Home and Family Saved

One of Tens of Thousands

Not a miracle. No home protected as this one is ever *was* destroyed by lightning. It is made safe by

The DODD SYSTEM of Lightning Protection

How About Your Home?

Are you still taking chances? Can you afford to risk the lives of your dear ones and your property, when you can insure their safety for a small sum of money invested once in your lifetime?

You insure against fire to receive compensation in case of loss.

Safety is better than compensation. And remember, there is no compensation for life taken by lightning.

The Safe, Sure Way

Get safety from lightning and fire insurance, too. They go hand in hand. Get both for the cost of one. Lightning causes nearly all country fires. The Dodd System controls and prevents lightning.

Insurance companies grant low rates of insurance on buildings protected by the Dodd System. The decreased cost of fire insurance quickly repays the cost of your lightning rods, erected once for all.

The Lesson of Insurance Companies

Over 2000 Fire Insurance Companies specially endorse and urge the protection of buildings by the Dodd System, because it is to their interest to do so. The Dodd System of lightning rods prevents *all* lightning losses, which means prevention of *three fourths of all fire losses*.

Our men are trained and skilled. They are able to rod your buildings correctly. That is all-important. Our personal, binding guarantee is issued to you on their work. Don't wait until it is too late. Send today for fine, large book on lightning, its laws and how to control it. Gives Prof. Dodd's great lecture, many vivid lightning scenes, resolutions of insurance companies, guarantee, etc. Free.

Is Your Barn Right Inside?

For the sake of appearances, and for the good of the barn, it is important to have it nicely painted on the outside. But for the sake of profits, and the health of the cows, it is far more important that your barn be

Equipped Right Inside.

To have it just right for the complete Cleanliness, Comfort and Contentment of the cows means that you must use

BT SANITARY BARN EQUIPMENT

BT Stalls are the only ones giving the cow absolute freedom of movement and positive protection, the only ones equipped with the **Aligning Stanchions**, which line up cows of all lengths to the gutter, behind; **Automatic Self-Cleaning Mangers**, providing a separate compartment for each cow, so that she may feed according to her individual needs; **Sure-Stop Swinging Post**, which prevents the cow from putting her head in the wrong place in entering the stall.

Every farmer who wants increased profits should send this coupon for our New Catalogue. It is free.
