

A CHATEAUGUAY MIRACLE

Physicians Pronounced Recovery Impossible. The Remarkable Experience of Mr. L. Jos. Beaudin, of St. Urbain—His Friends Called to His Supposed Death-bed—How he Regained His Health and Strength—A public Acknowledgment of His Gratitude.

There has appeared in the columns of La Presse during the past two years, many articles bearing witness to the great good accomplished in various parts of the county by a remedy the name of which is now one of the most familiar household words in all parts of the Dominion. And now comes a statement, from the county of Chateauguay, over the signature of a well known resident of St. Urbain, which speaks in positive and unmistakable language as to the value of this wonder-working medicine.

MR BEAUDIN'S STATEMENT. "I feel that I owe my life to your Dr. Williams' Pink Pills, and I desire to make grateful acknowledgment and to give you a complete statement of my illness and cure in the hope that my experience may be of benefit to some other sufferer. About the middle of October, 1891, acting on the advice of an American doctor whom I had consulted, I left home for the north to invest in farming lands with the intention of cultivating them myself. I had been afflicted with a species of paralysis caused by the rupture of a blood vessel over the right eye, and which stopped the circulation of the blood on the left side. I was at that time employed as a book-keeper by Messrs Lacaille Bros., Lawrence, Mass. The doctor had advised a change of work so as to have less mental and more physical exercise. This I resolved upon, but delayed too long as I did not leave until the following October. Arrived at my destination I perceived symptoms of my previous illness making themselves felt once more. I went at once to a local physician who declared himself unable to understand my case. However, he gave me some medicine to ease the pain I felt in my head, particularly at night. This afforded me relief for a few minutes, but the awakening was always worse than before. On the last of October I went to bed as usual after taking my medicine as directed, and slept the whole night, but the following morning on trying to rise I found myself so weak that I could not stand and could scarcely speak. My wife, surprised to see me in such a state, ran to a neighbor and requested him to go for a doctor as the priest. The doctor arrived almost immediately, but could not afford me the slightest relief. The priest then arrived, and seeing the condition I was in, told me my case was critical and to prepare for death. On the following day both the priest and the doctor advised my wife to telegraph to my friends, as they considered death approaching, and two days later my two brothers arrived. The doctor then asked if I preferred that he be conducted by members of the W. C. T. U., and on my replying in the affirmative, he telegraphed to a doctor living at a distance of about fifteen miles. They both came to see me, asked some questions and retired for consultation. The result of this was that my wife was told that I could not possibly get better. Said the doctor to her, "with the greatest possible care he cannot live a year." When my wife told me this I determined to pay the doctors and discontinue their services. It cost me about \$30 to hear their verdict. Two or three weeks passed without any improvement in my condition and I was so weak I could barely move around the house with the aid of a cane. One day I noticed a parcel lying on the table wrapped in a newspaper. Having nothing better to do I began to read it, and after a while came across an article headed "Miscellaneous Cure." I read it, and the longer I read the more interested I became, because I saw the case of the person referred to resembled my own in many respects. When I finished the article I saw that the cure had been effected by Dr. Williams' Pink Pills. It seemed as though there was a struggle within me between the facts I had read and my own incredulity, so small was the faith I had in medicines advertised in the papers. I read the article and re-read it several times. I seemed to hear the doctor's words, "I cannot live a year," and then I saw the effects of Dr. Williams' Pink Pills in the case I had just read about. The result of these reflections was that I decided to give Pink Pills a trial, and I immediately wrote the Dr. Williams' Medicine Co. for a supply. On their arrival I commenced using them according to directions, and before the first box was gone I found they were helping me, and it was not long before I was able to walk to the village, a distance of half a mile, without the aid of a cane, and I was rapidly gaining health and strength. At the time I was taken sick I weighed 212 pounds, and at the time I began the use of the Pink Pills I was reduced to 102 pounds, a loss of 110 pounds in a little more than a month. I took the pills for about three months and in that time I gained 40 pounds. To-day I am as well as I ever was in my life, and my recovery is due entirely to the use of Dr. Williams' Pink Pills and I cannot recommend them too highly to those who do not enjoy the blessing of perfect health.

Yours gratefully, L. JOS. BEAUDIN. An analysis shows that Dr. Williams' Pink Pills contain in a condensed form all the elements necessary to give new life and richness to the blood, and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after effects of a grippé, palpitation of the heart, nervous prostration, all diseases depending upon vitiated humors in the blood, such as scrofula, chronic erysipelas, etc. There are also a specific for troubles peculiar to females, such as suppressions, irregularities, and all forms of weakness. They build up the blood, and restore the glow of health to pale and sallow cheeks. In men they effect a radical cure in all cases arising from mental worry, overwork, or excess of whatever nature. Dr. Williams' Pink Pills are manufactured by the Dr. Williams' Medicine Company, Brockville, Ont., and Schenectady, N. Y., and are sold in boxes (never in loose form by the dozen or hundred) and the public are cautioned against numerous imitations sold in this shape) at 50 cents a box, or six boxes for \$2.50, and may be had of all druggists or direct by mail from Dr. Williams' Medicine Company, from either address.

