Physicing Horses.

Many persons physic their horses frequently—especially every spring. This is a great error, and one which has caused the loss of many valuable horses, as physic as it is usually given, often produces inflammation of the bowels, which generally proves fatal; it also weakens the horse and thus renders him more liable to disease, or less able to throw it off—what is required is a medicine which will operate gently upon the bowels, and act upon the liver and lungs, removing obstructions therefrom, purifying the blood and enabling all the organs to do their work without overtasking any, which is accomplished by the use of "Darley's Condition Powders and Arabian Heave Remedy"—it is always safe and certain. Remember the name, and see that the signature of Hurd & Co. is on each package.—Northrop & Lyman, Toronto, Ont., proprietors for Canada. Sold by all Medicine Dealers.

If we could speak in tones of thunder we would use our voice to advise all people everywhere to get at once a bottle of *Johnson's Anodyne Liniment*. As a preventive of diphtheria, pneumonia, congestion, and all dangerous throat and lung diseases its value *is priceless*.

Certain parties have been for years flooding the country with *immense* packs of horse and cattle powders which are utterly worthless. Don't be deceived by them. Sheridan's powders are the only kind now known in this country which are strictly pure. They are very powerful.

FAIR PLAY.

After a good deal of backing and filling, the Board of Works has at last made out a plan and specification for the repairs of the bridge across the Northwest branch of the Miramichi River, and advertised for tenders for the performance of the same in accordance with said plan—it being the second or amended plan. Dame rumor has it circulated that a Mr. Brown, of Nova Scotia, brother-in-law to Hon. A. E. Killam, has been in this place negociating for buildings and place to lay down material and to work the same on, and he has also been with some of our mill men to see what they would cut the lumber for. Now it is the opinion of some of our people that he must feel pretty sure of the contract because his brother-in-law, A. E. Killam, is in the Government. But it is to be hoped that our representatives will give their attention to the matter, and see that we, the people of this County, get fair play, for it is a fact that we have as good men and mechanics, and can build a bridge just as well as men from any other place; and as this County will have to pay every dollar the work will cost, it would only be fair that some one in the County will get the work to do. Then we may expect to have the money expended among ourselves, and I think our County requires a little circulation of money as badly as any other place. I understand this Mr. Brown has stated that there are lots of men in Nova Scotia in a state of starvation who would be glad to get employment. So I think that if he should get the job we would have a very poor chance to earn a dollar at it. Hoping that we shall get fair play in the matter, we shall await developments.

ALFRED BRIDGETOWN.

January 7th, 1379.

We have no doubt that the Government will do what is right in the matter. As the Mr. Brown referred to probably intends to put in a tender, he is "counting the cost" beforehand, as any reliable and practical man would do; and when he makes enquiries as to cost of cutting the lumber, &c., he is only doing what all others should do who mean to tender for the work. Our home contractors will have to figure closely, for if Mr. Brown sends in the lowest tender, and gives good security, we see no reason why he should not obtain the contract, even though he be a native of the Sandwich Islands.]—EDITOR.

Bathurst, Jan'y 4th, 1879.

To the Editors of the Union Advocate.

SIRS:—Your correspondent at this place does'nt appear to understand his business, as he writes glowing reports of the most trifling incidents, and is altogether silent concerning those of more importance. I notice, too, that those incidents, subjected to the magnifying process, invariably occur in the Village, while those ignored transpire in the town. For example, some few weeks ago he supplied your paper with a notice of "candy pullings," whist-parties, the number of widows in the Village and other nonsensical items which the liveliest stretch of imagination could not conceive to be *news*, and which could have no possible interest to anyone except to the half dozen or so persons more immediately concerned. About the same time a public meeting held in Bathurst Court House to consider the advisability of building a poor house was passed over in total silence.

Here is another instance of his partiality. The pupils of the Village School held an Exhibition on the evening of Dec. 20th which was pronounced by those most inclined to give it praise merely "pretty fair for children," while those less charitably disposed said that it was "flat as dishwater." But lo! in the next issue of the "Advocate" your correspondent lauded them to the skies. Yes, he fairly exhausted encomium and panegyric in his efforts to give them praise. The next night the Grammar School Pupils held an exhibition which the most exacting critics acknowledged to be the best entertainment given in Bathurst for many years, and creditable to both Teacher and Pupils. Your correspondent however, either blinded by prejudice, preyed upon by the green-eyed monster jealousy, or from some other unaccountable reason, does not condescend even to notice it, much to the disgust of all right thinking people in both Town and Village.

These things, Mr. Editor, lead me to the conclusion that your correspondent resides in the Village, is prejudiced against the Town, the Grammar School in particular, and has not at heart the true interests of the journal he represents. Hoping that in the interests of truth and fair play, you will give these hastily written remarks space in your valuable paper.

I remain,

A PUPIL OF THE GRAMMAR SCHOOL.

