Two-Thirds of a Bottle Cures.

Dr. R. V. PIERCE, Buffalo, N. Y.: Dear Sir—I have been taken your "Favorite Prescription" for "female weakness." Before I had taken it two days I began to feel stronger. I have taken but two thirds of a bottle and believe I am cured.

Gratefully

Mrs. H. C. LOVETT, Watika, Ill.

The following cement is less expensive than that made with red lead, one part of manganese ore, one part of white peccolay mixed with linseed-oil-varnish, or two parts of red lead, five parts of white lead, and four parts of pipe clay, mixed with linseed-oil-varnish.

Sick and bilious headache, and all derangements of stomach and bowels, cured by Dr. Pierce's "Pellots"—or antibilious granules. 25 cents a vial. No cheap boxes to allow waste of virtues. By druggists.

An excellent stain for giving light colored wood the appearance of black walnut may be made and applied as follows: Take Brunswick black, thin it down with turpentine until it is about the right tone and color, and then add about one-twentieth its bulk of varnish. This mixture, it is said, will dry hard and take varnish well.

THE BEST DRAFT HORSE—M. Newgas, one of the principal extensive horse dealers of Chicago, says as follows of the grade Percheron Normans: "Of draft horses I handle more Normans than any other breed. They are more enduring, have better feet, are finer built, more attractive, and are true to work. They are broken before they are ever harnessed. They will sell in New York, conditions being equal, for from \$50 to \$75 more than a Clydesdale. I advise farmers to breed their mares to Percheron-Norman horses in preference to any other breed."—*Chicago Tribune*. About 1,400 Percheron-Norman horses have been imported from France by M. W. Lunham, of Wayne, Ill., 390 of which the present season.

When you have the wood work in a room painted, it is a good plan to have about two inches of the floor painted also; have the paint the same color as that of the base-board; then if, when changing carpets, the carpet will not come close to the wall, the little space left will not be so unsightly.

Important
When you visit or leave New York City, save Baggage Express and Carriage Hire, and stop at GRAND UNION HOTEL, opposite Grand Central Depot. 450 elegant rooms fitted up at a cost of one million dollars, reduced to \$1 and upwards per day. European plan. Elevator. Restaurant supplied with the best. Horse cars, stages and elevated railroads to all depots. Families can live better for less money at the Grand Union Hotel than at any other first-class hotel in the city.

Oil cloth may be kept bright when almost worn out if, after washing it, you take a flannel cloth and dip a corner of it in kerosene, and rub the oil-cloth with it. Of course a very little oil goes a great way and care must be taken not to use too much.

The most incredulous are forced to admit that for perfection in colors the Triangle Dyes have no equal. Ask for three cornered package, and see that you get it. 10 cents.

They all tell the same story. Mr. W. Thompson, Jeweller, Delhi, suffered for years from Dyspepsia, got no relief until he used Dr. Carson's Stomach Bitters. He says "it was just the medicine I needed. It has cured me."

Following the erection of a memorial to F. D. at T. at T. a monument is to be erected to Samuel Johnson at Lichfield to mark the centenary of his death, which took place on Dec. 13, 1784. Whatever variety of opinion there may be about the literary works of the great Cham of Literature, he deserves a memorial as a great moralist and a good man.

Catarth—A New Treatment whereby a Permanent Cure is effected in from one to three applications. Particulars and treatise free on receipt of stamp. A. H. Dixon & Son, 305 King-St. West, Toronto, Canada.

The first librarian of the Free Library of Manchester England, whose labors extend over half a century, Mr. Edward Edwards, has had a civil list pension of four hundred dollars given him by Mr. Gladstone.

As English and Americans begin always in a settlement with a public house, a church, and a prison, the French always begin with a cafe, and Honfleur already boasts one. It is the central feature of the place, and the Tonguinese waitresses have already learned to gabble bad French, and assume the coquettish air and gait of Parisian *brosserie* attendants.
