

CHURCH NOTES FOR BUSY MEN

THE POPE'S HEALTH.

According to a despatch from Rome to the Montreal Star, there is a persistent rumor of about Pope Pius X. that he is seriously ill and the continued suspension of audiences at the Vatican seems to confirm the report.

IAN MACLAREN.

The St. John Freeman is authority for the following: Dr. Nicol, the biographer of Ian MacLaren, (the Rev. John Weston, Presbyterian) tells a pathetic story of the gentle novelist's conversation with an Italian peasant woman, ending as follows: "I take back all I said. Forgive it, I forget it. Do not let a word of mine stand between you and your prayers to the Mother of Our Lord." It is well known of course, that Rev. Dr. Watson was of Catholic ancestry on his mother's side of the house.

A COLORED LADY SUPERIOR.

Mother Mary Austin, superioress of the Colored Sisterhood of the Holy Family, New Orleans, died recently after an illness of about three months. She entered the Order in 1871 and was elected superioress in 1887. Under her administration the original convent was enlarged and the work of the sisters for the colored people greatly broadened.

RECALLING THE PAST.

Some time this month an important historical and memorial event will take place in the old Christ Episcopal church at Alexandria, Va. It will be the unveiling of a bronze tablet to the memory of the pale-bearers who participated at the funeral of George Washington. The veil will be removed by the hands of two of the most youthful descendants of the "first" whose names will appear thereon: Miss Margaret Douglas Reese, the great-great-granddaughter of Col. Dennis Ramsey, and John Cale Scott, great-great-grandson of Col. Charles Simms. The tablet will be placed on the wall of the church near the south entrance.

HIGH CHURCH PROTESTS.

In a petition recently presented to the Bishop of the Protestant Episcopal church protesting against the permission to allow "pale-bearers" who are not ministers of the Episcopal church to deliver addresses in Episcopal churches, the reason is given that "great grief and scandal have been caused by the intrusion into churches and pulpits of such persons."

A GREAT COMMEMORATION.

Forty bishops of the Protestant Episcopal church in the dioceses of England, Scotland and America have accepted invitations to be present at the celebration to be held in Halifax during the latter part of August and the first of September, in observance of the bi-centenary of the first Church of England service held in Canada. This service occurred at Annapolis, N. S. There will be special services in all Anglican churches on Sunday, Aug. 29. The formal opening of the celebration in the new St. John's Cathedral on Sept. 2 is expected to be the most imposing Anglican gathering ever held in Canada.

GREAT GROWTH.

During the last six months the Presbytery of Calgary has added 17 new fields, in which are found 59 preaching stations.

IN AMERICAN PULPITS.

Rev. A. J. Lods who did mission work for years among the French Canadians on the upper St. John is now pastor of Grace Presbyterian church, Green Bay, Wis. He holds services in both French and English.

DAVID MAXWELL & SONS, 35, Mary's Quay.

Rev. R. J. McAndrews is pastor of the Presbyterian church at Ocotow, Wis. This church has 250 communicants in it. The pastor also is a Canadian from Angus, Ont. His father was born at Dalhousie, N. B.

Snow Hill, Ind., Presbyterian church is generally considered the oldest organization of that denomination in the United States. The present pastor is Rev. J. B. North, at one time a member of the Reformed Episcopal church at Sussex, N. B.

A friend writing from Winesboro, Wis., speaks very highly of the work of Captain A. R. O'Brien, who is now engaged as a Sabbath School missionary in Iowa. Captain O'Brien is well known and highly esteemed in Picot. We find his name among the speakers at the dedication of the Presbyterian church in Mason, Wis.

Rev. L. R. Giroux is pastor of the Second Presbyterian church, Oshkosh, Wis. He is a native of the Province of Quebec, and a graduate of the Presbyterian college, Montreal. He was for some years pastor of the church organized by Father Chénigny at Ste. Anne, Kamikac County, Ill. Rev. J. L. Maynard, a classmate of Mr. Giroux, is pastor of the Presbyterian church at Packwaukee, Wis.

IN VANCOUVER.

Six years ago when the General Assembly met in this city there were only four Presbyterian churches in Vancouver. There are eleven, but still the members are that communion complain of being under-churches.

REV. A. H. FOSTER.

