

AROUND THE CITY

CLEARING.

RECEIVED A CALL.
Rev. H. R. Boyer, for some years past secretary of the Maritime branch of the Canadian Bible Society, has received a call to the pulpit of the Baptist Temple, Halifax, and is giving it serious consideration.

THE MARTELLO HOTEL.
It was stated on good authority last night that the Martello Hotel property, formerly used as a military hospital, has been leased by the governor general in council to a body representing the Protestant Orphanage for a period of three years.

CAPT. FRED BURR.
Capt. Fred Burr, who went overseas over two years ago as paymaster with a Canadian unit, has arrived home and spent Sunday with his mother, Mrs. Catherine Burr. He left on Monday for St. John, where he expects to receive his discharge—Chatham World.

ARRIVED AT ROCKLAND.
The dredge St. John and two scows of the Beaver Dredging Company, which left here Tuesday evening in tow of the tug Roebuck and Davidson, are reported as arriving at Rockland, Maine, on Thursday evening. They were held up there on account of fog weather.

ARE NOT INTERESTED.
No women responded to the invitation to attend the Liberal meeting in the Seamen's Institute Thursday evening, which may or may not mean that the women of the city are not interested in the fortunes of the Liberal party. All the men who attended did not find seats.

WILL ARRIVE TODAY.
Charles Robinson last night received word that the Maritime Province men of the Empress of Britain, which docked yesterday at Quebec, had left for home on a special train at 10:10 yesterday morning and the St. John men would probably reach home this morning on the Maritime express at 12:30.

ARE COMING DIRECT.
Charles Robinson, secretary of the New Brunswick Returned Soldiers' Commission, left on the Boston train last night to meet the local boys who have returned from overseas on the hospital ship Aragus, which docked at Portland yesterday. He will meet the men at Madam Junction and accompany them to St. John, the troops coming direct to the city this time.

GIVEN A RECEPTION.
Flight Lieut. McRae and his English bride arrived on Thursday at the home of Lieut. McRae's mother, Mrs. Samuel Linton, Morna, and that evening the summer residents of that place turned out in force and gave the bride and groom an old fashioned civvies. Lateral addresses of welcome were given by Mayor Hayes, F. S. Thomas and Fred Lewis, and responded to by the groom.

THE ACTION CONDEMNED.
The action of Commissioner Thornton in bringing men from outside points to this city to inspect and estimate on the work to be done to the old court house, thus overlooking and slurring the work of local architects and builders, was strongly condemned at a special meeting of the Building Trades Council, held last night under the direction of President Fred Scarr.

THE LONESOME ONE.
The city one and lonesome lavatory which has been for so long an architectural feature of Market Square deserves the attention of the Board of Health. A returned soldier who has noted the elaborate cleanliness of the lavatories of London, and the simplicity of those of Flanders expresses the opinion that the designer of the Market Square lavatory deserves twenty-three years in a mad house.

COUNTY COURT.
The case of Leonard Jones was taken up yesterday morning before His Honor Judge Armstrong in chambers. This is an action to recover damages for injury to the plaintiff's car while in the defendant's garage. The plaintiff and William Garnett, an automobile mechanic, gave evidence, after which the judge was adjourned until Tuesday morning. B. L. Groves for the plaintiff, and L. A. Conlon for the defendant.

Mrs. John Kilgour and Mrs. Harry Maddocks and children, Ruth and William, of Clinton, Mass., are spending the summer months at Orchard Cottage, the home of Mr. and Mrs. V. L. Ward, Renforth.

HARDWOOD INDUSTRY FOR THE MIRAMICHI.
President of Largest Last-Making Company in Three Kingdoms May Build Mill Somewhere on the River.

The Chatham World says that Mr. H. W. Mobbs, of Kettering, England, president of the largest last-making company in the three kingdoms, is in this country just now, accompanied by Mr. R. W. Baird of Montreal, Canadian manager for the company, with a view to starting a last-making industry here. The wood required is rock maple, and they find that there is an abundance of it on the Miramichi. If they can get the leasehold rights to sell them stumpage rights at a reasonable rate, say at twice as much as the government stumpage on this kind of lumber, they will build a mill somewhere on the river that will manufacture 3,000,000 feet of lumber into last, wren, shaped, and seasoned, ready for the final touches of polish and style. The industry would employ a good many men and utilize timber that is now left to rot on the stump. It is to be hoped that they will be able to make satisfactory arrangements for several years to come. They can, of course, get a limited supply from private lands, but will have to depend on the resources of Crown lands for a permanent supply.

ARRANGEMENTS COMPLETED FOR LARGE CELEBRATIONS

Meeting of Citizens' Reception Committee Held Last Night—Programme Decided on for "Peace Day," July 19—Big Soldiers' Day Will be Held in Conjunction With Reception to Prince of Wales—August 14-15 Dates for This Event.

At a meeting of the Citizens' Reception Committee held last evening at the Board of Trade rooms it was decided to hold the big soldiers' day in conjunction with the reception to the Prince of Wales, and August 14 and 15 will be the dates for this event. In connection with the big day for the soldiers, Mayor Hayes suggested that a portion of the money collected by the Provincial Government for patriotic purposes and which had not been paid over to any patriotic fund, should be used to provide free transportation to St. John of soldiers outside of the city who might wish to come and take part in the big event, as his estimation it could not be used for any other purpose.

