The wet weather kept trade very quiet at St. Lawrence Market this morning. There were no receipts of grain or hay.
Dressed Hogs—The run was light, and trade was quiet. Prices are steady, with an inclination to firmness. Lightweight hogs are quoted at \$8.40 to \$8.50 per cwt., and heavies at \$7.50 to \$7.75.

Straw—Quotations are unchanged. There was none sold.

Toronto Live Stock.

Despite the bad weather at the Toronto Cattle Market trade this morning was particularly good. There was a heavy run of cattle, and a brisk demand, which before the close of the day took everything in sight. Prices of export cattle advanced somewhat, and those of butcher cattle were steady with an inclination to firmness. Cows for export advanced a shilling per cwt. for select. Shores and lambs were easier. Other prices are about steady.
The total run amounted to 30 cars, including 1,833 cattle, 256 sheep and lambs, 123 hogs and 88 calves.

Choice cattle sold at about \$4.70 to \$6 per cwt., and medium to good at \$4.25 to \$4.70. One or two lots of extra fine stock brought as high as 5 1/2c per lb.
Butcher's Cattle—There was a heavy run of offerings of fair to good quality, but the extra heavy demand absorbed everything. Prices remained about steady, with a slight inclination to firmness. Picked lots sold at \$4.20 to \$4.60 per cwt., and fair to good at \$3.90 to \$4.20.
Stocks and Feeders—Trade is rather quiet, with few cattle offering, and a fair demand for good stock. Prices are steady as quoted.
Milch Cows—There was a fair run of moderately good cows offering, and all were sold. Prices ranged from \$35 to \$53 each.
Calves—There was a fair trade, and receipts were moderately free. Quotations are steady at \$2 to \$10 each, and 4 1/2c to 6 1/2c per lb.
Sheep and Lambs—There was not much stock on hand, and trade was rather dull. Prices have an easier tendency, and prospects all round are lower. There is no demand for barnyard lambs.
Hogs—The run was light, and prices of select advanced a shilling per cwt. to \$6.25. Lights and fats are quoted steady at 2 1/2c.

Scotch Sense.

An Englishman and a Scotsman were disputing over the relative merits of Shakespeare and Burns.
"And you say, do you, that Billy Shakespeare was a greater man than Robbie Burns?"
"Yes, I do, and every Englishman knows it."

"But you say that it was Shakespeare who said, 'Uneasy lies the head that wears a crown.'"
"Certainly it was Shakespeare. Robbie Burns could never have said that."
"No, no; Robbie Burns would never have said that. He had over muckle sense to say a thing like that."
"Over muckle sense, man! What do you mean?"
"Yes, yes; Robbie Burns would have kept that one king would have taken his crown off and hung it on the back of the chair before lying down. You seem to forget that Robbie was a Scotsman."
"Till-Bits."

IN THE SPRING

Use Dodd's Dyspepsia Tablets—They Enable Nature to Right Itself and Thus Dispose of the Objectionable Lassitude Naturally and for Good.

You know it's Spring. That tired feeling tells you that. You are not sick, but you have little inclination to eat and still less to work. You just want to do nothing and feel miserable.
Do you know why? Do you know that the stomach has been working hard with fatty food all winter supplying different parts of the body with both heat and food—that the stomach's work is doubled in the winter?
Do you know that the stomach after its double work is tired? That when it fails in its duty of supplying the different parts of the body with food. That when the parts do not get food they are starved and weak. Your stomach needs help! It needs Dodd's Dyspepsia Tablets. They will digest the food while the stomach rests. They will not only ensure a food supply to the starved organs and muscles, but they will rest the stomach and put it in shape to do its work well. Dodd's Dyspepsia Tablets are what the stomach needs in the spring time. They are a natural cure because they enable the body to right itself. When the body is right there can be no weary, dispiriting spring feelings.

He Forgave the Bishop.

A certain bishop, an ardent advocate of teetotalism, found one of his flock, to whom he had preached for years, leaning in helpless drunkenness against a wall.