Among those who left on Monday for the missionary congress at Toronto was Rev. A. H. Foster, of Maliland. On the preceding Saturday evening Mr. Foster was waited upon by a deputation from the congregation who presented a roll of bills simply sufficient to meet all the expenses of the trip, with a margin for pocket money. —Presbyterian Witness.

FUTURE PUNISHMENT.

Joseph Hamilton, of Lindsay, Ont., writing to the Montreal Witness, in this grave theme, makes the following statements: "Do the ministers believe in it, as a matter of fact they do not preach it. I never heard a sermon on it, or any attempt to prove it, since I was a child. A few weeks ago in a large congregation in Toronto the pastor asked for a show of hands on the part of any who had heard a sermon on hell within the past ten years. Two hands were held up. Some time ago a noted Methodist minister told me that the Methodist ministers of Canada do not believe in Everslastig Punishment. A prominent official of that church told me lately that he does not believe it, but that if he were known he would lose his position. The Presbyterian ministers seem largely to hold the same view. Is the subject mooted at all in any Presbyterian church? I know that some ministers profess to believe it, but they seem as apathetic about multitudes dropping out of the church as if they were not. I did not believe it. Privately, I have spoken on this subject with many ministers; and not one of them professed to believe it. The matter has a vital relation to missions, for if we do not know what the heathen are to be saved from, if there is going to be an eternal hell, we are sustained in our liberality and enterprise. In all the reports of the meetings of the Laymen's Missionary Movement, I have seen no hint of the alternative before the heathen if they are not evangelized. I heard a minister lately speaking of them as 'miserable failures going out into the wilderness.' What did he mean? It seemed to me an unworthy evasion of the question."

CONCERN.

I want to sing the praises of the conceived boy and man. He is generally persecuted. I am going to defend him. "Gie us a quite conceit of ourselves," is a good prayer, "let us pray." What man who went through boyhood, and youth, and manhood, and old age, without a little conceit, but which is not a blushing, stammering, underrating himself, depreciating himself, will not join in the prayer and heartily say amen. Some children are taught that bashfulness is a virtue and confidence is a vice. "Let not a man think more highly of himself than he ought to think." But let him not think more humbly of himself than he ought to think. The boys who were called conceited because they were not cursed with self-consciousness which was wrongly called modesty, but which is the worst kind of egotism, are the boys who are going to do something in this world.

GENERAL.

The Moody Bible Institute of Chicago has just celebrated on "Founder's Day," the 72nd birthday of D. L. Moody, when his trustees announced that the foundation of a new men's dormitory would be laid as soon as the frost was out of the ground. This is the first of a group of three new buildings in contemplation, to cost about \$500,000, demanded by the growth of the Institute since Mr. Moody's death in 1889.

Abyssinia has been always closed against Protestant missionaries. The king some little time ago sent his permission to the Swedish missionaries who have been laboring just beyond his boundaries they could come into his country and preach. The Abyssinians were much opposed to allowing Protestants to enter the kingdom. They promptly carried to the king copies of the Gospels which the Swedes were distributing. The king took them and afterwards said to the priests: "I have read the books. They are good. Let the people read them, too." He then gave an order that all children above seven years of age should go to school and offered to pay the salaries of any competent teachers the missionaries would bring in.

The editor of the Jewish "Year Book" puts the Jewish population in London at 140,000, and the number of Jews in the United Kingdom at 327,700.

A fund of \$48,000 is being raised by the Jews of Milwaukee, Wis., for the purchase of a building for the Hebrew Institute.

There are 15,000 more names enrolled in the Sunday schools of Toronto than in the day schools.

EASTER SUNDAY OBSERVED HERE IN A FITTING MANNER

Day Dawns Fine and Remains So Throughout—Special Easter Services Conducted in Cathedral, Trinity, Stone and Other Churches

Easter Sunday was observed in a fitting manner by the people of Saint John yesterday. The day dawned fine and remained clear throughout. Despite the cool wave the usual large number turned out in brand new frocks. Some however, preferred to wear more than ordinary importance were attended by large congregations.

At the Cathedral of the Immaculate Conception, grand pontifical high mass was celebrated by His Lordship Bishop Casey at 11 o'clock. The sacred edifice was crowded to the doors and the service was a most impressive one. Rev. A. W. Moohan was deacon; Rev. Wm. Duke, sub-deacon; Rev. D. S. O'Keefe, high priest; and Rev. Michael O'Brien, master of ceremonies. The Resurrection was the subject of an eloquent sermon delivered by Father O'Brien.