[We fear that our correspondent, in the endeavor to put the Grammar School entertainment right before the public, has gone out of his way to speak disparagingly of the entertainment given by the pupils of the Village School. There was no necessity for this and we have yet to learn that his uncomplimentary remarks are warranted by the facts of the case.]—EDITOR.

THE VIOLIN AT THE DUTCHER MEETINGS.

Editors Advocate.

SIRS:—I was greatly amused on reading the Rev. Mr. Munroe's strictures on the violin at the Dutcher Reform meeting the other evening. What objection can there be to an accompaniment with the Violin or Flute or Cornet. If the Cornet be used in church as it is in Dr. Talmage's with the Organ, why not employ the Violin on a week day? I think our brother oversteps his province when he denounces the "prince of instruments," because it is sometimes associated with dancing. So is the piano. The great and good Dr. Guthrie patronized concerts for the working classes and enjoyed the music whether proceeding from Rife or Flute, Harp or Violin. "He that hath not music in his soul is fit for treason, stratagems, and spoils," saith Shakespeare, and we know the refining, soothing, attractive and elevating influence of music too long and too well to imagine for a moment that any harm can result.

Oh! for another Paganini.

ROBINSON'S PHOSPHORIZED EMULSION OF COD LIVER OIL with Lacto-phosphate of Lime, is prepared with the finest *Cod Liver Oil*—one of the most esteemed remedies in the catalogue of the "Materia Medica"—*Lacto-phosphate of Lime*, which enters so largely into the formation of bone material and other important tissues of the body,—*Phosphorus*, the great brain and nerve tonic & invigorator in a form most desirable to obtain in fullest effects, together with other *Valuable remedial agents*. These are all intimately combined in one demulcent fluid of homogeneous appearance and delicate flavor, possessing remarkable power in arresting the decay and supplying the waste constantly going on in those abnormal conditions of the system, affected by such diseases as pervert and impair nutrition, vitiate the blood and sap the vital forces. It is highly recommended for Consumption, Chronic Bronchitis, Coughs, Scrofula, Scrofulous and Syphilitic Ulcers, Tumors, Diseases of the Bones, Joints, and Spine, General Debility, Emaciation, and all Impurities of the blood. *It is particularly adapted to delicate Females* in those low states of the system, that manifest themselves in so many of the ailments peculiar to their sex. To *the aged and infirm* its nourishing and invigorating properties will give renewed strength and buoyancy of spirit; while *to very young children* its continued use will be found of incalculable benefit, as its tonic and nutritive properties supply the blood with strength-giving materials for bone and muscle structure, and thus furnish the foundation for strong and healthy constitutions. It is very pleasant to the taste. Price $1 per bottle; six bottles for $5. For sale in Newcastle by E. Lee Street.

Prepared by J. H. Robinson, Pharmaceutical chemist, St. John, N. B.

ELECTRICITY! THOMAS' ECLECTRIC OIL!—WORTH TEN TIMES ITS WEIGHT IN GOLD.—Pain cannot stay where it is used. It is the cheapest medicine ever made. One dose cures common sore throat. One bottle has cured bronchitis. Fifty cents' worth has cured an old standing cough. It positively cures catarrah, asthma and croup. Fifty cents' worth has cured crick in the back, and the same quantity lame back of eight years' standing. The following are extracts from a few of the many letters that have been received from different parts of Canada, which we think should be sufficient to satisfy the most sceptical: J. Collard, of Sparta, Ont., writes, "Send me 6 dozen Dr. Thomas' Eclectric Oil, have sold all I had from you, and want more now; its cures are truly wonderful." Wm. M'Guire, of Franklin, writes, "I have sold all the agent left, it acts like a charm—it was slow at first, but takes splendidly now." H. Cole, of Iona, writes, "Please forward 6 dozen Thomas' Eclectric Oil, I am nearly out, nothing equals it. It is highly recommended by those who have used it." J. Bedford, Thamesville, writes, "Send at once a further supply of Eclectric Oil, I have only one bottle left. I never saw anything sell so well and gives such general satisfaction." J. Thompson, Woodford, writes, "Send me some more Eclectric Oil. I have sold entirely out. Nothing takes like it." Miller & Reid, Ulverton, P. Q., writes, "The Eclectric Oil is getting a great reputation here, and is daily called for. Send us a further supply without delay."

BEWARE OF IMITATIONS.—Ask for Dr. Thomas' Eclectric Oil. See that the signature of *S. N. Thomas* is on the wrapper, and the names of Northrop & Lyman are blown in the bottle, and *Take no other*. Sold by all medicine dealers. Price 25 cts.

NORTHRUP AND LYMAN'S QUININE WINE.—The well known and highly prized virtues of Quinine as an Appetizer and invigorator of the system, are exhibited in the above preparation in its most potent form. This famous Tonic is composed of Howard's Quinine judiciously combined with several Aromatic Sound Sherry Wine. By its use the low spirited Dyspeptic soon regains his health and vigor, and the pale, sickly convalescent the aspect and the reality of restored health.

