

073428

-2-

I hesitated to put the question up to Mr. Meighen in the way that I have done to you, as he being Leader of the Conservative Party I did not want to complicate matters in case some other interests might be involved, and so I thought it advisable to write you directly.

I am enclosing the copies for the other Members along with yours, so that you can use your judgment in handing the copies to them.

Yours faithfully,

H/M.
