"Force," a ready-to-serve wheat and barley food, adds no burden, but sustains, nourishes, invigorates.

The graduating class of the High School have appointed as Valedictorian for the next Commencement Mr. S. F. [Tackaberry; alternate, Miss Hazel Washburne. A number of pupils of St. Alban's school, Brockville, accompanied by Rev. C. J. Boulton, came out on the B. & W. yesterday and walked to and from Charleston Lake.

Mrs. Eugene Howard has returned from Brockville where she has been visiting her brother and sister, Mr. and Miss Wood, previous to their departure for Montana. Mr. Wood goes to attend to his interests in gold mining near Winston. On Sunday last a young man named Moulton, son of a blacksmith at Dulacem, was drowned near the outlet of Charleston Lake. There were four in the boat and one jumped into the lake for a swim. On attempting to climb into the boat it was upset and Moulton was drowned.

On Saturday last a boy aged about 14, son of Mr. Connors, who resides a mile east of Frankville, received severe injuries by being kicked by a horse. Accompanied by his little sister, he went into a field to water a mare and colt. The mare suddenly turned and kicked, striking the boy under the chin and over one eye, inflicting ugly wounds that it required several stitches to close.

On Sunday last Roseltha Jackson, relict of the late William Sexton, departed this life at her home in Plum Hollow, aged 55 years. Deceased had been ailing for some time but was seriously ill only about a week, her complaint latterly being appendicitis. She leaves to mourn her death one son and three daughters. Many much needed repairs have been made to the sidewalks, but it is evident from their general condition throughout the village that a large expenditure for this work will shortly have to be faced. Several small municipalities in Eastern Ontario have passed by laws under which property-owners may secure the building of granolithic in front of their premises on paying a proportion of the cost, and it might be well for the people of Athens to consider the adoption of such a law here. The optional feature of this law would remove the objection that some ratepayers might have to it, and it would enable more progressive citizens to improve their property and confer a public benefit on a fair basis as to cost.

Rev. William and Mrs. Biance are this week guests of Mr. and Mrs. Richard Arnold. Students of the Athens Model School won 21 certificates at the Art School examinations. Mr. A. M. Eaton goes to Westport today to attend the annual district meeting of the I.O.O.F.

Don't miss it. Mrs. C. F. Judson, of Missoula, Montana, is the guest of Mr. and Mrs. R. D. Judson, and will remain during the summer months. A few days ago, Mrs. Almeron Roberson, Wilton street, was presented with a fine Jersey cow by her brother, Mr. T. R. Taggart, of Westport.

Master Burt Hawkins, of Smith's Falls, is this week renewing old Athens acquaintances and will also spend a month visiting his uncle, Mr. Wm. Crozier, Charleston Lake.

Last week, fire destroyed the sheds on the old fair ground at Forthorn. No other damage to buildings by fire has been reported in this section, though the fire in the McIntosh Mills section has been at times very threatening. The lightning on Monday night travelled on the wire for some distance just east of the village and splintered a number of poles from top to bottom. No fire or trace of fire was noticed in connection with anything struck by lightning on Monday.

The Athens Baptist church Sunday-school picnic will be held at Charleston lake on Saturday 20th. It is expected that a game of baseball between the Oak Leaf public school team and the Y.B.C.A. team, of Athens, will be one of the attractions. June brides are not the only persons interested in the many articles suited for wedding presents in the stock of jewelry and silverware carried by Mr. H. R. Knowlton. No such stock of high-class goods was ever before displayed outside of the county town, and you can have your needs in watches and clocks or your fancies in jewelry fully met and satisfied there. See adv't on this page of the Reporter.

On Sunday last Roseltha Jackson, relict of the late William Sexton, departed this life at her home in Plum Hollow, aged 55 years. There was a great gathering of Odd Fellows in Brockville on Wednesday last and the Athenians present were more than delighted with the treatment accorded visitors. A superior quality of bread is now being turned out at the bakery of Mr. M. H. Egan. His new baker, Mr. William Frey, is skilled in up-to-date methods of producing the staff of life and is giving the best of satisfaction. Members of the I.O.F. who purpose going to Delta on Sunday next are requested to notify Mr. John Freeman or S. Steinson, in order that arrangements may be made for conveyance. The service is to begin at 2.30 p.m. and is to be held in the Methodist church. The Athens Public Library board is now fully constituted and we may expect that the members will speedily organize and commence the large amount of work that requires to be done before either the library or reading room can be opened to the public. By the running away of their horse, a few days ago, Mr. and Mrs. E. Duffield, of Addison, were thrown from their rig, but their friends are pleased to learn that neither was hurt as seriously as was first reported. Mrs. Duffield escaped almost unhurt and Mr. Duffield, though confined to the house for a time, is recovering rapidly.

