FORM OF BEQUEST.

"I leave and bequeath the sum of,—(the amount to be written in words, not figures)—to the Fund of the Presbyterian Church in Canada,—(here state either Eastern or Western Section)—and I declare that the receipt of the Treasurer for the time being, of the said Fund, shall be a good and sufficient discharge to my Estate and Executors.

The Liquor Trade.

Lady Henry Somerset was reported to have declared in a speech, which she recently delivered at Wolverhampton, England that "the trade has no politics, no philanthropy and no outlook, save the making of money." Lady Henry was challenged to say whether she accepts the report as correct, and in reply has written a letter, in which she says: "To my mind, not all the gold in the Rand or the diamonds in the De Beers mines would compensate the nation for the loss it yearly sustains by the immeasurable evil of the drink traffic. The definition of the word 'philanthropy' is, 'Love to mankind, benevolence towards the whole human family, universal good will, desire and readiness to do good to all men,' and to my mind this is incompatible with the fact that the fortunes of the trade are made and amassed by carrying on a traffic that

a great statesman of England has characterized as 'devilish and destructive.'"

It is little use to use strong language regarding the liquor traffic, and then to encourage it, to enter into covenant with it, to vote for it, to hold up the white flag in the face of it, and urge that it might be worse! O for a Prohibitionist revival, true and fearless and keen.
