

This Book in the Spring

Means Fine Crops in Summer & Fall

STRONG, vigorous seeds, tested for vitality and of strains selected for bountiful yield in Canada's climate, go a long way toward assuring big, early crops. For forty years,

have fulfilled all these requirements. The latest edition of McDONALD'S Seed Annual is just off the press. It is the finest catalogue we have ever issued—a veritable fund of information for all who plant seeds for pleasure or profit.

Your Copy Ready for Mailing—FREE

No matter what seeds you have been accustomed to use, you should have this book before planting-time. Describes McDONALD specialties that have produced remarkable results and that cannot be obtained elsewhere.

Also special price offers on selections of standard seeds. Send your name and address to

Put in as Big a Garden as you Possibly can this Spring

—but be sure you put it in **RIGHT!** Thorough tilling and plenty of fertilizer are both important, but not more so than the choice of seeds. "Like produces like", and you cannot expect fine crops from inferior seeds.

Ewing's Reliable Seeds

are grown from selected plants of the very best strains. They are clean, vigorous, sure to grow—and for over Forty Years have been producing the finest gardens in Canada.

Your first step will be a wise one if you choose Ewing's Seeds. Get them from your dealer, or if he hasn't them order from us direct.

PEERLESS PERFECTION

THE FENCE THAT STAYS "PUT"

PEERLESS Perfection is one of the easiest fences to erect, because it stays "put." It can be erected over the most hilly and uneven ground, without buckling, snapping or kinking. Every joint is locked together with the well-known "Peerless Lock." The heavy stay wires we use prevent sagging and require only about half as many posts as other fences.

Peerless Farm Fence

is made of the best Open Hearth steel fence wire. All the impurities of the steel are burned out and all the strength and toughness left in. Makes the fence elastic and springy. It will not snap or break under sudden shocks or quick atmospheric changes. Our method of galvanizing prevents rust and the coating will not flake, peel or chip off.

Send for catalog. It also describes our farm gates, poultry fencing and ornamental fencing.

Agents nearly everywhere. Agents wanted in unassigned territory.

Monarch Gasoline Engines

1 1/4 to 35 Horse Power

Grain Grinders, En-
silage Cutters, Saw
Frames and Pump
Jacks

1 1/4 H.P. Horizontal Hopper Cooled

This engine built specially for small jobs around the farm and in connection with our intermediate pulley takes care of the churning, washing, pumping, etc. Being mounted it is easily moved from place to place.

Read this letter received by Canadian Engines, Limited, from their Eastern Sales Agents

The Frost & Wood Co., Ltd., St. John, N.B. Clifton, Gloucester Co., N.B., Dec. 13th, 1915.
Dear Sir—In regard to the Monarch Engine purchased through you, I would like to say a few words as I may not have a chance again. I have used it two years now, and every day I run the machine I like it better. In fact I think it's the best thing I ever saw. I threshed six weeks this fall, and I just kept a record of its work for fun. In the six weeks I just made an average of 403 bushels a day, on an average of 2 gallons of gasoline a day, and the engine never missed an explosion in the six weeks. If this can be beat by any of the other makes of engines I am ready to eat my shirt. I am entirely satisfied with the engine and would not take my money back to-day. You can publish this letter in any of your engine catalogues, and I am ready to prove what I said any old time.
Yours, (Sgd.) Jos. G. Powers, Clifton, N. B.

AYLMER SPRAYERS
have won Medals
and are used by
seven Governments

USE THE

AYLMER SPRAYER

Fruit growers use Aylmer Sprayers because they give **RESULTS.** Aylmer Sprayers have the force to drive the mixture into crevices of bark and buds and make it penetrate the hiding places of the destructive little insects. No time wasted on repairs during the Spraying Season if you get a Sprayer that **DOES NOT GET OUT OF ORDER.** Any man who has had the exasperating experience of having to stop on account of loose "packing" on the pistons, will be glad to own an Aylmer Sprayer. It is the only Sprayer constructed without troublesome "packing." In the Aylmer, the pistons are made tight by three bronze expanding rings, the same as the pistons in automobile engines. This Sprayer is easy to pump and there is no pressure leakage; every ounce of pressure being turned into spray work. Agitators prevent clogging; nozzles are up-to-date; throw full distance and with full power from a stream to a spray. Every part designed to give perfect service. Prices low. **FREE GUIDE TO SPRAY MIXTURES** sent on request.

Aylmer Sprayer Outfit:

Pump, complete, 10 feet hose; 2 Bordeaux nozzles; 1 brass stop cock; 1 V; 1 long extension rod; Without barrel \$15.25. Lined Bamboo extension rod, in place of iron rod, \$1.50 extra. Barrel \$3.00 extra. Shipped freight prepaid, any station in Ontario.
