

21 Mar 46. L

Gentlemen of the Court.

The prosecution wishes to submit in answer to the plea by the defense that.

Two witnesses have testified before this court to the fact that the accused B-148842, Tpr. Rudolph BURTON on the night of the 6th June 45 onset about 2325 hours in Holland, was driving a jeep on the road from Praeterveldt to Biltoven.

Four witnesses have testified to the effect that they were 7 (seven) person riding in the said jeep and that they, at one moment, lost consciousness and woke up in hospital.

This, in ~~my opinion~~ I believe is enough to substantiate the charge.