"Wilkins!" cried the bishop, indignantly. "Oh, Wilkins! I am sorry; I am sorry!"
"I am sorry!"
As the bishop was passing by on the other side Wilkins pulled himself together and hiccupped after him:
"Bishop, bishop!"

The bishop hastened back in the hope of hearing a resolution of repentance.
"Bishop, if you are really sorry I forgive you!"
To relieve a nervous headache apply hot water to the temples and back of the neck. A hot foot bath will also materially aid.

IT'S A GOOD SIGN.

When you hear of noted food experts and able physicians recommending the use of Malt Breakfast Food instead of oatmeal, rolled oats and other preparations, it's a good sign; it means that Malt Breakfast Food stands first in nourishing and building-up virtues.

When you are assured that Malt Breakfast Food is taking the place of oatmeal preparations in thousands of our Canadian homes, it's a sure sign that our people have found Malt Breakfast Food all that it is represented to be—nutritious, healthful, appetizing and delicious.
When you, by experience, find that one package of Malt Breakfast Food will make a meal for twenty-five people, it's a good sign of economy. If you are a stranger to Malt Breakfast Food, get a package from your Grocer and test it.

FOR THE STREET.

The Importance of the Belt—Smart Shades For Spring Costumes.
Almond and biscuit shades are very popular with the all black hat, and white is having its usual run of popularity.

The new rich elate tone is not so much seen as was predicted, yet a few well known leaders of society look wonderfully well in this shade. It had, of course, to be well carried out and only looks its best in costly fabrics.

A smart three-quarter length sack wrap for outdoor wear was of mixed

cloth and panne of this shade, with falls of deep coffee lace and a lining of cream satin.

Waistbands bought ready made are admirably arranged to keep the waist short in the back and long in the front, a generally becoming line. It is better to buy these belts ready made than to attempt them at home, as they have to be carefully boned.

The woman of slight figure who does not wear much of a corset needs a smart and becoming belt.

The illustration shows a tailor made suit of blue chevot which is very useful for general wear.

LACE AND NETS.

Smart Irish Crochet Trimming—Lace Combined With Chiffon.

Irish crochet and net make a charming combination. Jet of a bright quality will be much used for smart afternoon gowns during the coming season.

Nothing is so effective for the demitoelet as black gauze or chiffon over an underdress of white showing a lot of Irish cream crochet.

net seems still to hold its own for pretty matinees, blouses and tea jackets. Patterned nets will be used with a goodly supply of chiffon and silk voiles.

Where one has black or white skirts which are to be worn out at home an ecru coat is more than useful, while choux of bright colors will vary the toilet.

The all black point d'esprit gown is about the most economical and useful a woman can have, for it admits of many effects with the use of flowers, pale tinted chiffon, rosettes, etc.

JUDIC CHOLLET.

Discharged Himself.

An amusing story is told of a young Scotch lad who in a very quiet, determined way made his exit from a house in which he had been but a little while installed as a domestic help. He had been told that he would be dismissed if he broke any of the china under his charge.

On the morning of a great dinner party he was entrusted, rather rashly with a great load of plates, which he was to carry upstairs from the kitchen to the dining room and which were piled upon his two hands.

In going upstairs his foot slipped, and the plates were broken to atoms. He at once went to the drawing room, put his head in at the door and shouted:

"The plates are a' smashed, and I'm awa!"

Many weak men think their stomachs cannot digest rolled oats so they eat cold, ready-to-serve foods which contain uncooked starch—fill their stomachs with matter impossible of digestion.

Men of sense and strength eat Tillson's Pan-Dried Oats—thoroughly cooked and served hot. The starch in the oats is turned into digestible dextrin by the cooking and the digestion is helped, while the body is nourished and strengthened by the proteids, carbohydrates and fat.

Tillson's Oats are delicious to eat, easy of digestion and contain in a high degree all substances necessary to complete nutrition.
