CHATHAM DUMP BOXES

HAVE SEVERAL very desirable features. They can be placed on any ordinary Wagon Gear. When the wagon gear is desired for other purposes, all you require to do is to remove the Box. The inside view shows how the load is dumped clear of the reach, and the inside half of the bottom protects the reach.

Loose earth, sand, gravel, lime or any other commodity of like nature can be dumped in one pile, or spread along as desired. The contrivance for dumping is operated by foot, so the driver has the use of both hands. Load can be dumped without driver leaving the seat, and the bottom can be drawn up into position while starting on the return trip.

A GREAT TIME SAVER

No teamster can afford to be without it. No contractor can afford to hire a teamster not using one of these boxes.
