

# 531,633 MORE POUNDS

"SALADA" TEA were sold in the first three months of this year than in the corresponding period of last year. This is equivalent to an INCREASE of 20 tons a week and a modest estimate of this means that over one hundred million MORE cups of delicious "SALADA" were enjoyed in the homes of the people during these three months than in the same three months of 1920.

The INCREASE confirms the popularity of "SALADA" which was evidenced by the INCREASE of 1,499,236 pounds in "SALADA" sales for 1920 over 1919, and the increase of 1,536,768 pounds in 1920 over 1918.

We publish these figures because we believe everyone is interested in the reward of merit. For 30 years we have been blending and selling a homely fine quality tea to the public. In all that time "SALADA" has remained matchless in flavour—unapproached by any other tea in cup quality—and as a result has continually increased in sales.

Please remember the above figures represent our INCREASES alone—"SALADA" sales are not only larger than those of any other tea in America, but amount to over

ONE-TENTH OF THE TOTAL IMPORTS OF ALL KINDS OF TEA INTO AMERICA—via Canada and the United States.

## Easiest Way to Remove Ugly Hair Growths

(Beauty Culture) Here is a method for removing hair from arms, neck or face that is unfailing and is quite inexpensive. Mix a thick paste with some powdered salicylic acid and water and spread on hairy surface. After 2 or 3 minutes, rub it off, wash the skin and every trace of hair has vanished. No harm or inconvenience results from this treatment, but be careful to get genuine deodorants and mix fresh.

## COWS EAT GRASSHOPPER POISON.

Saskatoon, Sask., May 10.—A number of farmers in Saskatchewan have suffered a loss through the careless handling of poisoned bait used for the grasshopper campaign. Instead of putting it away in a safe place for use the following year, the bait, which is very attractive to cattle owners, to the use of molasses and bran in the mixture, was thrown outside, and as a result between 40 and 50 cattle have been poisoned since last fall. The poison is very potent and in nearly every case where the bait was eaten it proved fatal.

## Fake Inspectors Robbed The House

Forced Lady to Hide in Cupboard While They Took Jewels.

Montreal, May 10.—Posing as gas inspectors, two men this afternoon entered the residence of Mrs. W. McLean, Wallbank, 214 Peel street, prominent Montreal society woman, and with revolvers at her head forced her to enter a cupboard while they robbed her of jewelry consisting of two cluster diamond rings, a gold watch and chain together with \$23 in cash. When the police arrived at the house the men had escaped in a waiting automobile.

## CAPTAIN SHOT DEAD.

Boston, Mass., May 10.—Captain Patton McGilvray was found dead in the rear of a garage in the Back Bay district today. He had been shot over the use of molasses and bran in the mixture, was thrown outside, and as a result between 40 and 50 cattle have been poisoned since last fall. The poison is very potent and in nearly every case where the bait was eaten it proved fatal.

## GOOD ROADS EXPERTS AT CONVENTION IN HALIFAX

Hundreds of Leaders from All Parts of Canada There to Discuss Road Problem of the Dominion. — Provincial and Civic Authorities Extend Welcome to the Visitors.

Halifax, N. S., May 10.—Addressed by His Honor the Lieutenant-Governor of Nova Scotia, Hon. R. H. Armstrong, acting premier, Mayor Parker and President Desautels marked the opening here this morning in the Technical College of the largest convention of the Canadian Good Roads Association.

In his opening address President Desautels said that one of the aims of the association was to disseminate information regarding the construction of roads. Conventions had been held for this purpose in Montreal, Quebec, Ottawa and Winnipeg among other centres, but it was no idle conceit to say that the present convention promised to eclipse all former ones for the simple reason that it had drawn the greatest number of delegates in the history of the movement.

Main Objects. There were two important points to be emphasized in connection with highway construction. The first had to do with the issue of bonds and the second the raising of money to care for maintenance. The system of issuing bonds covering a term of years for highway construction was a good one, but it was a bad policy to make the period longer than the life of the road.

