

TAMMANY BADLY BEATEN; LOW AND JEROME ELECTED; CROKER ABDICATES

John F. Carroll New Boss for the Tiger—Results as Generally Expected in Other States—Massachusetts Re-elects Republican Government.

New York, Nov. 5.—Seth Low, ex-president of Columbia University and four years ago the Citizens' Union candidate for the first mayor of Greater New York, was today elected the second mayor of Greater New York on a Fusion ticket by a plurality ranging anywhere from 30,000 to 40,000, defeating Edward M. Shepard, of Brooklyn, the Democratic nominee. The campaign was an exciting one and the vote, though somewhat less than in the presidential election a year ago, was the largest ever polled in a municipal election in this country.

In addition to the canvass for mayor, public interest largely centered in the nomination by the Fusionists of William Travers Jerome for district attorney and Mayor Robert A. VanWyck by the Democrats for justice of the Supreme Court. Both the offices were voted for only in the territory contained in New York county. Returns received up to 11 p. m. indicate that Jerome had been elected by a comfortable plurality and that Mayor VanWyck had been defeated, running behind his ticket from 15,000 to 30,000. Returns also indicate the triumph of the rest of the Greater New York Fusion ticket besides Mr. Low.

Returns received from the various sections of New York state show that the Republicans will retain control of the lower house of the state legislature, the number of Republican and Democratic assemblymen, not differing materially from the figures of preceding years. The city of Albany was carried by the Republicans, ex-Senator David B. Hill, taking no active part in the local canvass. The election in Troy was a lively one, but a number of arrests for illegal voting were made. Ex-United States Senator Murphy headed the fight for the candidate of the Democrats, while Governor Black managed the campaign for the Progressive Democratic-Republican ticket. Edward E. Conway, the candidate for mayor, was easily elected. In Buffalo the entire Republican city and county ticket were elected, Erastus C. Knight, the state comptroller being chosen mayor.

New York, Nov. 6.—1 a. m.—With the election of Seth Low as mayor, Chas. F. Forbes as president of the board of aldermen, and David M. Grout as comptroller, the Fusionist triumph in Greater New York appears nearly complete. The latest returns indicate that the Fusionists have elected Jacob A. Cantor, president of the borough of Manhattan; J. Edward Swann, president of the borough of Brooklyn, and Geo. Cromwell, president of the borough of Richmond. The borough presidency in the Bronx appears to be in doubt. The Democrats carried one borough president, Joseph Cassidy, in Queens. For justices of the supreme court, Morgan J. O'Brien, Samuel Greenbaum, John P. Crane, and Charles H. Stanchard, the Fusionist candidates, were all elected, defeating Robert A. VanWyck, Chas. W. Dayton and Chas. H. Knox.

Wishes Low Success. Edward M. Shepard made public acknowledgment of his defeat tonight, sending a telegram of congratulation to Mr. Low and dictating a statement to the reporters in which he expressed the great office of the incoming administration would be a successful one. His telegram read: "With all sincerity I wish you the utmost success in the great office to which the people of Greater New York have called you."

Mr. Shepard then dictated this statement: "I sincerely wish Mr. Low a thoroughly successful administration. The people have indicated their decided preference; not only is it the duty of every good citizen to cheerfully acquiesce in the result, but to do his utmost to make the result beneficial to the city. All of us, Republicans and Democrats alike, should loyally hold up the hands of those whom the people have chosen in all good work on their part."

"Of course I regret the result, but trust that the magnificent purposes which those who nominated me and I have had in mind may be realized even if in a manner different from that which we should have preferred."

"I thoroughly appreciate the efficient work done against adverse conditions by the Democrats of five boroughs."

"I believe that the faith of the New York Democracy notwithstanding this defeat, is definitely set to a future of political reform which will at no distant day bring to the party merited honor and success."

New York, Nov. 5.—Returns for New York city, 145 districts missing, give Low 268,818; Shepard, 238,914.

President Roosevelt's district, the 5th, in the town of Oyster Bay, L. I., was carried by Doughty, the Republican candidate for Assembly, by seven majority, and by Nieman (Democrat), for district attorney, by 84 majority.

New York, Nov. 5.—With 71 election districts missing, the county of New York, complete, for district attorney, gives Jerome (Fusionist), 146,893; Unger (Democrat), 134,594.

CROKER ABDICATES. Leadership of Tammany Goes to John F. Carroll.

Richard Croker received the returns in what is known as the private room of Tammany Hall. The leader was surrounded by a crowd of men long prominent in the organization, among them John F. Carroll, deputy leader; Mayor VanWyck, Corporation Counsel; Whelan and City Chamberlain T. C. Crane. Mr. Croker listened with his customary lack of expressed emotion as the bulletins were read. From the first they were unfavorable and the crowd of leaders heard his figures called off without comment.

WANT INCREASE OF COTTON TARIFF FIFTY PER CENT.

Manufacturers' Association Annual Session in Montreal Begun.

IMPORTANT ACTION. Cotton Men Hold Several Private Conferences—Announced That They Unanimously Agree for Increase in Tariff—Other Business of Meeting.

Montreal, Nov. 5.—(Special)—The annual convention of the Canadian Manufacturers' Association opened at Windsor Hotel this afternoon, P. Ellis, of Toronto, president, and there was a large attendance of members. The afternoon was devoted to the reception of reports from committees and the appointment of committees to report on tariff matters and other questions. On recommendation of the tariff committee, a special committee was appointed to report on various items to the committee and the latter will report to the association tomorrow when the whole question will be threshed out.

