

## Local and General

The old C. P. R. freight sheds have been torn down.

S. P. Grosch has commenced his work as city solicitor.

The new street railway will be known as Regina Municipal Railway.

Lord Pelham Clinton, a British Unionist peer, visited the city this week.

Work has commenced on the excavation of the new Children's Home on Thirteenth avenue.

J. B. Hawkes, Balgonie, was in the city yesterday. He has just returned from an enjoyable trip to Europe.

The Board of Trade Council has decided to exclude the representatives of the press from meetings in the future.

Plans for the new Methodist College have been submitted by architects and approved by the Board of Governors.

Tonight at eight o'clock addresses will be given in the Baptist church by five lady missionaries on their way to China.

W. P. Wells, of the International Harvester Co., accompanied the Canadian Manufacturers on their trip west.

C. Robson, the new secretary of the Y. M. C. A. has arrived in the city and assumed the duties of his new position.

The funeral of the late Peter Hourie took place yesterday. The deceased was an honorary member of Wascana Lodge, A. F. & A. M., and the funeral was under Masonic auspices.

A. T. Hunter has organized the new Royal Coal and Wood Company, Limited, and assumed the management of the concern himself. J. R. Peveert is the president and E. Limin is secretary-treasurer.

Prisoners to the number of seven were brought in from Prince Albert jail on Saturday night, on route to Moosomin. The change is being made with a view to relieving the congestion at Prince Albert.

Dangerous cracks have appeared in the front of the Metropolitan Methodist church. A committee has been appointed to confer with builders regarding the work to be done to protect the building from further damage.

The Canadian Manufacturers were entertained in Regina on Thursday. A civic reception and banquet were given the visitors. The speakers at the banquet were P. McAra, Jr.; J. F. Boyle, M.L.A.; W. M. Martin, M. P. and F. W. G. Haultain.

The usual monthly meeting of the Red Rose Lodge of the S. O. E. was held on Monday night, and was of great interest, as F. Morley, Past District Deputy, of Vancouver, and F. Jackson, of the same city, delivered stirring addresses.

J. S. Donahue commences operations this week on what promises to be among the finest of the city's business and apartment blocks. The new building is to be erected on the corner of Lorne and Eleventh avenue, and will cover a space of 125 by 75 feet. It will be four stories and basement. The ground floor will be devoted to stores, the second to offices, and the third and fourth will be fitted up in elegant suites. It is proposed to proceed as far as possible with the building this season.

Residents of Broder's Annex held a meeting last week to consider the proposal of the city of Regina to take that section into the limits of the corporation. A proposition was made by Mr. Broder that the residents of the annex should form a village there and decline to come into the corporation, preferring to remain as a suburb. If this is done a reserve would be elected and all arrangements made for improving the place. It is not known whether or not any definite decision was reached by the residents of the annex, but it is likely that the taking of the district into the city limits will be objected to by these people.

The new early closing bylaw which was to have come up for discussion at Tuesday night's city council, has been held over for the present, at the request of C. E. D. Wood, who is acting for some grocers in the east end, who are opposed to such a bylaw. A petition asking for the bylaw was signed by over 75 per cent. of the dealers in dry goods, shoes, furnishings, clothing, boots and shoes, groceries, furs, carpets, trunks, millinery, ladies' wear, hardware, meats, furniture and harness. This petition was read Tuesday night, and action would have been taken at once had Mr. Wood not asked for an extension of time, in order to investigate the names on the list.

While the members of the Canadian Manufacturers' Association were receiving the freedom of the city at the hands of Mayor Williams another interesting event was taking place. At eleven o'clock two representatives from the St. Patrick's Chapter, R.A.M. No. 45, Toronto, presented to the members of Wascana Chapter, R.A.M. No. 121, Regina, the travelling triangle. The reception of this important fraternal emblem was carried out in due and formal manner by those present, the triangle making a profound impression on all those who saw it. An album, which accompanied it, was also signed by the principal officers, the page afterwards being embossed by Harold Dawson, of this city.

It is rumored that the Social and Moral Reform League of Regina are negotiating for the purchase of the King's Hotel and if successful will conduct it as a temperance house.

The route of the street railway, which has been drafted by City Commissioner McPherson, and which has yet to be examined by the engineer who laid down the ones in Calgary and Edmonton, shows that the business section of the city will first be catered to, the residential portion being left for some future time. As shown by the map which Mr. McPherson has prepared, the post office is to be the centre of the railway web, lines joining up at this point to all parts of the business section. Albert street will be served from Sixteenth to Dewdney avenue. Another will run from Broad street on Dewdney to Ephinston street, and thence to the exhibition grounds. Lines will also be laid on Eleventh avenue from Albert to Osler street, on Osler street from Tenth to Eleventh avenue, on Tenth avenue from Osler to Broad street, on Broad street from Tenth avenue to South Railway street, on South Railway street from Broad to Scarth street, and on Scarth from South Railway street to Eleventh avenue.