Afternoon at 3:15 o'clock pontifical vesper services were celebrated in Trinity Church was the scene of largely attended services during the day. The Rev. R. E. Armstrong conducted the services, assisted by the curate, Rev. W. B. Stewart. The programme of music as published in Saturday Sun was carried out under the direction of the organist and choir leader, J. S. Ford.

SATURDAY SERMONETTE

I want to sing the praises of the conceived boy and man. He is generally persecuted. I am going to defend him. "Gie us a quite conceit of ourselves," is a good prayer, "let us pray." What man who went through boyhood, and youth, and manhood, and old age, without a little conceit, but which is not a blushing, stammering, underrating himself, depreciating himself, will not join in the prayer and heartily say amen.

Some children are taught that bashfulness is a virtue and confidence is a vice. "Let not a man think more highly of himself than he ought to think." But let him not think more humbly of himself than he ought to think.

The boys who were called conceited because they were not cursed with self-consciousness which was wrongly called modesty, but which is the worst kind of egotism, are the boys who are going to do something in this world.

Every boy and man who has ambitions are called conceited. Every boy who has aspirations after higher things, especially if he is a poor boy, is called conceited by a goodly number of poor judges of boys, and the meaning of words.

The men who have built our C. P. Railway and Grand Trunk and intercolonial, and the army of strong men who control them, were all called conceited boys.

FOUR AMERICAN FIRMS TENDER

Battleships For Argentine

CONSIDERING PRICES

Representations of Great Shipbuilding Concerns Gather in London

LONDON, April 10.—Representatives of the great shipbuilding companies of the world are gathered in London to support their tenders for the construction of the two modern battleships and some smaller vessels, which the Argentine government is about to buy. These tenders including four from America, are being considered by a commission of naval experts sent here from Argentina, composed of Admirals Lemos and Garcia and Captain Montez, which will report to the government at Buenos Aires, which in turn will award the contract.

The Americans who are here to appear before the commission if called upon to give further particulars of their tenders are: Rear Admiral Bowles, president of the Port River Shipbuilding Co.; Henry Grove, president of Cramp and Co.; Deaconry May, of the New York Shipbuilding Co.; and Mr. Gautier, of the Newport News Shipbuilding Co. Archibald Johnson, vice president of the Bethlehem Steel Company, is also here, his company being indirectly interested as a supplier of armour plate.

The new battleships will be approximately 19,000 tons, have a speed of 21 knots, protected by 12, 10, 8 and 6 inch armour, will be propelled by turbine engines, while there will be hydrographic survey movement. The armament will consist of five turrets, each containing two 12-inch guns, besides a 14-inch gun, and 18, 75 and 50 M. M. quick firing guns. Besides the American company, British, German, French and Italian firms have made tenders.

INDEED THEY ARE WONDERFUL

What Thos. McDonald Says of Dodd's Kidney Pills

HE HAD LAME BACK, KIDNEY DISEASE AND HEART FLUTTERING, AND ONE BOX CURED HIM.

SHUBENACADIE, Hants Co., N. S., April 9.—I suffered from lame back, kidney disease and heart fluttering, caused by cold and a strain, for three years. I was looking over some papers and saw Dodd's Kidney Pills and immediately cured me. Dodd's Kidney Pills are wonderful.

That is the simple, straightforward statement of Thomas McDonald, a well-known resident of this place. It shows how quickly Dodd's Kidney Pills cure Kidney Disease when taken in its earlier stages. Lame Back is one of the first symptoms of sick kidneys. Heart fluttering is another symptom. It is caused by blood, from which the sick kidneys have failed to strain the impurities, increasing the work of the heart. Dodd's Kidney Pills make the sick kidneys well, the lame back disappears, the blood is purified, the heart is relieved and the fluttering stops.

In the case of long standing, it may take longer to cure it, but Dodd's Kidney Pills never fail to do it.

DISTRICT ATTORNEY CALLS WITNESSES

DeWitt Wants To Familiarize Himself With Evidence in Hains Case

NEW YORK, April 10.—District Attorney Dewitt, of Queens County, today issued summonses calling for the appearance before him on Monday of the ten principal witnesses for the prosecution in the case of Captain Peter C. Haines, Jr., whose trial for the murder of William Annis last summer is slated to begin on April 19 at Flushing.

