BOER GENERALS AMONG THE DEAD.

Kock, Viljoen, and Kock's Son Killed—Col. Schiel, Commanding Artillery Wounded and a Prisoner—Boer Loss 300 Killed and Wounded, Many Prisoners—Beaten at Their Own Game—British Losses in Officers Show That Boers Make Targets of Them—Is the War Near an End?—The World Watches Britain's Great Preparations—The Captured German Mercenary a Loss to the Boers.

London, Oct. 23.—A special despatch from Cape Town, dated Sunday, says that the Boers have received news from Pretoria report President Kruger as now being in favor of an unconditional surrender. It is added that it is said there the Executive Council will meet on Monday or Tuesday to discuss the advisability of such a step. The report, it is stated here, must be accepted with reserve.

HAD ONLY ONE DOCTOR.—(Delayed in transmission).—12:30 p.m. The attack made by the Boer forces under Gen. Lucas Meyers on the British position Saturday enabled the British forces to score another signal success. The Boer column was driven pell mell over the Pains, losing over three hundred killed and wounded. In addition, the British captured several hundred horses and made many prisoners, who are being well cared for. The Boer hospital has been taken under the wing of the British hospital corps, as the Boers only had a single doctor with a primitive staff.

It has been raining all night long and the weather is heavy and misty; it is hardly expected that the Boers will make another attack to-day.

THE LOSSES.

The Official List of Killed and Wounded on Both Sides.

London, Oct. 23.—An official despatch from Ladysmith, the British headquarters in Natal, dated 10 p.m. yesterday, gives the following list of casualties among the prominent Boers: Gen. Viljoen, killed; Gen. Kock, wounded and captured, since dead; Gen. Kock's son, killed; Colonel Schiel, German officer commanding the artillery, wounded and captured; Commander Pretorius, wounded, prisoner; several Boer standards captured.

BRITISH LOSSES.

The following is an official list of British casualties at the battle of Elands Laagte:

Imperial Light Horse—Killed—Col. Scott-Holmes.

Wounded—Major Sampson, Capt. Orr, Capt. Mullens, Lieut. Curry, Lieut. Schiele, Lieut. Barnes, Lieut. Forbes, Lieut. Campbell, Lieut. Norman.

Second Battalion of Field Artillery—Wounded—Capt. Campbell, Lieut. Manley, Staff-Capt. Brooke, Seventh Hussars.

First Devonshire Regiment—Wounded—Capt. Lafont, Lieut. Gunning, Lieut. Hayley, Lieut. Green.

First Manchester Regiment—Wounded—Col. Curran, Capt. McVie, Capt. Newbigging, Capt. Patton, Lieut. Banks.

The following casualties occurred among the rank and file:

Fifth Lancers—Three troopers wounded.

Imperial Light Horse—Two sergeants and four troopers killed, and thirty-five non-commissioned officers and men wounded.

Twenty-first Field Battery—Three gunners wounded.

Forty-second Field Battery—Two gunners and six drivers wounded.

First Devonshire Regiment—Twenty-nine non-commissioned officers and men wounded.

First Manchester Regiment—Eleven non-commissioned officers and men killed and twenty-six wounded.

THEIR OWN GAME.

London, Oct. 23.—The British victories in Natal following each other in quick succession, though accompanied by heavy losses on the side of the victors, bear striking testimony to the valor of the vanquished Boers. They have been beaten in detail by counter strokes carefully considered and most brilliantly carried out in the face of the most courageous opposition, which has done much to increase British respect for the burghers, whose splendid valor and determination, it is universally admitted, reached the highest level.

BRITAIN'S GREAT ARMY.

Is There Bigger Game Than Boers to be Stalked?

New York, Oct. 23.—The invasion of Natal has been already repelled, the London correspondent of the Tribune says, and the field force now in South Africa seems competent to bring the war to an end without waiting a moment for the projected voyage of the great army corps from England.

Everybody is asking why this immense body of reinforcements is going out when everything is so quiet. The reply from Natal proves that a more moderate force would suffice. That is a mystery as dense as London's black fog. There is a glimmer of light from Paris, where it is rumored that the Russian troops will not occupy Herat prematurely, the Amers' consent last night that these vast preparations were not meant as a grand parade, but were a wise precaution.

TO STATE PRISON.

Frank O'Brien Sentenced at Rochester This Morning for Bigamy.