Dealing with the question of maintenance, the president declared that this had been a weak link in nearly all road policies hitherto adopted by governments. A large amount of capital invested in good roads had been lost because the question of maintenance had been neglected. This matter was now being given attention by some of the provincial governments but the federal government had as yet made no provision for it.

Lieutenant Governor.

The Lieutenant Governor, Macaulay Grant, in his address said that he wished to welcome the delegates in French as the president has in English. He regarded it as an honor to be able to sit alongside of his French brother from Quebec, "although our noses are said to be blue, our blood is red," said the Governor. He extended a cordial invitation to the delegates to visit Government House at the conclusion of the meeting.

Mr. Armstrong assured the delegates they were greatly welcome to the province. Mayor Parker assured the delegates that the city was theirs. "If you are surprised at the condition of the streets in Halifax," he said, "please recall that it was only last year that it was possible to undertake an extensive programme of permanent street work."

Mayor R. J. Porter, of Victoria, said that their stay would not be long enough to enable the delegates to take full advantage of the kindness and opportunities that had been extended to them.

Hon. Mr. Tessier.

Hon. J. A. Tessier, Minister of Road for the Province of Quebec, said that he was more inclined to find making talk to speech making, and that he was sorry that the Hon. Mr. Taschereau, Premier of Quebec, had been prevented from attending the convention.

## He Was Convinced Says Quebec Man

Arcand Changed His Mind About Tanlac After Taking It and Declares, "I Feel Fine"

"I didn't believe Tanlac would do what people were saying it would, but I changed my mind before I finished my first bottle," said R. Arcand, St. Poye Road, Quebec, recently.

"I had indigestion so bad that it was a common thing for me to miss whole meals for I would rather not eat than suffer. My stomach seemed to stay sour and upset all the time and I had pains and cramps that were smashing across. I felt nauseated all the time and was all run-down, weak and played out. My liver was sluggish and my nerves were all undone. I was bothered with headaches and dizzy spells, I couldn't sleep to do any good and I never felt equal to my work."

"Well, I saw a change for the better before I finished my first bottle of Tanlac. My appetite got a new start and the indigestion began to leave and I commenced to pick up in every way. And now I'm in as fine health as I ever want to be. I feel fine—that's the best way I can put it, and Tanlac did it all!"

## OBITUARY

St. Martins, May 10.—This community was saddened by the unexpected death of Mrs. Bert Gamble, who died early age of 31 years. Mrs. Gamble will be remembered as one of the bright and useful kind and therefore greatly missed. She was a valued member of the United Baptist church and a part of all its organization and activities.

Some weeks ago she seemed to be in poor health and was taken to St. John's Hospital, it was there learned that it would be necessary to remove to the tubercular hospital where she sank rapidly and succumbed to the disease May 4th. The body was brought to St. Martins for burial. On Friday afternoon service was conducted at Baptist church by the pastor, Rev. T. B. Wetmore and from which the body was laid to rest in the cemetery. The funeral was largely attended. Many floral tributes, and sorrowing friends marked the high esteem in which the deceased was held.

Mrs. Gamble has left beside her husband, two small children, her father, Mr. Robert McGeogh, of Boston, sisters, Mrs. Geo. Olsten of Boston, Mrs. Geo. Whitman of St. John's, and Mrs. Stevens of St. Martins. Mrs. Peers of St. John and Miss Edna Clark's, aunts, were present at the funeral.

Mrs. Catherine Harrington.

Greenwich Hill, May 10.—On Wednesday morning, May 4th, 1921, Mrs. Catherine Harrington, widow of the late Levi Harrington, passed peacefully away of pneumonia. She was in her 83rd year of age, and was sick for about 18 days. Prior to her sickness she was very smart, energetic for a woman of her years. She had previously laid away six of her children and her husband, who died about 24 years ago. Her maiden name was Catherine McNeilly, and was a member of the Free Baptist Church. She is survived by five sons and one daughter: Edward of Manchester, N. B., Fred of Augusta, Me., Charlie of St. John, N. B., Frank and Nathan of Greenwich Hill, and her daughter Ida (Mrs. Mansford Pitt), with whom she made her home; also two grand children and twelve great grandchildren. She was nursed and cared for by her granddaughter, Essie (Mrs. George Dunlop). The remains were conveyed to Brown's Flat where the service was held in the Baptist Church, conducted by Rev. Chas. E. Strothard, assisted by Rev. Joseph McAudlin (Anglican). She was highly esteemed by all who knew her, and has left a host of friends to mourn her loss. Interment took place in Brown's Flat cemetery.

