**A FACTORY ACT.**  
The commission which will begin  
tomorrow obtaining information upon  
which to base an act which shall  
increase the safety and comfort of  
factory employees in New Brunswick  
will find a good model in the Nova  
Scotia factory act which has been in  
force for three years in that province  
with good effect.

The Nova Scotia act, which went in-  
to force in 1901, makes ample provision  
for the maintenance of proper sanitary  
conditions in factories and places of  
employment. Cleanliness is strictly  
enforced, and overcrowding forbidden.  
The proprietors of factories are called  
to make provision for ventilation,  
closets, etc., and are made subject to  
fine or imprisonment for non observance  
of these necessities.

The employment of boys and girls  
under fourteen years of age in factor-  
ies is not allowed. Children under  
fourteen years may, however, be em-  
ployed in the gathering and prepara-  
tion of fruits and vegetables during the  
summer months. The burden of proving  
that a child is fourteen years of  
age or over lies upon the employer.  
Employment that is likely to injure  
the health of a child over fourteen  
years is forbidden. Ten hours a day  
is the longest duration that any child  
can be employed.  
Provision is also made for the safety  
of employees from dangerous machines.  
All dangerous parts of mill-gearing,  
machinery, wheels, flumes, doors, etc.,  
must be securely guarded. Fire  
escapes and other precautions for the  
safety of employees must be adopted.  
The inspector is given by the act the  
fullest power to enter and examine  
factories.

These provisions seem to cover ef-  
fectively and practically all the de-  
mands which factory employees in this  
province are making.  
**TARTE'S OPINION.**  
While there may be varied opinions  
of Mr. Tarte and the opinions of most  
people regarding this remarkable man  
have changed two or three times—  
none will doubt his political astuteness.  
As the manager of the Laurier  
Quebec machine he proved more than  
once his consummate knowledge of  
political affairs and his almost unerring  
judgment. Consequently his opinion  
upon the question that is vexing  
all the politicians, the proximity of  
the general election, is of more value  
than the opinions of any, except those  
who have inside knowledge.

In a recent issue of his paper, La  
Patrie, Mr. Tarte has this to say on  
the subject:  
"Will we have an election this fall?  
La Patrie believes we will in spite of  
the fact that some of the ministers  
and their organs throw doubt on the  
question, but a government cannot be  
obliged to show its hand. It prefers  
rather to hide its intentions. Hon. Mr.  
Sifton, who is one of the most influ-  
ential members of the ministry, is in  
the west, and after his return a de-  
cision will be reached.  
The opposition pretends that it will  
make heavy gains in Manitoba and  
the Territories. If Mr. Sifton is not  
of the same opinion we may expect an  
appeal to the people in October or No-  
vember. Sir Wilfrid Laurier's health  
is sufficiently good to enable him to  
take an active part in the fight, and  
his friends are counting, above all, on  
the province of Quebec. The most de-  
plorable appeals to the prejudice of  
the people are already being heard.  
One cannot regret too deeply articles  
like those published recently in La  
Soleil.  
That paper openly advises the  
French-Canadian electorate to elect  
the government because Sir Wilfrid  
Laurier is a French-Canadian. These  
impudent and ill-advised state-  
ments are spread all over the English-  
speaking provinces and will create  
most dangerous antipathies to our  
races for the future. Let our compatriots  
form their own opinion in the public  
questions of the day. This is the only  
way to retain our little influence in  
the confederation, which becomes  
more and more English every day."

The vindictive Gazette, which, as  
the organ of the local government—a  
position for which it is peculiarly fit-  
ted—has no love for anyone connected  
with the Globe, informs Mr. Richard  
O'Brien, the managing director of that  
frequently independent journal, that he  
must resign either his job or his as-  
pirations for the federal nomination in  
this constituency. Mr. O'Brien has an  
idea, which is shared by his many  
friends, that his habit of thinking for  
himself and occasionally expressing  
his opinions, does not definitely har-  
monize with the position of a man  
from either position. Mr. Emmerson  
and the machine tried the experi-  
ment of knitting Mr. O'Brien once and  
one would think the result was hardly  
encouraging enough to induce a rep-  
etition.

The most significant election sign  
that has yet appeared was the voting  
of half a million dollars yesterday for  
the survey of the government section  
of the G. T. P. The Star remarked  
yesterday that the government would  
hardly dare to face the people of the

lower provinces unless they had pre-  
viously made some bluff at beginning  
work on the eastern section, which has  
been consistently neglected while work  
on the middle and western sections is  
being rapidly pushed. The value of the  
vote as a foreteller of election is in-  
creased when it is remembered that  
the same money was voted last year  
but, as the government decided not to  
have the election then, no work was  
done.

