GOSSIP.

Mr. Richard O'Heren, of Sangamon Co., Ill., is the owner of a half-bred, twenty-five-year-old Clydesdale mare that has produced twenty colts. She has been in the possession of her present owner for twenty-three years, and is now suckling her twentieth colt.

Lou Dillon is starting the season faster than she was last year. At Cleveland, June 16th, she trotted a mile in 2:07½, and last Saturday was driven by her owner on exhibition to road wagon in 2:06½. The final quarter of the mile was in 30 seconds. The same day Mr. Billings rode the trotter, Charley Mac, a mile in 2:17½, in an effort to beat the old amateur record 2:19½.

A shaftless sulky has actually been patented. In this device the seat is just above the back of the horse, and by an ingenious arrangement of supports and wheels, the horse will not have to bear any more weight on his back than he has to with the rig presently used. A corporation has been formed to place the invention on the market. The Kentucky horseman, George W. St. Clair, is credited with having made the shaftless sulky practical.

Mr. John Lahmer, Vine, Ont., breeder of Berkshires, ordering a change of advertisement, writes: "I have at present a lot of fine young pigs ready for shipment, and it is a pleasure to report that since the lapse of winter weather pigs have come along well, and litters are strong and good—in the last six farrows have every pig living, but three—quite a change from the great mortality that was generally experienced during the winter months. The enquiry is not quite so heavy, but that that comes to hand is chiefly for a superior class of pigs, quite a few wanting them for show purposes, and in this respect shall send out a few that will do the purchasers good. There is no question as to the efficacy of the 'Farmer's Advocate's' advertising columns in bringing customers to those having anything for sale.

PRIZE PIGS AT THE ROYAL.

Following is the list of principal prize-winning pigs, in the classes named, at the late Royal Show at London, England:

Philip.

LOADED UP WITH IMPURITIES.

IN THE SPRING THE SYSTEM IS LOADED UP WITH IMPURITIES.

After the hard work of the winter, the eating of rich and heavy foods, the system becomes clogged up with waste and poisonous matter, and the blood becomes thick and sluggish.

This causes Loss of Appetite, Biliousness, Lack of Energy and that tired, weary, listless feeling so prevalent in the spring. The cleansing, blood-purifying action

BURDOCK BLOOD BITTERS.

eliminates all the pent-up poison from the system, starts the sluggish liver working, acts on the Kidneys and Bowels, and renders it, without exception,

The Best Spring Medicine.