### THE UNION JACK.

Canadian Delegates Insist on Being Honored at St. Paul.

St. Paul, Minn., Sept. 19.—At the opening of the annual convention of the United Association of Plumbers, gas fitters, steam fitters and helpers of United States and Canada today, J. E. Bruce, of Toronto, Canada, created a scene when he declared the Canadians had been slighted by the neglect of the local committee to hang together the Union Jack alongside the Stars and Stripes. He dramatically tore open a parcel and revealed a large Union Jack amid the cheers of the Canadian delegation. He then delivered the banner to President Al-  
pine.

Nearly 400 delegates were present when President Alpine, of Chicago, called the gathering to order. He said the conference is the largest the union ever had. At nearly every conference a conflict arises between the pipe fitters and the plumbers in an attempt to divorce the former.

Harmony on this point was shown today when W. E. McEwan, Minnesota state labor commissioner, in his opening address suggested that the whole controversy be dropped. His remarks were greeted with cheers from both sides. Samuel Gompers and John Mitchell will be unable to attend the conference.

### Place the Blame.

Hitchcock, Sask., Sept. 19.—An inquest was held Saturday to inquire into the death of Herbert Brown, who was killed at the first crossing east of the station here Friday by a work train which was backing into Estevan. Several witnesses were called and stated they heard no whistle of the engine for the crossing or the ringing of the bell while passing through the yard. The train men swore that the proper signals were given, and that the bell was ringing. A Halkett, trainmaster of the C. P. R., was here gathering information for the railway company. The jury made up of the following citizens: J. B. Widdis, H. J. Sundahl, L. O. Sundahl, H. Hillip, D. Asbe and R. Shingler, after being out a little over half an hour rendered a verdict to the effect that the accident was caused by the failure of the emergency brakes to stop the train properly, and that a high snow fence near the crossing was a contributory cause by obstructing the view.

### GRAIN INSPECTION LAWS.

In Canada are Looked Upon as Best in the World.  
Ottawa, Sept. 19.—Russell A. Horton, government agriculturalist of the department at Capetown, S. A., is in Ottawa seeing the officers of the department of trade and commerce in regard to Canada's system of grain inspection. Mr. Horton says that it is understood in South Africa that the Canadian system of grain inspection is the best in the world and commands the confidence of the British market. It is the desire of South Africa to adopt similar grain inspection laws.

### Answers Vaughan.

Toronto, Sept. 18.—Rev. Dr. Wm. T. Graham, in the Avenue Baptist church last night before an overflowing audience, preached a sermon, in which he picked up the gauntlet thrown by Rev. Father Vaughan in his recent challenge to protestantism. Referring to the recent demonstration in Montreal he said: "It was the Pope, the Italian priest, and the Church of Rome that were exalted throughout this entire Congress and Christ and Church were kept in the background. I have lived in Montreal and can say to you from first hand knowledge that it was for nothing more than to show the people in that district the power of the Church that all this display was made."

### Prominent Winnipeg Athlete Dead.

Winnipeg, Sept. 19.—Word was received here of the death at Edmonton from typhoid of Harold Anderson, son of T. A. Anderson, of Winnipeg. He was a well known oarsman and an all round athlete. He was educated at St. John's College, Winnipeg, and Upper Canada College, Toronto. He rowed at bow in Carper's famous Winnipeg senior four of 1908, which took the Canadian and National "Western Massachusetts" championships that year. For two following years Anderson was at St. Paul and rowed in the champion eight of the Minnesota club.

## More New Garments

For Women's Autumn Wear

DRESSES, SUITS, COATS, SKIRTS

It will pay every woman to keep in touch with our Ready-to-Wear Department these days. New arrivals are pouring in on us every day, handsome, swagger creations, with a dainty touch of style, yet not expensive, either.

## The New Chancellor Oxford Range

Note These Exclusive Features

Large roomy warming closet with drop door; when down will act as a shelf to rest the dishes on.

The dividing strip on top of oven ensures an even fire travel over front as well as back of oven; also expanding metal and asbestos on top and down sides. These points prove why it bakes best.

Grates pull right out and can be quickly adapted to coal or wood use without disturbing linings; fitted with new reversible gate. Round cornered fire box that prevents clogging of ashes.

Feet on base; thus easy to clean. Large broiling top. A slight turn of the crank and the front section is lifted at an angle. It is noiseless in action and easy to operate. Price, complete with Reservoir and Warming Closet, \$55.00.

Other Ranges in Stock  
Gurney Quick Meal, complete with Warming Closet and either waterfront or reservoir.....\$45.00  
Malleable Steel Range.....\$75.00  
Joy Malleable Steel Range.....\$75.00