Rochester, N. Y., Oct. 23.—Harry F. St. Clair, who was arrested on a charge of petit larceny on July 6th, but afterward arraigned on a charge of bigamy, was this morning sentenced to five consecutive years in Auburn prison. St. Clair took his sentence only and corrected the Assistant District Attorney as to the number of his wives, claiming he had married three instead of five. He admitted that his real name is O'Brien, plain Frank O'Brien, and his residence Hamilton, Ont., where he says his parents are still living. He gave his age as twenty-two years, but looked much younger.

O'Brien's parents reside on the west side of Hamilton. His first wife was Matilda Lovejoy, also of this city.

MEXICANS AND COWBOYS.

Bloody Fight at a Baseball Excursion.

AN INTERNATIONAL DISPUTE.

Bisbee, Arizona, Oct. 23.—As a baseball excursion from Bisbee was about to leave Naco, Mexico, yesterday a fight started between Mexican guards and armed States cowboys, and as a result four guards were killed and one seriously wounded. An American named Ryan was instantly killed, and a Bisbee miner was shot through the leg.

The fight resulted from a row on the Mexican side of the line between Americans and cowboys, who attempted to arrest the Americans, who retreated towards the line. Just before they reached the line the guards opened fire, which was promptly returned. A lively battle occurred, lasting fifteen minutes. Over fifty shots were exchanged. Cowboys from this side rushed to the aid of their friends and opened fire across the line.

Dan Burgess, a bystander, was shot in the leg, and Ryan, a freighter, was killed. Ryan was a miner, who was with Ryan, is missing. One cowboy, Joe Rhodes, was arrested and jailed on the Mexican side of the line.

The excitement is intense, and a posse is forming to rescue him.

Endurance No Longer a Virtue.

A janitor in a neighboring school threw up his job the other day. When asked what was the trouble he answered:

"I'm honest and I won't stand being slurred. If I find a pencil or handkerchief together that school when I'm working I hand it in. It's the worst while the teachers or someone that is so cowardly to face me gives me a slap."

"In what way?" asked an officer.

"Why, a little while ago I saw a writer on the board. 'Find the common multiplier.' Well, I looked for a cell to get at it and I wouldn't know the thing if I met it on the street. What made me only my job? Last night in the Mexican side of the line I found the greatest common multiplier." Well, I say to myself, both of 'em are damned things are just now, and I'll be damned for swiping 'em, so I'll out."—Steeben Republican.

Paved With Glass.

A glass pavement has been laid on the Rue de la Republique, Lyons. The glass pavements are laid in the form of blocks eight inches square, each block containing 16 parts in the form of checkers. They are so closely fitted together that water cannot pass between them, and the whole pavement looks like one gigantic draught-board. As a pavement it is said to have greater resistance than stone, it is a poor conductor of cold and ice will not form on it.

Hereditary Longevity.

An English scientist has formulated the relationship between longevity and adrenergic by saying: "The full term of life in a mammalian species is equal to ten and a half times the period of maturity, divided by the cube root of the period of maturity." In connection with which he writes: "The minister Gazette calls attention to the fact that it has been shown that longevity is inherited in the male line, long-lived fathers having long-lived sons."

To live a life which is a perpetual falsehood is to suffer unknown tortures.—Victor Hugo.

SEND-OFF TO LIEUT. MARSHALL.

Thirteenth Officers' Mess Present Him With a Bracelet Watch at a Complimentary Dinner—Col. Hughes to Go as a Major-Order Local News of the Campaign.

Lieut. W. R. Marshall, who goes to South Africa with the Canadian regiment as an officer, was given a send-off by the officers of the 21st Regiment at the drill hall on Saturday evening. There was a full turnout of the mess, and Lieut. Marshall received the hearty congratulations of his fellow officers. Lieut.-Col. McLaren, commanding officer of the regiment, occupied the chair, with Lieut. Marshall at his right hand and Sergeant-Major A. B. Osborne, of No. 4 Hamilton Field Battery, who also goes to South Africa as an officer, on his left. Major Mason, President of the mess, was in the vice-chair, and among those present were Honorary Col. Hon. J. M. Gibson, Ontario's new Attorney-General, and Col. Moore, also Major J. S. Hendrie, of the Field Battery, and Capt. Wm. Hendrie, of the 48th Highlanders, Toronto.

The dinner in honor of Lieut. Marshall was followed by patriotic and congratulatory speeches. There was a very short toast list. It contained two toasts, "Our Queen" and "Our Guests."

Col. McLaren, Hon. Col. Gibson and Col. Moore spoke, all eulogizing Lieut. Marshall as a soldier and officer, and expressing confidence in his ability to distinguish himself in the coming campaign.

On behalf of the mess, President Mason then presented Lieut. Marshall with a bracelet watch, making a few remarks in doing so, and the recipient responding briefly.