At the time of the trial and acquittal of Captain Haines' brother for the same crime, Mrs. A. Durrin was prosecuting officer of the county, and the purpose of the present district attorney in calling these witnesses before him is said to be to familiarize himself with the case.

There is a rumor, however, that a flaw has been discovered in the indictment against Captain Haines, now held and that the object of Mr. Dewitt in calling the witnesses before him is said to be to obtain a new indictment.

The district attorney who has been today to question Mrs. Claude Libby Haines, wife of Captain Haines, in regard to the case.

SEEKS REFUGE IN THIS CITY

Nan Patterson On Visit Here

An outcast of her people, unhappy and without friends, Nan Patterson, the acquitted of the Caesar Young tragedy and a former member of the famous Florodora sextette, is seeking a refuge in St. John after having been bowed out of every city she attempted to make a haven of in the United States.

The one time operatic star came in from Halifax the latter part of last week. She declares that she is without money and is only concerned in shaking free the haunting phantoms of the exile.

Spectacular as was the life of the former beauty her fall has been just as remarkable, and the girl who at one time delighted thousands in the exposition of her art is now the dejected woman of a scorn that faces whichever way she turns.

Awake Famous

Nan Patterson awakened one fine morning to find herself famous along with Evelyn Thwaite and the present Mrs. Nat. Goodman. All members of the Florodora sextette. Disillusioned and notorious she sprang herself another morning in the toombs, the accused slayer of Caesar Young. The story of the tragedy is still fresh in the minds of the present generation.

Young, a book-maker of some prominence, was shot through the brain while riding along Carmarthen street. Miss Patterson when seen by a reporter of the Sun last night stated that she hoped to return to the Middle West, Tuesday. She expressed great surprise upon learning that her identity was known and stated that she had stayed in Halifax for upwards of four weeks without anyone becoming the wiser.

Castro Gets Small Quarter From French at Martinique

Prior to His Rem Ex-president Make a Statement

Makes a Vigorous Protest Against Treatment Accorded Him

FORT DE FRANCE, Martinique, April 11.—Prior to his being aboard the steamer Versailles for deportation to France, ex-President Castro prepared a protest against the action of the French government which has been submitted to the authorities here. It reads as follows: "I hereby protest against the action of the French authorities of Martinique in having me put on board an outgoing vessel. First, because I was ill at the time and had committed no offense against the government of France and the authorities of Martinique during the time of my detention. Second, because I am a native of Cuba, and not of the French territory."

Moreover, these considerations, the case constitutes a broad international law and a denial of rights of individuals. That such deportation would be a violation of the rights of a citizen of a friendly nation which saw the birth of the island and from which came the inspiration and passage of liberty, and that I was permitted to remain by force of arms, and to maintain unimpaired the rights of the people of Cuba, is a gross violation of the rights of man. I am therefore, protesting against the deportation of me to France, and I am hereby protesting against the action of the French authorities of Martinique in having me put on board an outgoing vessel. First, because I was ill at the time and had committed no offense against the government of France and the authorities of Martinique during the time of my detention. Second, because I am a native of Cuba, and not of the French territory."

The Versailles will stop at Fort de France, where she will be boarded by the medical commission, made up of French and Cuban physicians. She will then proceed to St. Nazaire, where she will be boarded by the French government. She will then proceed to France, where she will be boarded by the French government. She will then proceed to France, where she will be boarded by the French government.

NEW BRUNSWICK GIRL'S TRAGIC DEATH IN LYNN

Was Fatally Burned.

Flames from a gas stove in the kitchen where she was working, ignited the gasoline and set the girl's clothing on fire. Her screams attracted the attention of her two sisters and Dr. L. M. Baker, with whom she lived, but before they could reach her the flames had burned through to the flesh. She was hurried to the Lynn hospital, where she died within a short time.

Miss Livingston came here about a year ago with her two sisters from New Brunswick.

MOB CHASES COP OUT OF GROUNDS

NEW YORK, N. Y., April 11.—A Marathon race in which 17 amateur athletes competed, was preceded by a riot at Catic-Park, Long Island City, today.

While the men were getting ready for the event boys began climbing the fence which enclosed the grounds. Among them was Thomas B. Daly, 14 years old. The park was patrolled by special officers, and one of them, Charles Healy, fired his revolver as he ran toward the boys. He says he fired into the air, but Daly, who was on top of the fence, fell wounded into the park. He was shot the left thigh three inches below the groin, and in a precarious condition.
