THE STORY OF A SQUASH

Last spring Mr. Henry Hawley planted the particular variety of seed that produces a squash. Mr. Henry Hawley at that time worked in the Customs for his Majesty the King. Later on, Mr. Hawley donned the uniform of the 32nd Battery and thus is working in another sphere for His Majesty the King.

Meanwhile the squash grew. It

Ottawa Officially Announces grew and it grew and it grew. Finally it became ripe and fit for eating. It had grown some . It was 5' 6" around and it weighed 45 1-2 pounds. It was a regular Jack Johnson.

Mr. Hawley took the squash to the Whittaker Baking Co. He made the company a proposition that they fell in with. So Mr. Hawley went and paid one man for making coffee, and from another purchased cakes and had them conveyed to the Conservative rooms on Dalhousie Street. Simultan eously the Whittaker Baking Company sent the squash to the Conservative rooms, not as a squash, but in the form of pies—75 of them. At the same time as these various

The cause of disease removed by pinal adjustments based on horough knowledge of the nervou system. All the cells and tissue of the human body are controlled by the brain, which generates nerve stimulus or electricity which passes from the brain through the nerves to the oragns and tissue cells of the body. The nerves pas rom the brain through the spina canal and branch off in pairs, pass ing through the small opening be tween the vertebrae where a sligh subluxation of one or mere these vertebrae causes pressure of the nerve and restricts the flow nerve stimulus, thus causing a dis eased condition of the part con rolled by the impenged nerve Subluxation may be caused by fall, wrench, or strains or exp ure to drafts. Thus by adjusting the subluxation and freeing th nerve the effected part is restored We have had years of experie with diseases and ailments tha ther methods of healing have failed to cure, and in a short time we have restored them to healt! by spinal adjustments. We can give reliable references in the city We also give electric vibrations.
