HUNTING, DEADLY WORK

Two More Shot in Canada—Eleven in the Maine Woods.

Aurora Boy Shoots His Chum—Wilfrid Willis Succumbs to Bullet Wound Accidentally Received While Hunting Saturday—Frank Mather Kills His Brother-in-Law, Norman Stimers, While on Hunting Expedition.

Aurora, Nov. 13.—As the result of a shot from a rifle in the hands of a boy companion, Wilfrid Willis, aged 12, is dead.

The shooting occurred about 5 o'clock on Saturday afternoon when Austin Ratcliffe, aged 14, and young Willis, were returning from a shooting expedition in the woods, a little north of Aurora. While passing through some thick brambles Ratcliffe, who was behind with the little 22 calibre rifle, tripped over a stick. The gun exploded, and the shot struck Willis.

Ratcliffe scrambled to his feet and ran for help to the nearest farm house. It was some time before he could get back, as he had not noted the position of the woods where the accident occurred. At last in company with the farmer Ratcliffe found the wounded boy, who was hardly able to speak, much less to make any outcry. He was placed in the farmer's wagon and taken to the town, where he passed away about 10 o'clock.

Thump Shipped: Man Is Shot. Belleville, Nov. 13.—Norman Stimers of Bancroft, while hunting in the Township of Mayo, with his brother-in-law, Frank Mather, was accidentally shot by the latter on Tuesday last. Stimers was walking some distance ahead of Mather, when the latter saw a deer. He raised his gun, and his thumb slipped from the hammer and the rifle was discharged, the bullet striking young Stimers in the left side. He died on Thursday morning.

Eleven Hunters Are Shot. Brockton, Me., Nov. 13.—Two and a half weeks of open season on Maine game have brought out several surprising results. "There are more than 10,000 men in the woods hunting for large animals, and since the opening there have been eleven men and boys killed or wounded and only six bears have been brought out.

TWO MEN WHIRLED TO DEATH.

One Catches His Arm in Belt and the Other in a Pulley.

Belleville, Nov. 13.—Arthur Cobb, 17 years of age, whose home was in the Township of Thurlow, was killed at the Point Ann cement works Saturday morning by being caught in a belt. He was whirled round the shaft, which makes 100 revolutions a minute, and horribly mangled. Deceased was a young English lad, who, with his family, came out to this country only a short time ago.

Death Whirl at Winnipeg. Winnipeg, Man., Nov. 13.—William Watts, an employee of the civil asphalt plant, was caught in the belt on the elevator shaft Friday afternoon and drawn over the pulley, where he was crushed to death, and his mangled body thrown down to the floor. The elevator belt had been slipping and Watts went up above to fix it. Evidently he allowed his arm to get too far under the wheel, and was caught. His body was whirled around the shaft by the arm, which was torn almost clear from the shoulder.

Cattle Embargo to Stay.

London, Nov. 12.—(C. A. P.)—Allwyn Fellowes, president of the Board of Agriculture, speaking at a meeting in Lincolnshire to breeders of cattle, said that so long as he was head of the department, nothing could induce him to ask the House of Commons to alter the law, as he considered it one of the greatest safeguards which the owner of live stock had in this country.

Perjury Charge Foundationless. Bridgewater, N. S., Nov. 13.—The charge of perjury instituted against C. E. Kaubach, Esq., of Lunenburg, had its final hearing before Judge Forbes in the County Court Saturday. There was not the slightest evidence to substantiate the charge against Kaubach, and the judge expressed regret that the matter had been brought into court.

Bit Man's Ear Off. Sault Ste. Marie, Nov. 13.—William Jollineau, a laborer, and Robert Lang, a blacksmith, got mixed up in a bar-room fight in the Windsor Hotel Saturday. Jollineau bit Lang's right ear off in one piece, almost as clean as if cut with a sharp knife.

Spanish Students Riot. Madrid, Nov. 13.—Student riots here and at Barcelona and Valencia are assuming serious dimensions. The council of the university has decided to close the institution unless the disorder is immediately stopped.

Slight Earth Shock. Salt Lake City, Utah, Nov. 13.—A slight earthquake shock occurred at 3.26 p. m. Saturday. No damage has been reported.

THE FAST TRAINS. To California are run over the Union Pacific, via Omaha, 16 hours quicker to San Francisco than any other line. No change of roads, no detours, "The Overland Route" all the way. Be sure your ticket reads over the Union Pacific. Inquire of R. F. Carter, T. P. A., 14 James Building, Toronto, Canada, or F. B. Choate, G. A., 128 Woodward avenue, Detroit.

HEADS LIST

Big John Lee, of Highgate, East Kent's Ex-M. P., the First New J. P. to Take Oath

John Lee, ex-M. P. of Highgate, was the first new J. P. in Kent County to take the oath of office, being sworn in by Clerk of the Peace H. D. Smith on Saturday morning. Mr. Lee was followed by ex-Warden W. C. Sifton, of Palmira; Ed. D. Mitton, Robt. Hall and Geo. A. Watson, Ridgetown, and I. B. Webster, Dresden. Others are being sworn in to-day.

DUCK MISSING

Mr. and Mrs. Bragg Will Have to Celebrate the 27th Anniversary of Their Wedding Differently

On Tuesday next Mr. and Mrs. W. H. Bragg, Lacroix street, will have been married for 27 years. Quite naturally they are proud of the event and intend to celebrate it by entertaining a few of their friends to a supper.

On Saturday Mr. Bragg purchased a couple of fine duck on the market, intending to save them for the grand event. Saturday night, however, some one who evidently knew of the supper and was perhaps jealous that he was not invited, entered the Bragg home and stole the duck, along with a fresh pumpkin pie.

