## Canadian Made

No doubt you will agree that if quality and price are equal every Canadian should buy Canadian made goods in preference to any others.

Not only is it patriotic—it's sound common sense. The money spent for Canadian goods goes to build up Canadian industries and prosperity, and makes it easier for every Canadian to earn a good living.

On the other hand, money spent for foreign made goods goes out of the country to pay foreigners—not to benefit Canadians.

## NA-DRU-CO

Toilet and Medicinal Preparations are compounded in Canada from the purest ingredients which money can buy. The National Drug and Chemical Company of Canada returns to Canadians in employees' salaries, dividends and other expense disbursements, close to **One Million Dollars a year**. In addition to this we spend millions every year in Canada for raw materials, tins, bottles, labels, boxes and other supplies, giving employment to hundreds of Canadian tinsmiths, glass workers, paper makers, printers, lithographers, box makers, and others.

So even if NA-DRU-CO goods were only "just as good" as those imported from other countries, you would be following a sensible and patriotic course in buying them.

As a matter of fact, though, NA-DRU-CO Toilet and Medicinal Preparations are better than those imported. Try **NA-DRU-CO Talcum Powder**, **NA-DRU-CO Greaseless Toilet Cream**, **NA-DRU-CO Tasteless Cod Liver Oil Compound** or any other NA-DRU-CO preparation, and see for yourself.

You risk nothing in making the test, for if the NA-DRU-CO article does not entirely satisfy you, return it and your druggist will refund your money.
