Trade Notes

SEEN AT THE FAIR

The Model Drawing Room of the T. Eaton Company.

One of the delights of the recent exhibition was the display of the T. Eaton Company. The furnished home set forth as a model by this firm attracted a great deal of attention and favorable comment; There seemed to be no desire to crowd the rooms unduly, and the decorative scheme was always tasteful and artistic. Particularly beautiful was the drawing room with its wall paneling in soft tints, its delicate hangings, and its elegant and graceful furniture. It is not surprising that in order to complete the beauty of the room, the firm selected a magnificent Goulay piano of Sheraton design. The rich beauty of this splendid instrument seemed to harmonize perfectly with the surroundings. It is understood that a similar exhibit, even more elaborate, will be made by the Eaton Company at the Ottawa Exhibition. For this also a Goulay piano has been selected, so that the design as prepared by the expert of the company will be complete in every detail. Certainly a drawing room in these days is scarcely complete without the finest piano manufactured in Canada and it is plain that the Eaton Company is seized of this undoubted fact.

By CONSULTING the advertisement of the Fit Ryt Shoe Co., in this issue, readers will see where they can secure the best of high class shoes at prices that can not be equaled by stores selling in the ordinary way.

IN THIS ISSUE Beeman & Co. place before the public the claims of their New "Jumbo" grain cleaner. This machine is specially adapted for rapid and efficient work and is sold on trial, thus standing on its own merits.

QUESTIONS AND ANSWERS.

THUMPS.

Would you please inform me as to the cure for a disease in young pigs about 10 weeks old? The disease is as far as I know called thumps, which causes the little fellows to stagger around like a drunken man. They have been fed since weaning on milk and shorts and lately due to the impossibility of getting shorts on 3 parts bran

and 1 part low grade flour mixed in skim milk. I have given a dose of castor oil without any good effects as yet. Sask. R. D. P.

Ans.—The complaint is due to high feeding and want of exercise. Purge each with three ounces of salts or repeat the oil and if possible let them out on grass or give them some sort of vegetable food like roots, corn stalks, or hay chaff. The object should be to reduce the flesh and give exercise.

WHAT CONSTITUTES A MONTH?

When engaging hired help is it usual to count every four weeks a month or should we estimate from the first of one month to the first of the next? Sask. G. S. Thistle.

Ans.—A month is reckoned from date to date; this is if a man begins work on the 11th of June he has a month in on the night of the 10th. of July.

Highland Park College
Des Moines, Iowa.

Terms Open Sept. 2, Oct. 14, Nov. 26, 1907, and Jan. 6, 1908.
