There is a porter in an up-town saloon who does not hold a very worthy opinion of a well known lumberman and mill-owner. He says that a few days ago the man of money unfortunately lost his fine teeth which were found by the porter. The latter took a car and hastened to the North End, returned the teeth and waited for a reward. The owner of the teeth would not give fifty cents requested and then refused to pay the porter's car fare. The disgraced porter is now wishing a number of things to happen to the mill-man.

LITTLE INTEREST IN THE NEW ASSESSMENT BILL

A meeting of the treasury board was called for last evening for the purpose of considering the proposed assessment act which has just been printed. It takes six members of the board to form a quorum, but up till nine o'clock only four had appeared. The session, although it is stated that another one turned up after ten when the talk was all over. No formal meeting was held, but those who were present had a private discussion on the new act, which was in a measure explained to them by Ald. Baxter, secretary of the assessment commission. It was decided to adjourn the meeting until this evening, when it is hoped that there will be a full attendance. The board of works will also hold a special meeting tomorrow afternoon, and among other things to be considered are the new wharf and the Carleton street Railway line.

MAUGERVILLE INDIAN HAD A HAPPY TIGHT

(Special to the Star)
FREDERICTON, Nov. 20.—An Indian by the name of Edward Scobie came to the city yesterday from Maugerville and celebrated the event by getting gloriously intoxicated. He was arrested last evening by Officer Ridgout. In the police court this morning he acknowledged being drunk but said his condition was caused by an over indulgence of lager beer, which he obtained from a place on Regent street. As Indian Commissioner Farrell is out of the city the magistrate adjourned further hearing of the case for one week.

The transfer of the steamer Aberdeen to Capt. Geo. H. Perry was completed last evening. The price paid for the steamer was \$4,000.

Mr. and Mrs. T. B. Winslow of this city intend to leave shortly on a trip to the old country.

WILL BE REPAIRED

POINT WOLFE, N. B., Nov. 17.—Steamer Mikado arrived in port Tuesday and sailed next morning. She is taking her engine and machinery to St. John for repairs.

C. T. White, owner of Point Wolfe lumber and mill property, was in the village Tuesday and Wednesday.

UNION STREET TRACK HAS GIVEN WAY

Piling Tilted Out Towards the Harbor.

Big Gang of Men Put to Work and the Rails May be Straightened Up by This Afternoon.

After some two weeks of hard work, the C. P. R. and the city yesterday succeeded in completing the structure for one permanent track across what was left of Union street. Piling had been driven, a lot of filling in was done and the rails were laid and last evening the first train went across to Rodney wharf in safety. Then, when everybody thought the undertaking satisfactorily completed, a slide occurred.

In this section of the street under which the sluiceway from the salmon pond passes and for a stretch of between 60 and 70 feet, the piling tilted outwards, throwing the track on its side and rendering almost useless that section of the line. Strong efforts were at once put forth by the C. P. R. to repair the damage, and fully 250 men were at work last night and this morning. New piling is being sunk and a great deal of filling is being done, and it is expected that the line will again be in working order this afternoon, although, judging from the experience of last night, the railway company have no certainty that another slide may not occur. The formation of the soil at this place is of soft mud, extending down to a great depth and although the piling which slid last evening had been driven to a depth of 40 feet, it had not obtained a solid hold.

STILL WAITING FOR WORD FROM HON. MR. HYMAN

Nothing is Being Done About the Proposed Complimentary Banquet

The officials at city hall are still in doubt about the banquet to Hon. C. S. Hyman. It appears that the last communication with the minister was to the effect that he should notify the city whenever he was able to come down here, a request being made that he should give notice at least two weeks ahead in order that proper preparations might be made. Mayor Sears and the aldermen are still anxiously awaiting this word. They realize that Mr. Hyman is a man of some time quite busy with election matters, but they thought that between the time of the Ontario costs and the opening of the session he might find an opportunity to come to St. John. This, however, has not been the case, and they are now hoping that he will see his way clear to accepting the banquet before the end of the present session.

AND THEY SHOULD BE HORSE-WHIPPED.

Last night about seven o'clock some people near the start line what at Indian town saw a large deer swimming down the river and making for Millford. A couple of young men undertook to capture the deer. When they reached it the animal was about the middle of the river. One of the men managed to reach over and catching hold of the deer's head cut it with the knife. The body was towed into the wharf and disposed of to one of the dealers.

MR. SMITH'S LECTURES.

The City Hall, West End, will no doubt be crowded to the doors tonight to hear Mr. E. Tennyson Smith's lecture on the "Drink Demon," pronounced by the press and public to be one of the most remarkable impersonations of the drink evil ever given. At this lecture Mr. W. D. Eakin will preside and a male quartette and the united choir of St. John west will be in attendance to furnish music.

Tomorrow, Wednesday, the campaign will be resumed at the York Theatre. Mr. Smith's lecture tomorrow, the 21st, will be "A searchlight flashed on the liquor traffic and the traffickers." At this meeting Mr. H. C. Tilley will preside. On Wednesday afternoon a mass meeting for children has been arranged for at the York Theatre at 4 o'clock. Tickets have been distributed to all the school children of the city and it is expected a large gathering will assemble. Mr. Smith's subject to the children will be "Killing a Snake in Australia." All children will be cordially welcomed to this meeting.
