### LOOSE COAT, 791

The loose or "sport" coat is in great demand this season and is so practical and useful as well as attractive that it has secured popularity. In one view, the fronts are cutaway and there is a belt and, in the other, the fronts are straight and the belt is omitted, and the two treatments are equally good. There are just front and back portions and there are darts from the shoulder edges of the fronts that achieve all necessary fitting. Sleeves are the regulation two-piece sort with rolled over cuffs.

For the medium size, the coat will require 6 yards of material 27, 4½, yards 36 or 3 yards 44 inches wide, with 4½ yards 27 inches wide for the collar and cuffs. This pattern is cut in sizes from 34 to 44 inches bust measure.

### ROUND YOKE NIGHT GOWN, 792

The night gown made with round yoke that slips on over the head is the undoubted favorite. This one is extremely pretty and is made quite novel by the little fitted yoke. It is made in just two pieces with the sleeves sewed to the armholes and the sleeves can be made straight or curved edges or they can be made longer and gathered into bands. In the small view, the gown is shown with the Empire treatment and many women find this most satisfactory. The Empire effect is obtained by applying banding and

threading with ribbon. For the medium size, the gown will require 4 yards of material 36 or 44 inches wide with 2 yards of banding, 1½ yards of banding for Empire effect. This pattern is cut in sizes small, medium 36 or 40, large 42 or 44 inches bust measure.

### SEMI-PRINCESSE GOWN, 793

Everything that has a plain effect is essentially fashionable just now. This skirt consists of just two pieces and just front portions are slightly draped. The side seams can be left open for a dress or closed for the entire length as liked. The back is gathered at the upper edge and the skirt is joined to a belt while the blouse and petticoat are joined one to the other by means of a second belt.

For the gown will require 5 yards of material 27, 36, yards 36 or 3 yards 44 inches wide, with 1 yard 36 inches wide for the waistcoat and collar. The width of the skirt at the lower edge is 1½ yards. This pattern is cut in sizes for 34, 36, 38, 40, 42 and 44 inches bust measure.

### TWO-PIECE DRAPE SKIRT, 790

This skirt takes perfect folds and is adapted to all the skirt materials that drape so beautifully. As will be seen as a glance, the edges of the back are finished and lapped onto the front and, in the picture, it is the hold in place by buttons, but the edges can be left plain or trimmed with buttons arranged in groups or treated in any way that may suit the material and please the fancy.

This pattern is cut in sizes from 22 to 30 inches waist measure.

### ONE-PIECE CORSET COVER FOR MISS AND SMALL WOMEN, 794

The corset cover with a straight edge and a simple, practical one and so can to make that girls always like it. This one can be finished with a plain line or with a pattern below as may be liked. It is pretty made from Rouen- ing but it also makes a good model for plain material to be embroidered by hand. There is only one piece and is only under a arm seems to be sewed.

For the 36 year size, 1½ yards of bounding 14 inches wide, with ½ yard 36 inches and 1½ yards of edging. This pattern is cut in sizes for girls of 12, 14 and 18 years.

### FOUR-PIECE SKIRT FOR MISS AND SMALL WOMEN, 795

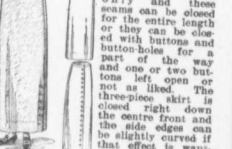

The skirt that shows just a few and already a favorite of young and small women will like this model for it preserves the straight, slender lines and, at the same time, gives ample freedom. As the finish can be made at either the high or the natural waist line, it is suited to all figures.

For the 36 year size, the skirt will require 4½ yards of material 27 or 36 inches wide. The width at the lower edge is 1½ yards.

This pattern is cut in sizes for girls of 12, 14, 16 and 18 years.

### MISS AND SMALL WOMEN, 792

When this skirt is cut two pieces, it means side seams only and these seams can be closed for the entire length or they can be closed with buttons and buttonholes for a part of the length and one or two buttons left open or not at all. The three-piece skirt is closed right down the centre front and the side edges can be slightly curved if that effect is wanted.

For the 36 year size, the two-piece skirt will require 2½ yards of material 27, 36 or 44 inches wide, with 1½ yards of the three-piece skirt 3½ yards 27 or 3½ yards 36 or 44 inches wide. The width at the lower edge is 1½ yards.

This pattern is cut in sizes for girls of 14, 16 and 18 years.

Place peaches in a wire basket, dip in water a few moments, and then rub off the skins. By this method none of the fruit is wasted.

## MONEY IN POTATOES

Every Bag  
 a DOLLAR

Get them all

The farmer with a big crop of potatoes has a gold mine at his back door.

Every bag is a dollar.  
 Every bag left in the ground is a dollar lost.  
 Every bagful chopped by the plow is a dollar lost.  
 If it costs \$5.00 too much an acre to harvest them it is \$5.00 per acre lost.  
 To handle the whole crop and handle it cheaply is going to make a big difference in the profits.

We can help you there. Our book "Money in Potatoes" has ideas that will help you to mine that crop of potatoes to the last dollar.

Dollars saved in the potato field are as good as extra bushels to the acre. The "big crop" coupon will entitle you to a free copy of the book "Money in Potatoes." Send it in to-day. There is money in it for you.