Not a hundred miles from Delta the girls of a progressive village are credited with having started a new game which they usually play Sunday evening. The girls take one side of the room and represent Christianity. The young men line up on the other side and represent the heathen. Then the heathen embrace christianity. It is reported to be very popular. The very marked pre-eminence achieved by Athens High School in the Art School examinations is stated by an exchange to be due to lack of attention to the subject by teachers in other schools. This, in a measure, may be true, but it does not detract from the merit of Athens' achievement, assuming, as it is safe to do, that the record in other departments of study will be found up to the high standard of other years. A visitor here says: Mr. Hill Haldaday began general storekeeping in Philipville many years ago. His progress in favor with the people has never been interrupted and about the only break in his line of prosperity was a destructive fire ten years ago. Mrs. Haldaday has very fine taste in the millinery and dressmaking lines; her ample selections are prudent, well-chosen and fully up-to-date.

On Friday last a bilious citizen of Athens conducted himself in such a manner as to fracture several clauses of the local Law and Order By-law. Prompt arrest and the lookup is what he deserved and what he would have received had not the Chief just at that time been engaged in looking after an offender of another class. However, as the next best thing, he was brought before Magistrate Holmes on Saturday and fined for his lawlessness. He was given time to produce the cash. The ways of the buyers and sellers of cheese at Brockville are rather mystifying. Of course the Brockville Dairymen's Board of Trade for the registry and sale of Leeds County's superior cheese is alright, or it wouldn't be maintained, but wherein its importance was demonstrated on Thursday last is not so plain. The total registry was 3,526 boxes the sale on the board was 393, and the total sale, on and off the board, is stated by the Recorder to have been 5,400. All sold at the board price of 10 1/2c.

On Wednesday afternoon as the light engine was backing to Westport after having put the bush fire at Elgin out, it ran into a rig drawn by a team of horses at Forfar crossing. The team was owned by Mr. H. Myers, and seated in the rig with him was Anson Connell and another gentleman. One of the horses was so badly hurt that it may have to be shot. The gentlemen in the rig escaped serious injuries, but Mr. Connell sustained a few slight bruises. The wagon was badly smashed and the escape of the gentlemen is miraculous. The Y.B.C.A. team again defeated the Public School team on Saturday forenoon by a score of 13 to 11. On Sunday, George Karley Black, aged 15 years, son of Mr. and Mrs. William Black, Brockville, and nephew of Mr. W. Karley and Mrs. F. Pierce, Athens, was instantly killed by a train on the G. T. R. In company with another boy he was "jumping a freight" when the fatality occurred.

The annual meeting of the Brockville Farmers' Institute will be held in the School Hall, Lyn, on Wednesday, June 17th, at 2 p.m., for Election of Officers, receiving Annual Reports, etc. Gananoque Reporter: The counties council will meet in Brockville, June 16. On the 19th Warden Watchorn will treat the members to a trip on the river as far as Gananoque by steamer Antelope. Ex-Warden John A. Webster is arranging the details and will look after the welfare of the party while here. Petitions are to be circulated in Elizabethtown, Rear Yonge & Escott and Athens asking that the counties council grant aid to these municipalities in securing the abolition of toll-gates on the Farmersville Plank Road. The council convenes on the 16th inst., when it is probable that a deputation from these three municipalities will go to Brockville to lay the whole matter fully before the county commissioners.

The Reporter will be sent to any address until the close of the year for 50c. T. S. KENDRICK

Get the Most Out of Your Food

You don't and can't if your stomach is weak. A weak stomach does not digest all that is ordinarily taken into it. It gets tired easily, and what it fails to digest is wasted. Among the signs of a weak stomach are: indigestion after eating, flat of nervous headache, and disagreeable belching. "I have been troubled with dyspepsia for years, and tried every remedy I heard of, but never got anything that gave me relief until I took Hood's Sarsaparilla. I cannot praise this medicine too highly for the good it has done me. I always take it in the evening and fall and would not be without it." W. A. NUNN, Belleville, Ont. Hood's Sarsaparilla Strengthens and tones the stomach and the whole digestive system.

MARRIED. RUNNETT-LATIMER—At Athens, on the 10th inst. by Rev. Rural Dean Wright, William Runnett, of Gananoque to Miss Lucy G. Latimer, of the same place. Strength and Endurance. Are factors of the greatest success. No person can do full justice to himself without them. In no season of the year are they more easily exhausted than in the spring. We need not discuss the reason for this here. It's enough to say there is one, and that Hood's Sarsaparilla gives strength and endurance as thousands annually testify.