John H. Hickman.

Moncton, N. B., May 10.—The death of John H. Hickman occurred at Dorchester this morning at 9:30. He had been ill for the past few weeks with pneumonia and complications. Mr. Hickman's wife died some years ago.

Miss Winnifred McFadden.

Special to The Standard. Grand Manan, N. B., May 10.—Miss Winnifred McFadden passed away from the home of Mr. and Mrs. Loring Wilson, her step-father and her mother, at Seal Cove, on Tuesday, May 3rd, aged 38 years. Miss McFadden was the daughter of Mrs. Wilson by a former marriage with Mr. John McFadden of West, Lebec. She had suffered intensely from cancerous trouble for six months and she welcomed death as a release from her sufferings. Almost her entire life had been spent on Grand Manan, where she was born, and she had many friends who valued her highly. The funeral services were held on Thursday, May 6, conducted by her pastor, the Rev. S. Hilyard. A very large concourse of people gathered to manifest their sympathy with those in sorrow. The burial was in the cemetery at Seal Cove.

## Wants To Place More Water Mains

Carlton Mill Pond is Once More Before the City Council for Study.

Sewerage and water for Visart street and the Carlton mill pond were again before the city council yesterday morning when a report from Dr. Warwick to the Board of Health concerning these localities was presented. Commissioner Prink was given authority to buy some casing; Commissioner Jones presented a recommendation for the laying of water mains, but no action was taken and several matters of routine business were disposed of.

The report of the committee of the whole, as published yesterday, was adopted.

Families Without Requisites.

Dr. William Warwick reported on water and sewerage conditions on Visart street and the Carlton mill pond. In former he found twenty families without water or sewers and recommended that steps be taken to provide the necessary facilities. In the latter he reported that an immediate danger existed, but recommended the stopping of dumping and the carrying of the sewers to the pools or preferably to the bay. The reports were referred to the commissioner of water and sewerage for a report.

The application of William Soo for permission to remove an ornamental light pole from William street to Charlotte street was referred to the commissioner of public works.

Mrs. Florence M. Prink wrote asking the city to acknowledge an encroachment on her property at the corner of Germain and North Market streets so that she might be able to sell the land. It was decided to grant the request.

The application of the G. W. V. A. for the use of the Shamrock Grounds one week to hold a fair was granted.

Bridge Remains Unchanged.

The mayor read a letter from the Minister of Public Works confirming the report that no change was to be made in the height of the new railway bridge.

The mayor presented a form of lease to the North End Improvement League of the playground area for the sum of \$1 per year for a period of seven years with a renewable clause, providing, however, for the taking over of the property by the city on a six months' notice. Commissioner Prink was given authority to purchase from the Granite Street Construction and Paving Co. 500 feet of granite curbing at \$2 per foot.

On motion of Commissioner Thornton the tender for the painting of the Market Building was awarded to James Huey, his offer of \$289 being the lowest.

Commissioner Shilcock recommended that the tender for piling be not accepted. Carried.

Catch Basins.

Commissioner Jones brought up the matter of catch basins and said a list of 31 places where they were needed had been given him by the road engineer and street superintendent, and moved the work be undertaken and paid for by bond issue at an estimated cost of \$8,000. Referred to committee.

He also recommended that the following renewals of water mains be made and paid for out of unexpended balances of former bond issues: Harrison street, the six inch main replaced by a ten inch main at an estimated cost of \$6,500; Queen street between Carmarthen and Wentworth, the four inch main be replaced with a twelve inch at an estimated cost of \$4,500; Prince William street between Prince and King, the ten inch main replaced with a sixteen at an estimated cost of \$11,000. This was also referred to committee.