Entrance was gained from the cellar window. The robber proceeded from the cellar up stairs and out to the summer kitchen and searched the ice box where the duck were found.

P. C. Dezella was notified and was at work on the case yesterday. The robbery was evidently committed by some one who knew the duck were purchased and also knew where they were kept.

WHAT IS THE CRITERION

Mr. Brent's recital or organ selections at First church yesterday was truly representative of the greatest classical and modern masters, calling for qualification of the highest order both technical and interpretive.

The exposition and development of the celebrated Back fugue were such as for lucidity and proportion would be hard to surpass, the uncommon pedal difficulties being flung off with ease.

Cesar Frank's imposing final was another number which was conducted with much judgment to a crashing climax—a test of any organist's musicianship.

BADLY BURNED

Robert McCubbin, father-in-law of W. H. Bragg, met with a serious and painful accident last evening.

Mr. McCubbin has been an invalid for some time, being confined to his bed with paralysis in one side. Last evening his bed clothes caught fire from a candle, and before the attention of those in the house could be drawn to his perilous position the flames reached his body and burned him quite badly.

Mr. McCubbin was doing nicely this morning.

FOUR DROWNED.

Former Warton Man and Young Lady Victims in Manitoba.

Shoal Lake, Man., Nov. 13.—A double drowning accident occurred here at 10 o'clock Friday night, when Lizzie Harrison, daughter of Wm. Harrison, and Arthur Ingersoll, son of Samuel Ingersoll, of Warton, Ont., went through a blow hole on Shoal Lake while skating in the moonlight. The bodies were recovered early Saturday morning.

One at the "Soo." Sault Ste. Marie, Nov. 13.—Frank Phillipon, employed at the Lake Superior Corporation's saw mill, was drowned Saturday afternoon. He was one of the workmen engaged in loading the steamboat with lumber and fell from the dock into the water, from which he was taken two hours later. He was 29 years of age and leaves a wife and four children.

Washed Overboard and Drowned. Fort Burwell, Nov. 13.—The fishing tug Star, while lifting nets during Saturday's heavy south gale, shipped a heavy sea, washing a sailor, Sturgeon by name, overboard. He was a young, unmarried man, and hailed from Bayfield, Ont. The tug lost all of her upper works.

RAILWAY ACCIDENTS.

Engine Tossed Hamilton Man and Injured Him Fatally.

Hamilton, Nov. 13.—Robert Hall, a beach boat builder, about 60 years of age, while walking on the G. T. R. tracks Saturday morning, was run down by a freight train. The engine tossed him off the track, broke both legs and injured him internally. He was removed to the City Hospital, where he was operated upon, but died soon after the operation Saturday evening.

No time like the present.

GERMANY HOLDS ALOOF

Diplomatic Move to Retain German Prestige in Turkey.

Russia Sends Two Ships to Assist in Demonstration Against the Porte—Great Britain Will Join in the Proposed Scare—The International Squadron Will Occupy a Turkish Port to Force Financial Reforms.

Paris, Nov. 13.—A Russian warship now off the island of Crete and another at Piraneus, Greece, have been assigned to participate with the French ships selected, but which have not yet started in the naval demonstration against Turkey as a result of the Porte's refusal to agree to the financial reforms determined upon by the powers for Macedonia. An Austrian admiral probably will assume command of the international squadron, but this depends upon the rank of the officer Great Britain assigns to the command of her warships.

Germany, while not opposing the principle of the demonstration, says she has no available warships in the Mediterranean. This is considered to be a diplomatic move to retain German prestige in Turkey.

The demonstration will not take the form of closing the Strait of the Dardanelles, as reported, since this would interfere with neutral commerce. The actual form will be determined upon by the admirals, but it is considered likely that the international squadron will occupy a Turkish port or an island and will withhold the customs until the Sultan accedes to the financial reforms.

The demonstrations is not expected to have serious consequences, such as disrupting the political relations of the powers with Turkey as chiefly designed to give the Sultan grounds with the Mussulman element for yielding to the demands of the Christian powers. Great Britain in any event will join in the proposed demonstration against Turkey.

The next step will be an ultimatum in which it will be stated that in the event of a refusal by the Porte to accede to the demands of the powers, a demonstration immediately will be begun.

CREELMAN IS PRESIDENT.

American Association of Farmers Institutes Honors Ontario Man.

Washington, D. C., Nov. 13.—The American Association of Farmers' Institute Workers Saturday adjourned their annual session after electing officers. Its members were received at the White House by President Roosevelt and afterward at the Department of Agriculture by Secretary Wilson. The officers elected are: C. Creelman, Ontario, president; W. W. Miller, Ohio, vice-president; John Hamilton, Department of Agriculture, secretary-treasurer; executive committee, D. J. Lee, Louisiana; W. L. Ames, Maryland, and P. H. Hall, Illinois.

A King From Michigan.

Bessemer, Mich., Nov. 13.—Bessemer may furnish a ruler for the new vacant throne of Norway. Invitations have been received by Louis Munthe from one wing in the Norwegian Storthing to visit Christiania and establish his claim as a direct descendant of Haakon V., the last independent king, who died in 1319. While a student at Lund University, Mr. Munthe took a prominent part in the Danish-German war, and also on the subsequent attempt to overthrow the Danish dynasty. The failure of this attempt caused him to make a hasty departure for America. The legitimate party in the Storthing insists that the Norwegian throne shall be filled by a descendant of the native royal line.

We doubt very much if there is any investment that pays such wondrous dividends as does kindness. Just try it, and you will be astonished at the returns.

OPTIMISTIC.

To tell you the truth, I don't think my wife cares very much for me. Well, cheer up, old man. You can at least be proud of her good sense.
