

## COCKSHUTT'S NEW J. G. C. RIDING PLOW

(PATENTED IN THE UNITED STATES AND CANADA.)

COVERED BY THREE PATENTS.  
Wiard's, issued 1883; Economist, issued 1884; Cockshutt's, issued 1885.

This Plow is the result of our past experience in the manufacture of Riding and Sulky Plows, combining the best improvements.

A new departure, involving the "king bolt principle," by which the plow beam can be raised or lowered independently of the axle, and the wheels left free to turn independently of the plow bottom.

We manufacture the largest line of both Steel and Chilled Plows made in Canada, of capacity suitable for any style of plowing.
