There was a ten-minute pired at the first and neither man had secured a fall. Rothrock won the first fall in 3 minutes and 10 seconds with a full Nelson, and Bongard won the second in 7 minutes and 5 seconds with a rolling fall. The contest thus ended in

a draw. The big event of the evening came on next, an eight-round fight between Dean and Cairns. Tommy Goninan and Jack Kingsmill were behind Dean and D. R. McCoy and "Scotty" Henderson looked after Cairns. Billy Abbott acted as timekeeper and Billy Russell as referee. In the first round both men took things easily, each seemingly trying to size up the other fellow. Dean in the second did all the leading and seemed to land at will. The third was similar to the second, but in the fourth Cairns wakened up and honors were easy. In the fifth both men were out for blood and Dean drew the claret from Cairns. The sixth was in favor of Cairns. The seventh saw honors even, but in the eighth Dean extended himself and put it all over Cairns points. This decision was quite satis-

Finance Minister Turner left this afternoon for Toronto. Discussing the question of salmon fisheries control this morning, Mr. Turner said he had not control, and as a canner did not agree with it altogether. The latest telegrams received by the government at Victoria from Ottawa were that the Dominion would this year collect all revenue and then give the provincial government its proportion, the matter in latter years being settled by a friendly suit in the courts or at arbitration. In any event, if provincial control was arranged, he considered the Dominion should exercise the right of making regulations for matters which did not come properly under provincial control.

The canners have issued an advertisement offering twelve and a half cents for the season up to July 27th, and ten cents thereafter. The Japs have 'accepted this, and all the white fishermen will be compelled, before the canners buy, to contract on this basis.
