WENT ON STRIKE.

The Night Crew of the Rolling Mills Walk Out.

An evening or two ago the gang of men employed in the night shift at the Portland Rolling Mills quit work. They had not shown any evidence of dissatisfaction, made no demands on the management for higher wages or shorter hours, but without notice of any kind deliberately laid down their tools and discontinued operations.

The foremen of the mill were summoned and endeavored to persuade the men to resume work, but whatever their reasons may have been they declined to do so, and left.

In consequence of this the night mill which has been running continuously for quite a long time has been closed down for the past two nights and will probably remain closed.

This strike has had no effect on the running of the mills by day and the full complement of men on the day shifts are still working.

CRUSADE DAY.

The W. M. A. S. in connection with the Leinster Street Baptist church, observed "Crusade Day" in the form of a public missionary meeting last evening, which was very largely attended. The following programme was carried out:—Scripture reading, Mrs. J. E. Dean; introductory address, Mrs. J. E. Dean; singing, Miss Hising; address, Rev. Christopher Burnett. CHAS. M. SHELDON.

A Mission Boy Writes of the
Preacher-Author and His
Meetings.

The Victoria Rink has been remodelled and no expense has been spared to make it as comfortable as possible. The seats have been arranged so as to accommodate 5,000 people comfortably. John E. Wilson has placed a heating apparatus in the building that will not doubt give satisfaction and great credit to this firm in the way they have handled this end of the programme. The carpenters have been at work for the past week on the outside of the building and have closed every available draft, so there is no danger of catching a cold.

The chairs on the platform have been arranged so as to seat 300, and a very cordial invitation is extended to any one who sings to a reserved seat.

Morton L. Harrison has very kindly got together his orchestra and has prepared a fine programme of selected sacred pieces. The orchestra, fifteen in number, has, Mr. Harrison says, been selected from the best players in the city, so every one can be prepared for a musical treat.

There has also been a vocal quartette secured, consisting of Miss Knight, Miss Shute, Mr. Lindsay and Mr. Ritchie.

A large chorus choir, composed of the leading singers of the city, under the direction of J. Bullock, has been secured to sing at each service and hymns that are familiar to all will be sung.

There have been 25,000 circulars placed throughout the city, also a large number of posters giving full information regarding these meetings.

A very pressing invitation has been given to all the ministers of the city inviting them to a seat on the platform.

All boys who desire to attend these meetings will be admitted free of charge.

A few points as to the ability of the Rev. Chas. M. Sheldon. As a writer he is unsurpassed. He has the honor of being the author of the book that has the third largest circulation in the world, the Bible, first; the Pilgrim's Progress, second, and then in His Steps or What Would Jesus Do, by C. M. Sheldon. As a speaker he comes before you with a message fresh from God, and he impresses you with one thing, he must make it plain. But his thoughts are of every day life, and are bound to be of interest to everybody who attends. Again his generosity and practicalities show very forcibly in his life. In his first meeting Mr. Sheldon will read Temperance Stories, this is one of the many things which helped him to reach the goal of his ambition. Sunday afternoon the subject will be A Few Things to Make the World Better. Coming from such a practical man as Mr. Sheldon, it will amply repay all who attend. Sunday evening the subject will be The Boy Problem. This is a subject that will interest us as we are quite familiar and no doubt all who come will receive benefits that will bless them in their future life. In extending a cordial invitation to the public we assure them of a very special time in hearing and many other lines.

CONCERNING IMMIGRANTS.

Dr. Ellis's Arduous Task—Careful Selection Necessary.

Referring to the appointment of Dr. Ellis to the position of medical inspector of immigrants, a city physician laid to the Star yesterday that the work would be arduous and important. Dr. Ellis will have nothing to do with such diseases as are subject to quarantine, which will still be looked after by the medical officers of the ports of arrival. His duty will be to inspect immigrants who pass the quarantine, but may be diseased to an extent that would make them undesirable citizens of Canada. Bad cases of trachoma or favus, for example, or consumptives, or persons suffering from other causes that would render them unable to earn a livelihood would be fit subjects for rejection, while milder cases would, perhaps, be detained for a period of treatment before being permitted to go at liberty. The office is thus one requiring the exercise of great discretion and involving hard work.

The physician observed that the government should go a step farther, and apply more than a medical test. Not only should the settlers be physically sound, but they should be of those races which are suited to this climate, intelligent, industrious, and having in them the promise of good citizenship. Such people are found in northern Europe, not in the south and east.

Children's stockings at very low prices. Ribbed fleece lined stockings, just what is needed for these cold days, and when we tell you that you can buy them here for 17c, 18c, 19c, 20c, and 21c, it will certainly be good news.

PERSONAL.

Charles M. Lemont, the Union street confectioner, is unable to be out, on account of illness.

George D. Longworth, of Charlottetown, came to the city last evening from Boston.

Miss Nan Poole, of Charlottetown is visiting friends in the city.

