Though we get only tea from the best tea lands in the world, most of that isn't good enough. We reject more than we use of even the best tea that is grown (on our own gardens).

What we use is perfect in every particular; it must be, or it can't be sold as "MONSOON."

FOURTH OF JULY

ACCIDENT LIST.

Independence Day Casualties and Crimes.

SOME UNLISTED EVENTS.

Fireworks Chase a Michigan Crowd to Cover.

ONE MURDER AT PITTSBURG.

Ground to Death by the Cars—Fall Into a 60 Foot Well and was Drowned—

Roller Crushes Eight People—

Woman's Scalp Torn Off.

Pittsburg, Pa., July 5.—Among the Fourth of July casualties are these: Donaluck Buffum shot and killed Wm. Barry because the latter interfered when the Italian was beating a small boy.

Rafael Greco, while swimming in the Monongahela River, was seized with cramps. His companion, Carmilo Androne, went to his assistance, and both were drowned.

Seventeen-year-old Charlie Miller, of Mount Washington, fell into a sixty-foot well and was brought out dead.

A car on the big switch-back roller coaster in Schenley Park jumped the track, and eight people were badly hurt. The only one of them considered dangerously injured, however, is Mrs. Margaret Jackson, of Hazelwood, who had her scalp torn off and was otherwise bruised. The wounds of the others consisted of broken arms and severe bruises.

CHASED BY FIREWORKS.

Ypsilanti, Mich., July 5.—There was an almost tragic end to the Fourth of July celebration here. About 12,000 had assembled to witness the fireworks last night, and when a stray spark ignited almost half of them and rockets commenced to pour into the crowds, there was a frenzied rush for safety.

In the crush that ensued a great many were bruised and trampled on, but fortunately no one was killed.

William J. Howell, of Salem, was dangerously injured about the head and the infant son of David Hosmer may die.

THE AMBER SHOT AT.

His Brother Also Fought to Get Him Out of the Way.

London, July 5.—The St. Petersburg correspondent of the Globe says that a letter has been received there from Kabul, a city of Afghanistan, that an Afghan recently discharged a rifle pointblank at the Amber, but missed him, the bullet lodging in the shoulder of a general standing near by.

The adviser also says that the Amber's brother, Ishak Khan, attempted to bribe a cook to poison the Amber, and that when the plot was discovered the Amber fled to Russia, and the cook was hanged.

TROOPS FOR SOUTH AFRICA.

Ready to Send 40,000 to 50,000 Men at a Moment's Notice.

London, July 5.—The Pall Mall Gazette this afternoon says the Secretary of War, the Marquis of Lansdowne, in conjunction with the military chiefs, has completed arrangements to despatch 40,000 to 50,000 troops of all arms to South Africa in the event of matters taking a turn for the worst.

It is added that all the necessary arrangements have been made for prompt action.

LAST MINUTE TICKS.

Mrs. Mary A. Livermore's husband, Rev. D. P. Livermore, is dead, aged 81.

Great floods prevail in the vicinity of Humboldt, Kansas.

Rev. Wm. McIntosh, of the Congregational Church, Ottawa, is seriously ill. He is suffering from an attack of appendicitis.

The great floods in Texas extend over 50 by 50 miles, and in some parts the water is 17 feet deep. Many millions of dollars have been lost and it is feared some lives also.

The freedom of Tain, Calthness, was restored to the city this morning. The town was in a state of anarchy and decorated with flags and bunting, the Union Jack and Stars and Stripes.

Sir Alexander Armstrong, K. C. B., formerly Director General of the medical department of the British navy, is dead. He served five continuous years in the Arctic regions, searching for Sir John Franklin, and discovering the Northwest passage.

Killed by a Cyclone.

Glen Falls, N. Y., July 5.—A cyclone struck this section of the State yesterday afternoon. Large trees were uprooted, and other damage was done. James Nesbitt, a farmer, living east of Lake George, who was driving, was blown, with his horse and buggy, from the road over a fence and into a field. He was injured so severely that he died. The track of the storm was about half a mile wide.

Here's a Problem.

A peculiar question of ethics has arisen between a dry goods store proprietor of Racine, Wis., and one of his clerks, named Vladislav Alsmann. Alsmann took in a dollar of Alsmann in payment for some goods, and got \$10.00 for the "Fire coin" from Chicago dealer. Now the proprietor claims that the coin should have gone into his till.

Prof. Banney, of London, declares that the "Fire coin" is for the benefit of humanity to explain the causes and significance of volcanic action.

CASTELLANE TO MONACO.

Miss Gould's Husband to the Sovereign of Dalmians.

Paris, July 5.—Comte Boni de Castellane, who married Miss Anna Gould, has addressed a communication to the Prince of Monaco, sharply criticizing the prince for his recent letter to Mme. Dreyfus, inviting her and her husband to sojourn at his chateau, after the prisoner's acquittal, of which the prince expressed himself as confident.

The count, who charges the prince with "interfering in an affair in which you are in no way concerned," says: "If, as a foreign sovereign, you thought you could influence French officers in the grave verdict they are about to pronounce, I beg you to note that we do not stand on an equal footing, as none of us would condescend to do so to account a prince who is under sentence. You are, perhaps, a relative of Dreyfus by marriage, but in that case it is premature to triumph. If, on the other hand, it is as a protector of gambling houses that you intervene, permit me to tell you that Dreyfus himself would dispense with your services."

TWO TONS OF GOLD

Received in Dawson City in One Day.

PROSPECTORS IN HARD LUCK.

San Francisco, July 5.—A special from Seattle says: "Gold dust was pouring into Dawson when the Humboldt arrived last night. The mine-owners of the morning of June 20th a pack train of 20 horses, each animal carrying 200 pounds of gold dust, arrived from Elko Creek. There were two tons of it, worth \$1,000,000. It is said that eleven of the horses were weighed down with dust on one claim."

Another Dawson party arrived today on the Dirigo. Goep Prutao and Henry Berry had jointly 700 pounds of gold dust, worth \$350,000. The City of Topeka is close behind Dirigo with considerable treasure.

Nicholas, Emperor of Russia, and Orson W. Jackson sought to reach the Copper River section from Dawson and came near starving to death. Their Indian guides deserted, and the men were lost for ten days. Miners have reached Dawson from Porcupine River without gold. Some of the men are reported to have been as far north as Herschel Island in the Arctic Ocean, but did not find anything.

A town site has been located about 20 miles above Fort Selkirk. A copper ledge, outcroppings of which have been traced a distance of 16 miles, was located at W. Williams Point by a San Francisco syndicate.

CANTANKEROUS SENATORS.

Would Like Excuse for Obstructing Railway Agreement.

Ottawa, July 5.—(Special).—The House of Commons today (Monday) was up before the Banking
