

Quality

Counts

The "fussiest" woman that buys of you can't and **won't** find fault with the purity and strength of the "Hand in Hand" Brand of Bi-Carb. Soda which contains

98⁵⁰/₁₀₀ Pure Bi-Carbonate Soda.

The Woman's Friend

A spring-time friend—the Home Dye of highest quality that doesn't dye the hands—fadeless, brilliant, quick, easy. All colors in the

Maypole Soap Dyes.

Stower's Concentrated Lime Juice

Refined and re-refined—concentrated—strong, yet there's no free acid taste, "no musty flavor." Economical because so strong—20 per cent. stronger than any other Lime Juice made.

Codou's White Tender Macaroni

White, delicate, tender, because it's made from Russian Wheat. All other Macaroni must fail to meet its delicacy because P. Codou doesn't make it. "P. Codou" stamped plainly on every package.

All of the above are sold by leading wholesalers throughout the Dominion.