Be sure and ask for Northrup and Lyman's Quinine Wine, and take no other. Price $1.00 per bottle. Sold by all Medicine Dealers. Dec. 25-2m.

33rd Year-The Witness-33rd Year.

ONE of the most important features of the WITNESS during the year 1879, will be its course of free lectures on agriculture, by W. F. Clarke, of Lindenbank, Guelph, late editor of the *Canada Farmer*. Those lectures already delivered by Mr. Clarke have been met with the greatest approval everywhere. The lectures will be reported in the WITNESS, whose value as an agriculture paper has, within the past few months, been greatly enhanced.

The WITNESS is devoted to temperance, being the principal organ of that cause in Canada, and to all other sanitary and moral reforms, as well as to the furtherance of Evangelical religion.

Another special feature of the WITNESS during 1879, will be the attention paid to its engravings, which already are numerous and important. Portraits of the prominent men throughout the world will be given, and the paper will contain numerous illustrated articles of much interest and value, as well as selections from the humorous art of the day.

The fullest attention will be paid to news, so that the WITNESS may retain its present reputation as a newspaper.

The household and general literary departments of the WITNESS have always been a prominent feature of the paper, and they will be continued on the same plan as heretofore, giving to the ladies much valuable information about everything necessary to make the household bright, pleasant, and prosperous.

The price of the different editions of the WITNESS is as follows, per year post paid:—
DAILY WITNESS, $3.00, circulation, 14,800.
WEEKLY WITNESS, $1.40, circulation, 28,000.

In addition to these, the publishers of the WITNESS issue the NORTHERN MESSENGER, a semi-monthly illustrated family journal, which is regarded with great favor all over North America, as its circulation of over 50,000, testifies. In homes remote from postal accommodation, it supplies the whole family reading, while in cities, towns, and villages everywhere, it is the favorite of the young people, who find in it an endless source of enlightenment and enjoyment. Its price is but 30 cents a year, including postage. To Sunday-schools and clubs it is sent at the following rates:—

10 copies to one address $ 2.50 per an.
25 copies to one address 6.00 "
50 copies to one address 11.50 "
100 copies to one address 22.00 "

All persons desiring to interest themselves in obtaining subscriptions for the WITNESS, will receive sample copies and terms on application.

NO AGENTS! NO COMMISSION!

THE system of employing Agents or Canvassers at a high commission has been strictly abandoned by us, it having proved very unsatisfactory both to ourselves and customers. In future we will sell our

Pianofortes and Organs
At Net Wholesale Prices,

direct to purchasers. In this way buyers of Pianos and Organs will save from twenty to forty per cent. by dealing directly with us, and, moreover, far better satisfaction can be guaranteed.

We claim to sell the best Instruments to be had, and at the lowest prices consistent with first class articles.

The cash system enables us to sell at a very small advance on cost of manufacture although to honest and reliable parties we do not object to allow a reasonable time for payments.

Parties ordering by mail can rely upon getting as fine an instrument as if personally selected by themselves. Any Organ or Piano not found exactly as represented can be returned at our expense. We refer with pleasure to over Fifteen Hundred Pianos and Organs sold by us the last ten years.

Thankful for the very liberal patronage accorded us hitherto, we can only say that we will continue our endeavors to thoroughly satisfy our customers in all their dealings with us.

FURNITURE WAREROOMS.

60 CHARLOTTE STREET, ST. JOHN.

WE are now displaying, in our Spacious Warerooms, a stock of goods which, by the richness of their style, construction and finish, and the grandeur of their appearance, completely throw into the shade any stock of goods to be found in the Dominion, and is only rivalled by few houses in the United States.

In introducing such a superior class of goods into this market our object has been to make it no longer necessary for our people to go from this city for even the finest class of goods. Our Spring Stock, as now completed, comprises—

DRAWING ROOM SUITES,
Richly upholstered in Raw Silk, Tapestry, Cotoline, Rep and Satine.
WALNUT BEDROOM SUITES,
With French Dressers and Dressing Cases. Eastlake and Queen Anne style. Prices from $100 to $500. Walnut Sideboards, Bookcases, Wardrobes, Dining Tables and Chairs, Centre and Library Tables, Bed Lounges, Sofas, Couches, etc., etc.
A full line of cheaper grades.

Knowles' & Blake's STEAM PUMPS

Arranged for either Hot or Cold Water.
For Boiler Feeding, Steam Mills, Steam Boats, Factories, &c.

Independent Direct Acting Steam Pumps have a special advantage in Boiler Feeding, inasmuch as speed can be adjusted automatically, or otherwise, to run continuously and maintain water at uniform height.

☞ These Pumps can safely be run at speed which makes them an efficient Fire Pump.