**WHEN JOHNNY GOES TO GRAND-  
PAPA.**  
"Look out!" the startled old hen cries,  
"Johnny's here!"  
Keep in the tall grass, mind your  
eyes,  
Johnny's here!  
Beware of stones shot out of slings,  
Be ready with your legs and wings,  
Look out for clubs and rods and  
things,  
Be very sure the coast is clear  
before you venture to appear—  
Johnny's here!"  
The cat gasps as she hides away  
"Johnny's here!"  
Come, kittens, crawl in while you  
may,  
Johnny's here!"  
The dog creeps "neath the woodshed  
floor.  
His tail curled downward that he were  
in such a lofty style before!  
The peacock flutters with sudden fear,  
Shrieks out: "It's time to disappear—  
Johnny's here!"

**DOMINION PARLIAMENT.**  
OTTAWA, Aug. 9.—In the house to-  
day at the request of Broder, conserva-  
tive of Dundas, Sir Fred. Borden, in  
his usual downward that he were  
in such a lofty style before!  
The peacock flutters with sudden fear,  
Shrieks out: "It's time to disappear—  
Johnny's here!"

Wireless Marconi stations will be  
established at Pictou and Charlotte-  
town, and steamers Minto and St. John's  
will be equipped with like apparatus so  
as to make the P. E. I. winter ser-  
vice independent of the Anglo-Ameri-  
can Telegraph Co.  
Hon. Raymond Prefontaine has de-  
cided to drop the dog fish bounty  
scheme and to erect three reduction  
works on the American plan on the  
Atlantic coast, one in Cape Breton,  
and one in New Brunswick on the  
Gloosetown coast.  
Dr. Dawson, king's printer, the  
auditor general, has applied for  
examination allowance. He is 71 years  
old and has held office since 1891.  
The house dealt with estimates mon-  
etary of the senate. Struggled  
with the militia bill.  
Dr. Sproule led Hon. Mr. Prefontaine  
in a merry debate regarding the cost of  
changing buoys along the St. Law-  
rence from other lights to acetylene  
gas, the matter being like apparatus so  
as to make the P. E. I. winter ser-  
vice independent of the Anglo-Ameri-  
can Telegraph Co.

On a vote of \$500,000 for the survey  
of the eastern division of the G. T. P.,  
the portion which is to be constructed  
by the government, the members  
of the opposition wanted to know when  
the surveys were to be begun.  
The finance minister said that since  
the bill was brought the parties would  
probably go out immediately.  
Ten people will see a placard of  
"To Let" on your house to about every  
ten hundred who will read your "To  
Let" ad in these columns. Which way  
is the wisest—the "placard" way or  
the "Want ad" way?

**BASEBALL PROSPECTS.**  
The executive of the local baseball  
league met last night, but little busi-  
ness was transacted, as the members  
were not represented. Another meet-  
ing will be held Thursday, when it is  
expected a new schedule will be drawn  
up.  
On Friday the Portlands will play  
the Old Town team and on Saturday  
all St. John team will play the vic-  
tors. The Portland (Maine) team is  
booked to meet the North End team  
on Labor Day and the Friday and Sat-  
urday previous. The Wakefield team,  
with which Tommy Howe is playing,  
may be seen here before the season  
closes.

**SWEEPING CHALLENGE.**  
The Portland Baseball team hereby  
challenge any team in the St. John  
League or an All St. John team to play  
either one game for \$50 a side, or a  
series of three games for \$100. Games  
to be played on the Shamrock grounds  
any time after this week. Acceptances  
may be sent to the manager.

**A HAPPY REUNION.**  
At Cumberland Bay, Grand Lake, to-  
day the relatives of Mr. and Mrs. Rob-  
ert Elkin will join with that couple  
in the celebration of the sixtieth an-  
niversary of their wedding. Mr. El-  
kin was born in 1817. In 1844 he mar-  
ried Sarah A. Caldwell. Four sons  
and three daughters lived to mature  
estate. They all married and the seven  
couples are unbroken, and with the  
exception of the husband of one of  
the daughters, who is a sea captain,  
all will be present today.  
R. C. Elkin and E. C. Elkin, of this  
city, are sons of the aged gentleman.

**THE NOVA SCOTIA BISHOPRIC.**  
A letter received in this city from  
Rev. W. H. Binney definitely and pos-  
itively states that he will not allow the  
use of his name as a nominee for the  
bishopric of this see. It is authorita-  
tively stated that so far as the outcome  
of the approaching synod can be fore-  
casted, the probable successor to Dr.  
Courtney will be a gentleman whose  
name has not hitherto been mentioned  
in connection with the election—Wm.  
Ait.
