competent crew, will leave here in the course of a few weeks. The southern concern are getting a steamer which, although well up in years, cannot do otherwise than give general satisfaction. Wherever she has run she has won favor in the eyes of the travelling public. She is in every respect a better steamer than she was when she first came to St. John. Repairs and improvements of a most extensive character were then put upon her. Wherever anything was discovered that was indicative of weakness, or it was seen that there was a chance to improve, the necessary steps were taken with a view to the betterment of her condition. In the seven years that she ran between this port and Digby and Annapois she was singularly free from accidents. She was ready for the service, made good time in all sorts of weather and performed the work required of her in an eminently satisfactory manner. The people of St. John are sorry to lose the Monticello. The southern people are to be congratulated upon securing her.

WOMAN, WHY?

You Have Sallow Skin, Pimples, Eruptions, Discolorations.

Why Resort to Cosmetics and Powders to Hide the Effects?

Dr. Agnew's Liver Pills Regulate the System and Restore to the Cheek the Healthful Rosy Bloom and Peach Blush of Youth. 10c. a Vial.