Totally Eclipsed. A Case More Wonderful than Dr. Rose's—A Lady Dying of Bright's Disease is Cured by Dodd's Kidney Pills. TORONTO, Feb. 19.—Nell McKechnie, a popular barber of this city, has been a sufferer from chronic constipation for years. He used Dodd's Kidney Pills and not only obtained immediate relief, but a permanent cure. His wife and mother-in-law were similarly afflicted, and used these pills with the same good results. Ordinary cathartics give only temporary relief and leave the patient worse than before using them. When Dodd's Kidney Pills are not cathartics, their peculiar action on the liver and kidneys is such that the causes of constipation are permanently removed. These pills are manufactured by Dr. L. A. Smith & Co., Toronto, and are sold by all dealers, or will be mailed on receipt of price; fifty cents per box, or six boxes for \$2.50.

Next meeting in Temperance Hall Thursday, March 1st, at 5:30 p. m. The meetings are always open to any who wish to become members. Gospel Temperance meetings, conducted by members of the W. C. T. U., are held every Sunday afternoon at 4:15 o'clock, in the vestry of the Methodist church. All are welcome. An Outside Opinion. The value of the report of the Royal Commission of Inquiry, which has for some time been engaged in an investigation of the liquor traffic, is likely to be largely discounted in advance by the obvious partisan bias which has been shown from time to time against prohibition by a majority of the Commissioners. At a late session of the Commission, held in Toronto, Mr F. S. Spence, a well-known representative temperance man, was subjected most offensively to the "rag law," and denied the opportunity to read even one paragraph from the last report of the Commissioner of Mounted Police in support of his statement that temperance had increased in consequence of the adoption of license in the Northwest. Mr Spence managed to get in much valuable testimony, in spite of the rude treatment to which he was subjected, and the exclusion of much more which he was not allowed to present. Dr McLeod, the minority Commissioner, protested vigorously against the tyranny of his associates, whose disgraceful conduct was rendered the more striking by the large latitude they have given throughout to the liquor fraternity and the opponents of prohibition. Despite all this there will be much of value which may be gleaned from the report, however biased and one-sided may be its recommendations.

It don't pay to hang one citizen because another citizen sells him liquor. It don't pay to have one citizen in the county jail because another citizen sells him liquor. It don't pay to have fifty workmen ragged, to have one saloon-keeper dressed in broad-cloth and flush with money. It don't pay to have ten smart active intelligent boys transformed into thievers to enable one man to lead an easy life by selling them liquor. It don't pay to have fifty working men and their families live on bone soup and half rations, in order that one saloon-keeper may flourish on roast turkey and champagne. It don't pay to have one thousand homes blasted, ruined, defiled and burned into hell of discord and misery, in order that one ruffian may make a large fortune. The police of Chicago have been ordered to close all the gambling dens and have started out to obey the order. The chief of police says it is May's Hopkins' policy, and will be enforced.

And so, Peter, you spell women with an s? I said the teacher, correcting an exercise. Bless, sir, was the reply, my papa told mamma only yesterday that women are singular beings. Mothers will find the PAIN-KILLER invaluable in the nursery, and it should always be kept near at hand in case of accident. For pain in the breast take a little Pain-Killer in sweetened milk and water, bathing the breast in it clear at the same time. If the milk passages are clogged, from cold, or other causes, bathing in the Pain-Killer will give immediate relief. Ask for the New bottle. Clergyman (stately comes to the parish)—Your neighbor, Smith, says my sermons are rubbish. Farmer—Ah, you needn't mind him sir, he's merely a mousetrigger for other folk. As a cure for cold in the head and catarrh Nasal Balm is endorsed by prominent men everywhere. D. Derbyshire, President of the Ontario Creamery Association, says: "Nasal Balm beats the world for catarrh and cold in the head. In my own case it effected relief from the first application." Sold by dealers on the same terms. If the milk passages are clogged, from cold, or other causes, bathing in the Pain-Killer will give immediate relief. Ask for the New bottle. Those who suppose that the people of all Clans use the same language are badly mistaken. There are as many different dialects spoken in the Flowery Kingdom as there are in all Europe. Amherst, N. S., May 27, 1893. The Groder Dyspepsia Cure Co. GENTLEMEN—I am 71 years of age. Have been afflicted with sick headache most all my life, which developed into Dyspepsia of a mild type about twenty years ago, and has continued to grow worse until during the past seven or eight years I have not been able to take a drink of cold water or milk, as they would produce severe pains and sometimes vomiting. I have been subject to severe pains in the chest, with dizziness, which have been more frequent during the past three or four years. My mouth was furrowed up in the mornings, accompanied with bad breath. My case was yearly growing worse. During this long period I have tried many popular medicines, as well as prescriptions from the regular medical practitioners, but without producing any improvement. In the fall of '92 I concluded to try a bottle or two of your medicine and such were its effects that I continued it until now I can drink cold water or milk without any inconvenience. These daily pains are all gone and my mouth is as sweet as a baby's. I am 71 years of age and have cured me and I am sure that all Dyspepsia can be cured by its use. (Signed) W. H. ROGERS. Late Inspector of Fisheries for Nova Scotia.
