## U OF CALGARY SEEKS 1500 BED STUDENT PROJECT

CALGARY (CUP) --- A \$27,000 report recommending the construction of a 1500 bed-unit housing project has been presented to the University of Calgary student Council.

The recommendation came from the Student Housing Commission, and proposed building low rise apartment type housing on the football field.

The project recommendation calls for development in three phases to be completed by August 1981.

The first phase of 500 bed-units is due by September 1977, with fifteen months allotted for the other two phases, with construction to be completed by 1981.

## If you are an engineer, this chair could be yours.

This is where you could find yourself if you become a Maritime Engineering Officer in today's Canadian Armed Forces. The Master Engineering Control centre of one of our new DDH 280 Destroyers.

No boilers. No stokers. No sweat!

The power within these beautiful ships comes from jet turbine engines. The machinery that heats, cools, ventilates and provides water throughout these ships is the latest.

Maritime Engineering Officers on these ships work with some of the most sophisticated equipment in the world...with expertly trained men who are as proud of their work as they are of their ships.

If you're studying engineering, think about this Officer's job. It's a very special one. It could take you anywhere in the world!
