BASE BALL NOTES.
Cincinnati has won 17 out of 21 games from Brooklyn.
Joe McGinnity ought to have a bad arm. He has pitched more games than any other National League pitcher.
It is claimed that \$50,000 was spent by the clubs of the Independent Tri-State League in the season just closed. The clubs are backed by honest men who find that a base ball team that can draw thousands of visitors to town during the season is a paying investment. It is predicted that the so-called "Outlaw" league will not only live but will do better next year.
Hank O'Day says he knows nothing about the management of the St. Louis Cardinals, next season, and avers that no one has spoken anything about the matter to him.
Gordon Means, who played on the Harvard second team until he injured his back a few years ago, will coach the Volkswagen school, Mass., candidates. He hopes to duplicate the feat accomplished by Arthur McCarthy.
It is nip and tuck between Seymour and Wagner for the lead in batting in the National League, with the odds in favor of the former. Devlin is a good third. Malone, Wagner, Devlin and Chance lead in base running.

AT ROCHESTER.
ROCHESTER, N. H., Sept. 28.—With fine weather, a fast track and a large crowd, the racing at the fair grounds today was one of the best of the season. Three favorites won, but the talent went astray in the 2:15 trot in selecting Midnight for Nancy Nelson proved the better horse. In the race that came over, Mary Tell, with one heat to her credit, dropped the first heat today, but won the next two and the race. There was a fine contest in the free-for-all, but John M., the favorite, finally won after five heats had been run off. Wilks, the favorite in the 2:15 pace, was nearly distanced in the first heat, but won the next three and the race. Summary:

CINCINNATI, Sept. 28.—The largest crowd in the history of Grand Circuit racing at Oakley Park was in attendance today. The free-for-all trot was the feature of the day. Wentworth, Snyder McGregor and Dr. Strong were the only starters. In the first heat Dr. Strong broke badly at the half mile. Wentworth and Snyder McGregor fought it out all the way around, the latter getting the decision by a neck at the post. Dr. Strong finished third, ten lengths behind. In the second heat the three horses raced together until the stretch turn, where Dr. Strong again broke. Snyder McGregor came with a rush at the end and won by half a length from Wentworth. The time, 2:08, in the first heat, is a new record for McGregor.
The 2:18 trot was practically a two horse race. Eighteen horses went to the post. Mainstreet the favorite, was

SENSATIONAL INCIDENTS AT INSURANCE INQUIRY.

George W. Perkins, Vice President of New York Life, Objected to Books Being Produced.

NEW YORK, Sept. 28.—Several sensational incidents developed at the session of the legislative committee on the insurance investigation today. The first was when Geo. W. Perkins, vice president of the New York Life Insurance Co. and member of the firm of J. P. Morgan & Co., objected to producing books of the firm showing a certain transaction of that firm with the New York Life. Mr. Perkins offered to present a copy of the entry in question from the books, but Mr. Hughes demanded the books after several refusals on the part of Mr. Perkins. The books will be produced later.
In the course of his testimony, Mr. Perkins questioned the difference in the statement of "profits from securities" in the Massachusetts report of the company and of "net profits from securities" in the New York report, said: "When we get national supervision we won't have these conflicts between the different states."
Mr. Perkins also testified to a number of transactions in which he represented the stock of the Equitable and the N. Y. Life Insurance Co. as the purchaser.
Another sensation was sprung later in the day when Vice-president Thos. A. Buckner of the New York Life Insurance Co. detailed the advances made to agents, and which were carried in the report to the state superintendent of insurance as "commuting renewal premiums." It was brought out as a matter of fact that these advances were loans, but were carried as such. Mr. Buckner testified that advances were made to agents to enable them to vacated upwards—1st, the books of Buffalo in 1891 between the Equitable and the New York Life was brought out, and in order to the agents of the Equitable away from that company, liberal advances and liberal contracts were adopted by the New York Life. Mr. Buckner testified that these advances to agents in the Buffalo branch of the New York Life in 1892 had exceeded \$40,000, the amount really earned by these agents. Later Mr. Buckner acknowledged this.

FEARS CUMMISKEY MAY BE UNSEATED.

Hon. P. D. Bowen, who enjoys the distinction of being the youngest member of the Prince Edward Island legislature, and who is also a member of the government without portfolio, is at the Victoria. Mr. Bowen is of an optimistic disposition. He hopes that eventually the tunnel scheme will receive the approval of the dominion parliament. The Islanders love their home, but occasionally they desire to wander beyond its confines. At present they are not always able to do so, or only at great personal discomfort. The matter is being left in the hands of Father A. E. Burke, who has succeeded in creating considerable enthusiasm for the proposition.
Hon. M. Bowen expressed regret that the opposition had determined to protest the election of his colleague, Hon. J. H. Cummiskey, commissioner of public works. Mr. Bowen said he feared that the trial of the protest would result in the unseating of the commissioner.
The elections of A. A. Laforgue and J. J. Hughes, members of the dominion parliament, are also being protested. Mr. Bowen is a sturdy specimen of island manhood, and is a very successful business man.