The membership committee reported 839 members in good standing, an increase of 484 over last year, and 28 applications pending acceptance. The parliamentary committee's report dealt with the alien labor bill, trade mark act, and other matters of legislation. The association held tonight, when President Ellis delivered a very interesting address on the work of the year. Addresses were also given by the state treasurer and secretary of the association, W. C. Alexander, and C. J. Alexander, of the Canadian Manufacturers from a British view.

One of the most important questions to be brought before the convention is the proposed increase in the tariff for woollens and cottons. It is reported the government will shortly advance the tariff on these articles 50 per cent. with one-third off as preferential tariff. The cotton manufacturers' convention, however, has been proposed as the best manner in which to present their demands to the government. Today a secret meeting of the woolmen section was held. In the meantime an agreement had been reached, and it is stated, perfectly untrammelled, that the woolmen will be prepared to raise their tariff at least 50 per cent. before the woollen and cotton industries could profitably carry on business in Canada.

CREDITORS' MEETING AT DIGBY. Burnham & Smith Make an Offer—Statement of Assets and Liabilities.

Digby, N. S., Nov. 5.—A meeting of the creditors of the firm of Burnham & Smith was held at the office of the official assignee, when an offer of compromise was received from the firm of 15 cents on the dollar, cash, or 20 cents on the dollar payable in three, six and nine months, unsecured. After discussion of the proposition in its alternative form, the meeting adjourned until the 11th of November, in order to give the assignee, John Daley, time to communicate the offer to the outside creditors. A number of St. John firms are interested in the estate as creditors, and they will probably accept the cash offer of settlement. The following statement of assets and liabilities was submitted to the meeting:

Table with 2 columns: Description and Amount. Bills payable: \$7,756 50. Ledger accounts: 609 22. Balance due on mortgage on property: 1,030 00. Total: \$9,395 72. Assets: Book debts valued at: \$1,465 43. Goods on hand: 1,725 07. Store and hand valued at: 1,800 00. Total: \$4,990 50.

King vs. Joseph Myhrall—Crown case reserved; Baxter moves to quash conviction; McKewen supports the conviction; appeal from some of the international railway associations. The object of the new organization is to break away from the established order, and form a purely Canadian organization, which will handle its own affairs, particularly members insurance, the claim being that Canadian members in the five class of organization contributed \$40,000 to the surplus of the international order last year. The organization committee were H. A. Washburn, H. Dreary and T. A. McCarthy, and the latter has been suspended, according to a circular to the Canadian railway men, issued by Dreary. In addition to suspending McCarthy in a vindictive manner, it is said the whole movement originated with the three men who signed the circulars. The committee, however, while acknowledging responsibility for circulars claim to have hundreds of railway men at their back in the new movement.

CANADIAN RAILWAY MEN. The Scheme for Separate Organization Meets With Opposition.

Toronto, Nov. 6.—(Special)—The recently inaugurated movement for the organization of the Canadian Order of Railway Men, seems to be meeting with much opposition from some of the international railway associations. The object of the new organization is to break away from the established order, and form a purely Canadian organization, which will handle its own affairs, particularly members insurance, the claim being that Canadian members in the five class of organization contributed \$40,000 to the surplus of the international order last year. The organization committee were H. A. Washburn, H. Dreary and T. A. McCarthy, and the latter has been suspended, according to a circular to the Canadian railway men, issued by Dreary. In addition to suspending McCarthy in a vindictive manner, it is said the whole movement originated with the three men who signed the circulars. The committee, however, while acknowledging responsibility for circulars claim to have hundreds of railway men at their back in the new movement.

Hawke, proprietor of the Montreal Transport, is the city's only man who has been necessary to start a train from Montreal on Saturday which will run through to Halifax on Sunday night. Probably a corresponding train will have to leave Halifax on Sunday.

SUNDAY TRAIN INSTEAD.

Haligonians' Objection to Mail Steamers Arriving on Sabbath Bothers the Government.

Ottawa, Nov. 6.—(Special)—The post office and railway department and the Allen Steamship Company are having no small difficulty in arranging the mail service from Halifax to England during the coming winter so as to avoid, as far as possible, Sabbath disturbance. As at one time proposed, the steamer leaving St. John, N. B., would arrive at Halifax and depart for Liverpool on Sunday. Halifax people opposed this as it would have involved an amount of stir and bustle on the water front on Sunday, which was objectionable. Hence other arrangements are being made.

The present plan is to have the steamer leave St. John at such a hour as will enable her to reach Halifax on Monday morning. But to do this will involve some Sunday work on the railway, which the department has been anxious to avoid. Hitherto, there has been no Saturday train from Montreal and no Sunday train from Halifax. It will now be necessary to start a train from Montreal on Saturday which will run through to Halifax on Sunday night. Probably a corresponding train will have to leave Halifax on Sunday.

Advertisement for Vapo-Cresolene. Includes an illustration of the product's packaging and a testimonial: "Any of the children ever have it? Then you will never forget it, will you? Don't let it go until midnight again, but begin treatment during the evening, when that dry, hollow, barking cough first begins. Get out your Vapo-Cresolene (for you surely keep this in the house), put some Cresolene in the vaporizer, light the lamp beneath, and let the child breathe in the quieting, soothing, healing vapor. There will be no croup that night. If it's midnight, and the croup is on, inhaling the vapor will break the spasm and bring prompt relief. For asthma, bronchitis, sore throat, coughs and colds, it is a prompt and pleasant cure, while for whooping-cough it is a perfect specific. Your doctor knows, ask him about."