Lieut. Marshall expects to go to Toronto to-morrow to join the Canadian regiment, which starts from there.

Private W. C. Warren, of C Company, Canadian contingent, was given a hearty farewell by the students of the Hamilton Business College this morning.

THE MAYOR TAKES ACTION.

Grants From the City to Hamilton's Soldier Representatives.

The Finance Committee of the City Council met at 2 o'clock this afternoon to consider the advisability of making grants to the city's representatives to South Africa. Mayor Stewart presided, and the Chairman, as follows, on the subject:

Ald. Ten Eyck, Chairman Finance Committee, said:

Dear Mr. Chairman.—Referring to our conversation as to the city granting a sum to our officers and men to enable them to purchase necessities in the South African war, and who may be accepted and go, I beg to suggest that, as they leave to-morrow, you should call a meeting of the Finance Committee early to-day to consider the matter. I think the occasion is one that the citizens will outburst of lighted to endorse, a grant being made by the city. Never before in the history of the empire has there been in every colony such positive and outspoken evidence of loyalty to our Queen and to the idea of a grand United Britain. Let the city of Hamilton do something to publicly acknowledge their loyalty and to show their appreciation of the self-sacrificing heroism of our soldiers. My idea is that your committee should recommend a grant of \$100 each to our two officers and \$50 to each of the men who go. I regret my enforced absence to-day as I would like to tell you of my own feelings, and from conversations with prominent citizens, a recommendation on above lines will be heartily endorsed. The City Treasurer, upon your committee's favorable report and this letter, will, under the circumstances, be justified in paying over the money to-day.

Colonel McLaren will call upon the Treasurer and give him the names of those who are going. Yours truly,

J. V. Toetzel.

Chairman Ten Eyck and Ald. Hurd, Dwyer and Burkholder were present at the meeting and Secretary Kent read a letter from Ald. McAndrew, approving of the action proposed in the Mayor's letter.

Chairman Ten Eyck read the Mayor's letter and Lieut. Col. McLaren announced that two officers and four men would certainly go. There would be no more officers, but it was very probable that two more men would go, and possibly four more. He felt sure two officers and six men would go anyway. The Thirteenth would have had more, but that the cutting down had been very severe, only the best of men physically being taken.

On motion of Ald. Burkholder, seconded by Ald. Dwyer, it was unanimously resolved to grant \$100 to each officer and \$50 to each man, the money to be paid to Col. McLaren in gold, and by him paid to the men who actually go.

TEN FROM HAMILTON.

A number of physically first-class men of the Thirteenth are in Toronto to-day, being examined for the South African contingent. It is altogether probable that Hamilton will have, besides the two officers and four men already chosen, four more men, and possibly six more.

BOWSTEAD NOT GOING.

The names of the 13th men published to-day do not include that of T. Bowstead, announced on Saturday. This will leave Hamilton with four men, in addition to two officers. The men are Arthur Robert K. Caswell, W. H. Warwick and W. C. Warren.

(Special to Times)

Ottawa, Oct. 23.—Lieut. Col. Hughes, M. P., will be one of the majors in the Canadian contingent to South Africa, and Lieut. Col. Gordon, D. O. C. Montreal, will be the other. Although not officially given out it is understood this is correct.

The Allowances.

Ottawa, Oct. 23.—Non-commissioned officers and men who are married will be granted a separate allowance by the Canadian Government from the date of embarkation in Canada until the date of disembarkation on their return on the following scale:

Wife 15 cents per diem.

Each girl under the age of 16 years 5 cents per diem.

Each boy under the age of 14 years 5 cents per diem.

Liquor for Hospital Use.

(Special to the Times)

Ottawa, Oct. 23.—Hiram Walker & Sons, Walkerville, have written the Department of Militia and Defence a request for the Canadian contingent. A reply was sent to the firm accepting three cases for hospital use on board Sardinian, and declining anything further, as British stores will be available on landing.

Reading for the Soldiers.

Toronto, Oct. 23.—The publishing firm of George N. Morang & Co., of this city, who are Rudyard Kipling's representatives in Canada, and who have the copyrights of his works, are sending between 300 and 400 copies of the Canadian contingent edition of Kipling's works to the Canadian contingent that is going to South Africa.

Going Straight Through.

Ottawa, Ont., Oct. 23.—(Special)—The Canadian will go straight to Cape Town. The Minister of Militia has arranged with the Aliens for a generous bill-of-fare for the soldiers. There will be no lack of comfort or amusement on board. It has been arranged to send five nurses, but they have not yet been appointed.

A YOUTH SHOT.
