The Right Honorable Arthur Meighen
President
Canadian General Securities
Bank of Montreal Building
Bay and King Street
Toronto,
Canada

Dear Mr. Meighen:

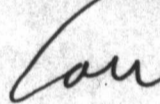

I thought you would be interested in the enclosed clipping from Life Magazine, issue of February 18th.

The article by Clement Attlee refers to the right of the King in the granting or refusal of requests for the dissolution of Parliament. Eugene Forsey might also be interested to see this.

I wish I knew what was going on in Canada. The word "Royal" being dropped; a Canadian Governor General; the word "Dominion" no longer used, are most disturbing to say the least.

With kindest regards,

Yours sincerely,

L. L. L. Golden