W. Brunswick Howard, of the C. P. R. passenger staff leaves this evening for Halifax to meet the passengers on the Parlatore. C. B. Foster, M. J. Murphy and James McKenna are already there.

Charles M. Sheldon was a passenger to the city by the Boston express at noon today. During his stay in St. John Mr. Sheldon will be the guest of J. F. Bullock.

STREET CAR ACCIDENT.

Between ten and eleven o'clock this forenoon, while Dr. P. R. Inches was driving along Prince William street, he attempted to cut across in front of a street car. The carriage was struck by the car and forced along the street for some distance, being finally overturned. Dr. Inches was thrown out, but beyond a slight shaking up was uninjured. One wheel of the carriage was destroyed.

OPEN PING PONG TOURNAMENTS.

In view of the fact that at present there is so much interest taken in Ping-Pong we have determined to run two open tournaments—one for ladies, the other for gentlemen, provided we receive enough entries. There have been several private tournaments, but these have been necessarily limited to members of the clubs which held them. We think the Thorne tournament should decide who are the open champions of St. John.

The tournament will start on Thursday, the 20th of November, in our new Sporting Goods Flat.

We will supply the rackets and balls unless people wish to use their own rackets. In addition to this we will put up the following prizes: For the ladies' championship: 1st prize, a beautiful silver plated ping-pong double inkstand.

2nd prize—Ping-pong vase. Both of the above have been imported especially for the occasion.

Gentlemen's championship:— 1st prize—Winchester 22-cal. Rifle, model 1902. 2nd prize—Victor Exerciser. This tournament is open to any player. There is no entrance fee.

Anyone desiring to play will please hand us their names and mark on the envelope, "Sporting Goods Dept." as well as the address. Entries will close on Tuesday, the 18th inst. We will let contestants know who they are first to play. They then may arrange to play on any day from 8 a. m. to 6 p. m., and on Saturday from 8 a. m. till 9 p. m., but must play within a week of each notice, or the one who fails to appear will lose by default. Any questions will be decided by us and our decision is final. The series will be played to finals—that is, defeated players drop out after every round.

THE W. M. SOCIETY.

The annual meeting of the Women's Missionary Society was held in Queen's square church last evening. Mrs. Howard Sprague presided. The object of the meeting, particularly, was to place an account of the year's work before the congregation. There was a good attendance of church members.

It was shown that the income in New Brunswick and Prince Edward Island during the past year was \$6,082. This was an increase of nearly \$500 over the preceding year. It was interesting to note that the young people in the various circles and bands connected with the society, raised nearly \$2,000 of this. The audience expressed very much pleasure with the report. Following the presentation of this encouraging report, Miss Palmer, who recently returned from the annual bazaar at Port Hope (Ont.), gave an interesting account of the proceedings at that meeting. Miss Smith read a well-prepared paper on "GIVING" and the evening concluded with a paper by Rev. Howard Sprague on the progressive missionary spirit of the age.

POLICE COURT.

John Jones, from Tynemouth Creek, came to city yesterday to look after a few little things, see his friends and do some business. He laid out, so he said, to go home this morning but he hadn't calculated on getting drunk. John would just as leave he hadn't been arrested. He knew he hadn't ought to have gone and done what he did but he guessed that not being used to liquor it had gone to his head. Having got drunk, Jones was arrested and wished to thank the policeman for this kindness, because if he hadn't been arrested goodness only knows what would have happened to him. He will never get drunk any more and intends leaving for Tynemouth Creek on Monday. This morning in the police court he was let go.

DEATH OF MRS. STEVENSON.

Universal regret is felt, especially in the North End, at the death of Mrs. Robert Stevenson, which took place at her home, Douglas avenue, this morning. She was the widow of the late Robert Stevenson, and a daughter of the late James Joyce, of India town. One daughter, Miss Bessie Stevenson, of the Indian town school, survives her, as well as a sister, Miss Carrie Joyce. The late Mrs. Stevenson had been actively identified with the W. C. T. U. of the North End ever since its inception, and especially labored to promote the sewing school. She was a lady of beautiful character, who did a great deal of good during her life time, and will be sincerely mourned by all who knew her and her work.

AN UNFOUNDED SUSPICION.

With regard to the statement made recently, in connection with the suicide of the young woman at a road house, that a man doing business in the North End was involved in the affair, and at the time of the deed went away to the States on a visit, the Star has indisputable evidence that the statement was incorrect. The man in the case does not do business in the North End, and has not been in the United States for a long time.

This statement is made in order that any suspicions which may have been aroused may be removed. The evidence presented to this paper is conclusive in the matter.

GRAPES ARE SCARCE.

Almira grapes have been exceedingly scarce this year. These are the fruit that come in small kegs, and are particular favorites for the Christmas trade. Advice received here from London state that the price is being advanced because of the shortage and that the lowest price was reached some time ago. J. F. Estabrook & Son bought two hundred kegs on the London market and this lot is expected here the first of the week. The grapes are guaranteed to be of the first quality, beautiful and crisp.