S. I. Mayes presided, and after calling the meeting to order, called on Mayor Hayes. His Worship said the meeting was called to consider plans for the morning of "Peace Day," the programme for the afternoon and evening having been already arranged. It was also decided when the big reception to the returned soldiers should be held. In connection with the latter event, he pointed out that the Provincial Government had collected for patriotic purposes a considerable larger sum than had been used for that purpose, and suggested that some of this money might well be used to pay the railway fares of soldiers from their homes at various points in the province who might wish to come and participate in the reception. He had interviewed Lieut. Governor Pugsley, and he was quite favorable to having soldiers' day in conjunction with the reception to the Prince and felt this would be the best time to hold it.

A. O. Skinner was in favor of having soldiers' day when the Prince was here. They would assist greatly in the reception to His Royal Highness, and at the same time the city would be fulfilling its pledge to the soldiers. Rev. G. A. Kubring suggested a two days' celebration, the day before the Prince arrived being given over to the soldiers, and the day after to the citizens in their honor to be arranged, they to assist in the reception to the Prince on the following day.

Commissioner Thornton promised his co-operation in making both "Peace Day."

Municipal Council Finance Committee

Meeting Held Yesterday—Will Enter Protest Against Canadian National Railways Expropriating Fore-shore of Municipal Home Lots—Other Business.

The finance committee of the municipal council met yesterday afternoon at the office of the county secretary and dealt with several matters to come before the council on Tuesday and paid for payment bills amounting to \$772.38.

R. A. Corbet was named as appraiser in the expropriation proceedings connected with the lots on Wilkes street owned by Mrs. Catherine Davis and the Edward Lantulum estate, which lots are needed for the erection of the nurses' home in connection with the G. P. H.

It was reported that the Canadian National Railways had expropriated a right of way from the Loch Lomond Road over the lands of the Grand Trunk Pacific Development Company and adjoining lots including the fore-shore of the Municipal Home lots.

The county secretary, J. King Kelley, was instructed to enter a protest against the expropriation of the fore-shore by the railway. He was also instructed to take the matter of expropriation up with the Municipal Home Board and if the protest was not successful to involve the power of the court to protect the county's interest in the fore-shore.

The commissioner of the General Public Hospital having reported an expenditure of \$5,222, having been granted \$4,000 for the purpose of installing a refrigerating plant at the institution, the committee recommended that the said commissioner be requested to answer to the county council as to why they had expended in excess of the sum granted and by what authority.

The committee decided to recommend to the council the placing of itself on record as being in favor of the establishment of a juvenile court for the City and County of St. John and to make provision for the carrying on of the work of such court in the financial budget of 1920.

Councillor John O'Brien requested the committee to recommend to the council the securing from the federal government the sum of \$350,000 for the purpose of aiding in relieving the housing congestion now existing. Some doubt was expressed as to the liability of the county in event of loss and the county secretary suggested the securing of legislation making each parish responsible for the money loaned within its boundaries and any loss to be made good by the parish in which the loss occurred.

G. W. Mulkin, who has been acting as assistant auditor in the county treasurer's office, was continued until the February meeting of the council when the need of further help in that office will be investigated.

Mayor Hayes presided and Councillors Howard, Fisher, Thornton, Stephenson, Jones and O'Brien were present.

"The Annual Meeting of the New Brunswick Medical Society will take place in St. John next Tuesday and Wednesday, the 15th and 16th instants."

Will Celebrate Glorious Twelfth

Loyal Oranemen Will Enjoy Celebrations Today—St. John County Lodges Will Donate Proceeds Towards Orphanage Fund.

July Twelfth, be it ever so wet, will never find the spirit of the Loyal Oranemen, jammed in any way, and though the morning dawns foggy and damp, the members of the different Oranemen intend to go ahead with their celebrations as though Old Sol were shining in sympathy with the Oranemen of the order.

Throughout all Canada celebrations are being held today by the Order, and in a large percentage of the cases in New Brunswick, all proceeds will be used for the improvement or maintenance of the provincial Protestant Orphanage.

In St. John county, all the various gatherings today will be for the benefit of the Protestant Orphanage, and in a large percentage of the cases, by the poorer children of the county. The local order will hold its celebration at the Ferns Bay Shore, music and other entertainment being down on the bill of fare, and a gala day is expected, provided the weather man is lenient. If the day proves too unfavorable, the celebration will be held Monday instead.

Lorneville, Musquash and Fairville lodges will hold the annual joint picnic and outdoor festival on the Lorneville picnic grounds. A big parade, headed by King William on a white horse and the Lorneville Order's fine and drum band will start at the hill, parade to the schoolhouse, turn there and march to the picnic grounds, where a varied programme of games, sports, side entertainment, and dancing will be done.

The Loyal Orange Order at St. John will hold its outing at Big Salmon River, and an excellent programme of sports has been outlined for that occasion.

Other branch lodges at Baywater, Brown's Plains, Welsford, Tracey and Medford Junction, this district, in the extensive preparations for a gala day are but examples of the spirit throughout the Dominion.

It has been pointed out that this year is the one which should see the big Provincial Orange celebration in St. John. Once every nine years has been the accepted period, and as the last one here was held in 1910, many were of the opinion that something of that nature should have been held today. However, other matters interfered and the appeal for help for the local orphanage will be a feature of the "July 12th" celebration in the province today.

FORMER ST. JOHN MAN HEARD FROM

W. H. Fairall in Letter to St. John Business Man Points Out Grand Chance for Some Live Local Young Men.

A St. John merchant has received a very interesting letter from Mr. W. H. Fairall, a former St. John man, who is at present booking orders for Norway, Sweden and Denmark. It is a letter which would make any St. John man who is not a merchant, chiefly American, but also opened up business connections for an English hosiery house.

Mr. Fairall writes: "Tell some of the young business men of St. John to wake up and go after some of the business the whole world is clamoring for. As a matter of fact Canada is making no end of goods for which Europe is destined. All that is needed is to get a move on, and the rest will come easy."
